Family And Sexuality In French History:

Family and Sexuality in French History Robert Wheaton,1998 These essays collectively cover a stretch of French history from Medieval times to the twentieth century deploying a wide variety of analytical techniques in an effort to understand people s perceptions of their own lives as well as the institutional and cultural factors affecting their decisions Women and Gender in Early Modern Europe Merry E. Wiesner,2000-07-03 This is a major new textbook designed for students in all disciplines seeking an introduction to the very latest research on all aspects of women s lives in Europe from 1500 to 1750 and on the development of the notions of masculinity and femininity The coverage is geographically broad ranging from Spain to Scandinavia and from Russia to Ireland and the topics investigated include the female life cycle literacy women s economic role sexuality artistic creations female piety and witchcraft and the relationship between gender and power To aid students each chapter contains extensive notes on further reading but few footnotes and the approach throughout is designed to render the subject in as accessible and stimulating manner as possible Women and Gender in Early Modern Europe is suitable for usage on numerous courses in women s history early modern European history and comparative history The Voices of Nîmes Suzannah Lipscomb,2019 Most of the women who ever lived left no trace of their existence on the record of history In this book Suzannah Lipscomb recovers the lives and aspirations of ordinary sixteenth and seventeenth century French women using rich source material to show what they thought about their lives menfolk friendships faith and sex Bibliography of the History of Medicine ,1984 *Gender in Scottish History Since 1700* Lynn Abrams,2006-01-25 Scottish history is undergoing a renaissance Everyone agrees that an understanding of our nation s history is integral to our experience of its present and the shaping of the future But the story of Scotland s past is being told with little reference to gendered identities Not only are women largely missing from these grand narratives but men s experience has tended to be sublimated in intellectual political and economic agendas Neither femininities nor masculinities have been given much of a place in Scotland s past or in the process of nation making *Gender in Scottish History* offers a new perspective on Scotland s past since around 1700 viewing some of the main themes with a gendered perspective It starts from the assumption that gender is integral to our understanding of the ways in which societies in the past were organised and that national histories have a tendency to be gender blind Each chapter engages with one key theme from Scottish historiography asking what happens when women are added to the story and how the story changes when the meanings of gendered understandings and assumptions are probed Addressing politics culture religion science education work the family and identity *Gender in Scottish History* proposes an alternative reading of the Scottish past which is both inclusive and recognisable **Practice of Patriarchy** Julie Hardwick,2010-11-01 Explores how structures of authority and relations of power were mediated at a grassroots level in early modern society To this end Hardwick examines the households of the families of men who worked as notaries in Nantes between 1560 and 1660 Focusing on daily interactions she explores the

early modern practice of patriarchy which she contends received new impetus in that period Topics include making marriages managing households and public life in the city Paper edition unseen 19 95 Annotation copyrighted by Book News Inc Portland OR

Domestic Enemies Cissie Fairchilds, 2019-12-01 Originally published in 1983 This book cuts across the class boundaries of traditionally separate fields of social history It investigates the social origins of servants their incomes their marriage and family patterns their career patterns their possibilities for social mobility their political activities and their criminality But it also investigates the history of the family and domestic life in France in the sixteenth seventeenth and eighteenth centuries for servants were at least until the rise of the affectionate nuclear family in the middle of the eighteenth century considered part of the families of those they served Finally this book is also an essay on the history of social relationships in the ancien r gime not only those between masters and servants but also the broader relationships between the ruling elite and the lower classes The introduction gives basic facts about the composition of households during the Old Regime and explores the attitudes and assumptions that underlay the employment of servants It also shows how both these attitudes and the households themselves changed dramatically in the last decades before the French Revolution Part 1 is devoted to the servants themselves One chapter deals with their lives within their employers households their work their living conditions their socializing and leisure time activities A second examines their private lives their social origins marriage and family patterns their moneymaking and their criminality And a third explores their relationships with and attitudes toward their masters In part 2 the focus shifts to an examination of master servant relationships from the masters point of view The first chapter deals with master servant relationships in general by discussing the factors that determined how employers treated their domestics The second and third chapters explore two special relationships masters sexual relationships with their servants and their relationships with the servants who cared for them in childhood The epilogue traces the impact of the French Revolution on domestic service and sketches some of the changes in the household that were to come in the nineteenth century

