Family In Crisis The United States The Philippines And The Second World War:

The Edge of Terror Scott Walker, 2009-10-13 Scott Walker's *The Edge of Terror* offers a gripping account of courage, death, and survival in the war-torn islands of the Philippines. As Japanese military strategists planned their secret offensive against the United States in 1941, they designed a simultaneous two-pronged attack to wipe out American military might in the Pacific. While American battleships blew up and sank in Pearl Harbor, Japanese bombers approached the Philippines, soon destroying both American air and naval forces and leaving General Douglas MacArthur's ground forces in disarray. As the shipping piers in Manila harbor burned, nearly six thousand American civilians were suddenly trapped in the islands for the duration of the war. There would be no more ocean liners or Pan Am Clippers to transport them to safety. These unfortunate individuals and families became the largest body of American citizens ever captured by an enemy army. Soon, most of these hapless civilians realized that they had little option but to surrender to the invading Japanese and be placed in squalid internment camps. However, on the small island of Panay, a group of American missionaries and gold miners bound their fates together and withdrew into hiding in the jungle. Some joined with the Filipino guerrilla forces actively resisting the Japanese. Others quietly continued their humanitarian tasks amidst the horrors of war. But all of them experienced living hell together. For the first time in more than fifty years, the little-known story is told of these brave American civilians on Panay. Drawing on diaries, memoirs, family interviews, and military archives, Scott Walker describes daily life during the occupation and the danger these Americans faced in their efforts to serve both God and country. Both a story of profound tragedy and miraculous escape, *The Edge of Terror* is one of the most intense and dramatic accounts to emerge from World War II. **Indomitable**

Will Charles Kupfer, 2012-04-05 Some of the worst military disasters in U.S. history occurred between Pearl Harbor on December 7, 1941, and the Battle of Midway in June 1942. During this period, the American people faced a barrage of bad news and accounts of defeats and retreats. Yet if they were shocked and dismayed, they showed little panic. *Indomitable Will* resurrects the legacy of this first half year of American combat during WWII, a legacy of pain but not of woe. Historian Charles Kupfer recounts the story of the war's early defeats: Bataan, Corregidor, Wake Island, and the Java Sea. Some of these battles remain evocative today; others are obscure. All were catastrophes for American arms. Kupfer asserts, however, that later victories were made inevitable by the steeling effect of those initial disasters. Weaving together military, journalistic, political, and cultural histories, this engaging book shows that by setting their collective will on victory, Americans in and out of uniform gained strength from their setbacks. *Indomitable Will* spells out how the nation turned early defeat into ultimate victory. **Family in Crisis** John M. Fitzgerald, 2002 *The Luzon Campaign 1945* Nathan N. Prefer, 2025-08-05 A full account of the Luzon campaign from the planning stages to the surrender of the Japanese general Yamashita. The Luzon campaign of 1945 was the longest island campaign of the Pacific War, lasting from January 1945 to September 1945 and only ending with the surrender of Imperial Japan. It is often overlooked or mentioned in passing by most histories of that war, yet
