Since the Munro report 2011 a greater emphasis has been placed on the value of child centred practice in social work with children young people and families It has come to be recognised that social workers cannot make an assessment or intervene to safeguard children and promote positive outcomes without engaging with the children themselves This involves recognising the rights of the child getting to know who they are what they need how they feel about their situation and what they want for their future Split into two distinct sections this authoritative text focuses on the foundational knowledge required for child centred work unpacking the ethical and theoretical principles that form the basis of the approach and exploring current

debates around working with children and families Benefitting from the authors extensive experience in academia and practice settings each chapter Provides insightful practitioner testimonials and case study examples to help the reader apply what they have learned to everyday practice Highlights important research studies that give voice to children and young people providing the reader with background knowledge of the evidence base for child centred approaches Includes engaging questions and activities to enable the reader to reflect on what they have learned and make links to their own practice values and beliefs With a strong focus on developing the reader s practice skills particularly in engaging and communicating with children Child Centred Practice is an essential handbook for students and professionals involved in this complex yet rewarding area of social work practice

Solving Modern Family Dilemmas Patricia Pitta,2014-08-13

Context is the unifying principle that guides a therapist s formulation of the modern family s presenting dilemmas functioning relationships and attitudes We can no longer assume that a family is comprised of a mother father and children the composition and systems a family operates within can be fluid and ever changing requiring an equally elastic model The Assimilative Family Therapy Model is sensitive to the many unique contexts presented by the modern family and is shaped by the inclusion of necessary interventions to address the specific dilemmas of a client or family In Solving Modern Family Dilemmas readers will learn about many schools of thought and experience their integration to help heal clients through differentiation anxiety reduction and lowering emotional reactivity There is also no need for readers to abandon their theoretical framework theories concepts and interventions can be inserted into the model enabling readers to create their own model of family therapy End of chapter questions enable self examination and readers are treated to references for further exploring theories concepts and interventions Family therapists psychologists social workers and mental health counselors find this book essential in their work with all clients and professors use it in courses to teach different modes of integrating theories concepts and interventions

Connections with Vulnerable Children and Families Jan Horwath, 2025-04-21 Combining a range of activities and tools that have been developed and tested by practitioners this book supports practitioners who wish to take a person centred approach to establishing relationships with family members understanding their past and current lived experiences and the impact of this on outcomes for children and young people **Beyond the Nuclear Family** Eric Widmer, Riitta Jallinoja, 2008

The importance of significant family contexts that are not easily circumscribed with reference to a household or a limited set of family roles has been underlined throughout the last two decades by researchers A strong interest for family relationships beyond the nuclear family has emerged in the social sciences The various contributions to this book develop a configurational approach to families which emphasizes interdependencies existing among large numbers of family members and reconsiders some of the central issues of family life in this light fertility projects childcare and socialization monetary transfers across generations and support for the elderly relationships with grandparents uncles aunts and in laws gender inequalities divorce and other family disruptions and the importance of friends and acquaintances for families Beyond very real changes affecting the structures of family life since the sixties the book reveals that basic forms of togetherness still underlie much of what is going on in family configurations **Family and School Capital: Towards a Context Theory of Students' School**

Outcomes K. Marjoribanks, 2013-03-14 One of the persistent challenges confronting societies is how to reduce inequalities in the educational and occupational attainment of students from different socio economic ethnic and race group backgrounds This book represents a major advance in examining such educational problems From an analysis of international investigations of family and school influences a context theory of students school outcomes is developed This work brings together wonderful summaries of research and adds new insights from the author's own investigations One of its substantial attributes is that it integrates qualitative and quantitative research orientations and methodologies which is a major step forward in educational and social science research A set of family and school measures is included that might be used by researchers and students as they examine the context theory and by educators involved in school reform programs This book will have a great appeal not only for students and researchers in educational fields but also for scholars in many other social science disciplines *Consuming Families* Jo Lindsay, Jane Maree Maher, 2013-03-05 This book explores contemporary families as sites of consumption examining the changing contexts of family life where new forms of family are altering how family life is practised and produced and addressing key social issues childhood obesity alcohol and drug addiction social networking viral marketing that put pressure on families as the social economic and regulatory environments of consumption

change *Engaging Feminism* Jean F. O'Barr, Mary Wyer, 1992 During recent years the field of women's studies has emphasized the growth of new scholarship on women as scholars began to recover women's history women's literature and both qualitative and quantitative data about women's lives in disciplines as diverse as classics and psychology religion and medicine philosophy and sociology As a result argue O Barr and Wyer in this work the amount of new material in women's studies is nothing short of staggering Yet work that addresses itself to the question of delivering this information in the classroom is scarce We must begin again to examine our early pedagogical commitments this time in light of the expectations of 1990s women's studies students and their campus environment **Fathering and Child Outcomes** Eirini

Flouri, 2005-04-08 Over the last twenty years it has become recognized that fathers play a crucial role in child development and subsequent adult status and behaviour This book presents the state of the art on fathering and its determinants Based on original research into the effects that different styles of fathering can have on children it explores the long and short term outcomes of involved fathering on different domains of children's lives including academic achievement mental health socio economic status adolescent relationships and delinquency **Handbook on Animal-Assisted Therapy** Aubrey H

Fine, 2019-06-27 Handbook on Animal Assisted Therapy Foundations and Guidelines for Animal Assisted Interventions Fifth Edition highlights advances in the field with seven new chapters and revisions to over 75% of the material This book will help therapists discover the benefits of incorporating animal assisted therapy into their practice how to design and implement animal assisted interventions and the efficacy of animal assisted therapy with different disorders and patient populations Coverage includes the use of AAT with children families and the elderly in counseling and psychotherapy settings and for treating a variety of specific disorders Contains seven new chapters in addition to 75% new or revised material Includes guidelines and best practices for using animals as therapeutic companions Addresses specific types of patients and environmental situations Includes AAI working with cats dogs birds and horses Discusses why animals are used in therapy as well as how *Tools for Assessing Family Relationships* Marialuisa Gennari, Stephen Edward Finn, Alessandra

Santona, Giancarlo Tamanza, 2025-05-21 Recent evidence from clinical practice and research in the field of Clinical Family Psychology highlights the importance of finding reliable tools and methods for assessing couple and family relationships Expectations from both clinical services and academics are that professionals can collect reliable information on family relationships even if in daily clinical practice this information is underutilized These expectations could be fulfilled by the common use of validated measures tools and methods that guarantee reliable data about family relationships However practitioners infrequently use these kinds of measures tools and methods either because of a lack of knowledge or because the tools are not readily accessible Clear instructions on how to properly assess couple family relationships within daily clinical practice are needed especially since psychologists work in different clinical settings and treat different populations