Family and the Female Life Course George Alter, 1988 The tension between women s workplace opportunity and family obligation is not exclusively a phenomenon of the 1980s as George Alter makes abundantly clear in this study His close investigation of women s lives in a nineteenth century European industrial city advances our knowledge in several areas of social history historical demography and life course studies It is the first monograph to apply event history analysis to the study of family history In doing so it moves beyond the static categories of traditional household studies to a dynamic view of the influence of the family on the life course decisions of individuals In contrast to most previous historical studies of the family this work focuses on the dynamic aspects of life course transitions employment marriage household formation childbearing rather than the structure of households In doing so attention is shifted from the household as a decision making unit to the role of family obligations and resources in the decisions of individuals Thus the family is viewed from the inside out through its effects on individual actors Alter s work adds new

insights to our understanding of the impact of industrialization on family structure and functioning about women's work and labor force attachment and about the ways in which a life course perspective can help to resolve controversies in the approach to family and household dynamics His rich interpretations not only help to reconstruct the past but place some current social issues into historical perspective illegitimacy nuclear family patterns and women's dual family work roles among others *French Society* Sharon Kettering, 2014-08-21 This book provides a bird's eye view of social change in France during the long seventeenth century from 1589-1715 One of the most dynamic phases of French history it covers the reigns of the first three Bourbon kings Henri IV Louis XIII and Louis XIV The author explores the upheavals in French society during this period through an examination of the bonds which tied various classes and groupings together including rank honour and reputation family household and kinship faith and the Church and state and obedience to the King Acting as a social glue against instability and fragmentation in periods of great transformation some of these social solidarities are eroded whilst new ones emerge Sharon Kettering shows how nuclear family ties emerged at the expense of extended kinship ties while traditional rural ties were eroded by a combination of demographic crisis and agricultural stagnation Urban ties of neighbourhood sociability and work increased with rapid urbanisation By 1715 France had become a more peaceful and civilised place and this book discusses some of the reasons why **The Lithuanian Family in its European Context, 1800-1914**

Dalia Leinarte, 2017-06-08 This book investigates marriage and divorce in the nineteenth century European territories of the Russian Empire It uncovers the way a peasant community employed unsanctioned marital behaviour such as cohabitation and bigamy among others in order to respond to the external factors that had an impact on the family life including transmission of inheritance and household structure Lithuania was part of the Tsarist Empire until 1914 This case study reveals how under often restrictive laws and policies serfdom up to 1861 and the pervasive role of the Church in addition to deep rooted customary practices women and men manage to normalize their family life The volume is based on a wide range of archival sources and uncovers familial behaviour both from an individual and community perspectives

Weathering the Storm Wally Seccombe, 1995-12-17 In this challenging sequel to *A Millennium of Family Change* Wally Seccombe examines in detail the ways in which large scale economic changes shape the microcosm of personal life *The Household and the Making of History* Mary S. Hartman, 2004-04-12 This book argues that a unique late marriage pattern discovered in the 1960s but originating in the Middle Ages explains the continuing puzzle of why western Europe was the site of changes that from about 1500 gave rise to the modern world Contrary to views that credit upheavals from the late eighteenth century were responsible for ushering in the contemporary global era it contends that the roots of modern developments themselves are located in an event more than a millennium earlier when the peasants in northwestern Europe began to marry their daughters almost as late as their sons The appearance of this late marriage system with its unstable nuclear household form will also be shown to have exposed for the first time the common ingredients whose presence has

