Upsides and Downsides to a Life of Lightness Willibald Ruch,Tracey Platt,René T. Proyer,Hsueh-Chih Chen,2019-08-12 The emergence of Positive Psychology has highlighted the importance of studying the good life and how to attain it Positive life outcomes such as well being thriving flourishing and happiness were discussed and investigated Among them different orientations to happiness were identified such as a life of pleasure life of meaning and life of engagement Other outcomes such as subjective and objective fulfillment in life or societal recognition have been less studied Among the characteristics

that facilitate positive outcomes the VIA classification of strength and virtues distinguishes 24 strengths with humor playfulness being one of them Only a small segment of humor entered the definition of humor as character strengths namely the parts that contain some goodness Humor as a character strength facilitates a lot of positive outcomes such as positive emotions and positive relationships and there is a lightness accompanying humor playfulness The field is broader though and transcends the definition of humor as used in positive psychology in at least two ways First there is actually a family of overlapping but still distinct concepts with different research traditions We include next to humor and types of humor also laughter playfulness and cheerfulness We think that more research is needed on how they do overlap and what makes them distinct Second while positive psychology is interested in the goodness of we do want to stress that there is the need to study the non virtuous parts as well That is laughter may not only be expressing amusement but scorn directed at people humor may be benevolent but there is also sarcasm and playfulness may elicit positive emotions but also risk prone and immature types of behavior Therefore the aim of this Research Topic was to collect current perspectives on humor playfulness laughter and cheerfulness in both adults and children to study their full diversity but also interrelations and overlapping features to introduce new instruments or ways for their assessment in future studies and to study their causes and consequences in a variety of life domains We encouraged studies on differences due to gender or nationality the embodiment in different groups e g class clowns psychiatric patients or whether or not they can be trained We also welcomed contributions from adjacent disciplines e g education leisure studies or therapy counseling and different regions of the earth The outcome is a set of 33 manuscripts from altogether 101 authors Not all areas are covered and not all aims were met while we made progress there is much left to do In this sense the merging of these topics may be the first milestone but like every milestone it only marks the beginning of a long journey

Cassidy,2006-07-14 Richard Cassidy's Accountability A Noun or a Verb takes the simple premise of we are all accountable for our behavior and explores the significant relationship between accountability and our personal and professional successes What does it mean to be accountable It means taking responsibility and not considering oneself the hapless victim If one is stopped and ticketed for driving sixty in a forty five mile zone is it logical to blame the police officer It also means creating a vision of the life most desired and working toward achieving that vision It's not enough to be accountable one must also be willing to put in the time Many years of observing individuals and organizations confirmed Cassidy's long held belief that men and women who take responsibility for their lives and the action required to move forward are more successful and more fulfilled But what must we do to reach that point According to the author an in depth and truthful analysis of who we are our values and beliefs must first be undertaken By having a clearer picture of what we believe and how we exercise those beliefs we move one giant step closer to that ultimate state of self satisfaction and

Christensen,2014-10-31 Kenneth A Christensens THE TOSCANINI MYSTIQUE is the first full length biography about the legendary Italian conductors life and career in almost thirty five years Maestro Toscanini had a frigid and extremely unhappy childhood along with a severe musical education at the Parma Conservatory This unglamorized account of a gifted teenagers professional conducting debut at Rio de Janerios Teatro Imperial is told as it really happened Toscanini was married to a ballerina Carla De Martini who bore him four children but also had an illegitimate son with a gifted soprano who was born retarded Toscaninis vulgar mistreatment of nearly all the singers and musicians who performed under his direction was legendary and is examined with unusual insight about his uncanny memory and talent for musical recreation The recollection of many famous artists including Caruso Debussy Kreisler Puccini Stravinsky Verdi and Wagners descendants are quoted alongside his confrontations with Hitler Mussolini and the Sicilian mafia But the Maestro also was the most generous of all musicians donating both his time and talents to many worthwhile charities for which he received no financial compensation The life of this great conductor is presented as the struggles of a musical and theatrical reformer who was a major historical figure that just happened to be one of the greatest musicians who ever lived Mr Christensen has painstakingly wrote his narrative using all the previous biographies and magazine articles on his life the scripts of two video documentaries and the liner notes for the most widely available re releases of his recordings He rewrote and clarified the awkward original Italian translations for non specialist readers and has supplied new English translations for the numerous operatic titles and other musical works as well as all the foreign language newspapers magazines and theatres mentioned in the text In addition he has provided professional critiques on the most widely available Toscanini recordings from RCA Victors Arturo Toscanini Collection and historic reissues of Toscaninis NBC radio broadcast concerts Here was a man who

had the nerve to stand up to world dictators and fought hard to prevent the Western world's supreme musical masterpieces from being abused and mistreated but without taking any credit for laboriously recreating all these composers' inspiration. He enjoyed to play practical jokes on his family and friends but this humorous side is known only through letters because Toscanini never published any autobiography or memoirs about his art. Toscanini gave the world premieres of 14 operas including Leoncavallo's *Pagliacci* and three by Puccini including *La Bohème*, *La Fanciulla del West* and *Turandot*. Toscanini served as musical director of the Teatro Regio in Turin 1895-98, La Scala in Milan 1898-1908, New York's Metropolitan Opera 1908-1915, barely missed dying upon the Lusitania becoming musical director of La Scala again 1920-1929, the New York Philharmonic 1926-1936 and the NBC Symphony Orchestra 1937-1954. In between he also guest conducted at the Bayreuth, Salzburg and Lucerne Festivals and conducted the inaugural concerts of the Palestine Symphony. Toscanini then recorded his most important repertory with the BBC Symphony and the Philadelphia Orchestra, the New York Philharmonic and NBC Symphony Orchestras alongside the Robert Shaw Chorale and such esteemed soloists as Jascha Heifetz, Rudolf Serkin plus his own son-in-law Vladimir Horowitz. His seven operatic recordings featured Jan Peerce, Helen Traubel, Richard Tucker, Giuseppe di Stefano, Rose Bampton, Cesare Siepi, Herva Nelli, Licia Albanese, Robert Merrill, Jussi Bjoerling, Lauritz Melchior and many other gifted singers and musicians of the past whose names alone are too much to mention.