perpetuated beliefs in the importance of gender difference and of a sexual hierarchy favoring males **Family, Gender, and Law in Early Modern France** Suzanne Desan, Jeffrey Merrick, 2010-11-01 **Handbook of Medieval Sexuality** Vern L. Bullough, James Brundage, 2013-01-11 Like specialists in other fields in humanities and social sciences medievalists have begun to investigate and write about sex and related topics such as courtship concubinage divorce marriage prostitution and child rearing The scholarship in this significant volume asserts that sexual conduct formed a crucial role in the lives thoughts hopes and fears both of individuals and of the institutions that they created in the middle ages The absorbing subject of sexuality in the Middle Ages is examined in 19 original articles written specifically for this Handbook by the major authorities in their scholarly specialties The study of medieval sexuality poses problems for the researcher indices in standard sources rarely refer to sexual topics and standard secondary sources often ignore the material or say little about it Yet a vast amount of research is available and the information is accessible to the student who knows where to look and what to look for This volume is a valuable guide to the material and an indicator of what subjects are likely to yield fresh scholarly rewards *A History of Women in the West: Renaissance and Enlightenment paradoxes* Georges Duby, Michelle Perrot, 1992 Volume III of *A History of Women* draws a richly detailed picture of women in early modern Europe considering them in a context of work marriage and family At the heart of this volume is woman as she appears in a wealth of representations from simple woodcuts and popular literature to master paintings and as the focal point of a debate sometimes humorous sometimes acrimonious conducted in every field letters arts philosophy the sciences and medicine Against oppressive experience confining laws and repetitious claims about female nature women took initiative by quiet maneuvers and outright dissidence In conformity and resistance in image and reality women from the sixteenth through the eighteenth centuries emerge from these pages in remarkable diversity **Bastards** Matthew Gerber, 2012-01-17 Children born out of wedlock were commonly stigmatized as bastards in early modern France Deprived of inheritance they were said to have neither kin nor kind neither family nor nation Why was this the case Gentler alternatives to bastard existed in early modern French discourse and many natural parents voluntarily recognized and cared for their extramarital offspring Drawing upon a wide array of archival and published sources Matthew Gerber has reconstructed numerous disputes over the rights and disabilities of children born out of wedlock in order to illuminate the changing legal condition and practical treatment of extramarital offspring over a period of two and half centuries Gerber's study reveals that the exclusion of children born out of wedlock from the family was perpetually debated In sixteenth and seventeenth century France royal law courts intensified their stigmatization of extramarital offspring even as they usurped jurisdiction over marriage from ecclesiastic courts Mindful of preserving elite lineages and dynastic succession of power reform minded jurists sought to exclude illegitimate children more thoroughly from the household Adopting a strict moral tone they referred to illegitimate children as bastards in an attempt to underscore their supposed degeneracy Hostility toward extramarital offspring culminated in 1697 with the levying of a tax on illegitimate

offspring Contempt was never unanimous however and in the absence of a unified body of French law law courts became vital sites for a highly contested cultural construction of family Lawyers pleading on behalf of extramarital offspring typically referred to them as natural children French magistrates grew more receptive to this sympathetic discourse in the eighteenth century partly in response to soaring rates of child abandonment As costs of foundling care increasingly strained the resources of local communities and the state some French elites began to publicly advocate a destigmatization of extramarital offspring while valorizing foundlings as children of the state By the time the Code Civil 1804 finally established a uniform body of French family law the concept of bastardy had become largely archaic With a cast of characters ranging from royal bastards to foundlings *Bastards* explores the relationship between social and political change in the early modern era offering new insight into the changing nature of early modern French law and its evolving contribution to the historical construction of both the family and the state

Islamic and European Expansion Michael Adas, 1993-07-20 This volume of essays makes available the essential background information and methods for effective teaching and writing on cross cultural history The contributors some of the most distinguished writers of global and comparative history chart the advances in understanding in their fields of concentration revealing both specific findings and broad patterns that have emerged The cover image The Arrival of the Dutch at Patane from Theodore de Bry India Orientals Part VIII Frankfurt W Richteri 1607 depicts the two key phases of global history that are covered by the essays Muslim inhabitants of the town of Patane on the Malayan peninsula warily confront a Dutch landing party whose bearing suggests that it is engaged in yet another episode in the saga of European overseas exploration and discovery The presence of the Muslims in Malaya reflects an earlier process of expansion that saw Islamic civilization spread from Spain and Morocco in the west to the Philippines in the east in the millennium between the 7th and 17th centuries The Dutch came by sea to an area on the coastal and island fringes of Asia the one zone where their warships gave them a decisive edge in this era The citizens of Patane had good reason to distrust the European intruders since the Portuguese who had preceded the Dutch had used force whenever possible to control the formerly peaceful trade in the region and often to persecute Muslim Peoples Author note Michael Adas is Abraham Voorhees Professor of History at Rutgers University New Brunswick He is currently editor of the American Historical Association's series on Global and Comparative History and co editor of the Cambridge University Press series on Studies in Comparative World History He has published numerous articles and books including most recently with Peter Stearns and Stuart Schwartz *World Civilization The Global Experience* 1992 and *Turbulent Passage A Global History of the Twentieth Century* 1993

The Boundaries of Eros Guido Ruggiero, 1989 Using the records of several Venetian courts that dealt with sex crimes Ruggiero traces the evolution of both licit and illicit sexuality during the fourteenth and fifteenth centuries providing insight into Venetian society and ultimately the Renaissance itself

A Cultural History of Marriage in the Renaissance and Early Modern Age Joanne M. Ferraro, 2021-11-18 Why marry The personal question is timeless Yet the highly emotional

desires of men and women during the period between 1450 and 1650 were also circumscribed by external forces that operated within a complex arena of sweeping economic demographic political and religious changes The period witnessed dramatic religious reforms in the Catholic confession and the introduction of multiple Protestant denominations the advent of the printing press European encounters and exchange with the Americas North Africa and southwestern and eastern Asia the growth of state bureaucracies and a resurgence of ecclesiastical authority in private life These developments together with social religious and cultural attitudes including the constructed norms of masculinity femininity and sexuality impinged upon the possibility of marrying The nine scholars in this volume aim to provide a comprehensive picture of current research on the cultural history of marriage for the years between 1450 and 1650 by identifying both the ideal templates for nuptial unions in prescriptive writings and artistic representation and actual practices in the spheres of courtship and marriage rites sexual relationships the formation of family networks marital dissolution and the overriding choices of individuals over the structural and cultural constraints of the time A Cultural History of Marriage in the Renaissance and Early Modern Age presents an overview of the period with essays on Courtship and Ritual Religion State and Law Kinship and Social Networks the Family Economy Love and Sex the Breaking of Vows and Representations of Marriage

The Family and Family Relationships, 1500-1900 Rosemary O'Day, 1994-10-26 While historians have written with ease about the state and the church the family has so far defied historical analysis As the primary cell of human social organisation upon which both state and church depend it is of crucial importance In this concise informative and stimulating book Rosemary O Day seeks to explain the difficulties facing the historian of the family and to suggest strategies for their solution She compares families and households in time space and economy over the period 1500 1914 and draws together the important existing work

Family And Sexuality In French History Book Review: Unveiling the Magic of Language

Family And Sexuality In French History Introduction

In the digital age, access to information has become easier than ever before. The ability to download Family And Sexuality In French History has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Family And Sexuality In French History has opened up a world of possibilities. Downloading Family And Sexuality In French History provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Family And Sexuality In French History has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Family And Sexuality In French History. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Family And Sexuality In French History. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Family And Sexuality In French History, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites.

they are downloading from. In conclusion, the ability to download Family And Sexuality In French History has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Family And Sexuality In French History Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Family And Sexuality In French History is one of the best book in our library for free trial. We provide copy of Family And Sexuality In French History in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Family And Sexuality In French History. Where to download Family And Sexuality In French History online for free? Are you looking for Family And Sexuality In French History PDF? This is definitely going to save you time and cash in something you should think about.
