## **Family In West Germany:**

**A Family in West Germany** Ann Adler,1985 Describes the life of an eleven year old girl who lives with her family in Mainburg Germany     *Families in a Global Context* Charles B. Hennon,Stephan M. Wilson,2011-02-14 Learn what trends and factors are influencing families globally How are families the same or different around the world Families in a Global Context puts the similarities and differences into perspective presenting an in depth comparative analysis of family life in 17 countries around the world Contributors discuss different countries family life by using a standard framework to review major influences and patterns The framework allows readers to do comparative reflection across several countries on a variety of daily living elements including social and economic forces such as urbanization and modernization changes in gender courtship spousal patterns and war This book provides an informative illustration of current as well as future trends of family life worldwide Each chapter in Families in a Global Context describes customary types of family patterns within each country s social organization and culture Important social economic political and other trends are explored in detail and major ethnic religious or other subcultures are noted emphasizing marriage and family patterns that differ from the more typical ones The book is extensively referenced and includes tables to clearly present data Countries explored in Families in a Global Context include European countries of Wales Sweden Germany Romania and Italy African countries of Sierra Leone South Africa and Kenya Middle Eastern countries of Turkey and Iran Asian and Oceanian countries of India China the Philippines and Australia Latin American countries of Brazil Mexico and Cuba Topics discussed for each country in Families in a Global Context include demographics mate selection patterns with an emphasis on the dynamics of couple formation marital roles the place and role of children and parenting in families socialization for gender roles differences in education employment and other opportunities major stressors affecting families coping and adaptation aging and life expectancy issues and much more Families in a Global Context is an insightful resource for researchers educators and advanced undergraduate and graduate students investigating comparative family topics of family life around the world and in cultural context     *Families with Small Children in Eastern and Western Europe* Ulla Björnberg,Jürgen Sass,2019-01-15 Published in 1997 the aim of this study is to address comparative perspectives on gender and family life in western and eastern Europe The focus is on the way in which family policy measures relating to the reconciliation of work and family are viewed and used by employed parents with small children Another purpose is to consider how compatibility between family and employment is perceived by the parents and its implications for partnership gender balance and parent child relationships The book also discusses the consequences and lessons which can be drawn from these studies for the purpose of family policy initiatives

**Persons and family. Chapter 6. Creation of Relationships of Kinship** Harry D. Krause,2020-05-18 No detailed description available for Persons and family Chapter 6 Creation of Relationships of Kinship     **Understanding Families** Linda McKie,Samantha Callan,2011-12-15 I don t know how often I ve wished for an introductory text on family life which

encompassed critical contemporary sociological thinking alongside the basic information students need and have only found fossilised thinking on a stodgy subject But now all that has changed McKie and Callan have achieved what I thought was almost impossible in *Understanding Families* a textbook which provides unrivalled foundations for a critical understanding of contemporary families and relationships Carol Smart The Morgan Centre University of Manchester This excellent innovative comprehensive and easy to read text should be essential reading for everyone keen to understand families across the globe It will make an outstanding contribution to family studies and is highly recommended Janet Walker Newcastle University Easy to read text which debates current thinking surrounding modern families Case studies and questions for the reader throughout the text help translate theory into practice Justine Gallagher Northumbria University Families are the core building blocks of society Our experience of them affects many aspects of our everyday lives shaping our expectations and future plans Written by experts in family studies and family policy this clear engaging book adopts a global perspective to usefully examine how modern families can be explored and understood in research policy and practice Packed with critical pedagogy including case studies think points key words and a glossary it guides students through topics such as relationships sexualities and paid and unpaid work continually returning to its central themes of process and structure The book also Applies key social theories to contemporary analysis Examines key studies on researching families and family life Explores the role of government policies and practices This comprehensive introduction to the study of families and relationships is a timely resource for students and lecturers working across the social sciences particularly students of family studies the sociology of the family family policy and social work and the family Linda McKie is Professor of Sociology Glasgow Caledonian University Samantha Callan is based at the Centre for Social Justice They are both affiliated to the Centre for Research on Families and Relationships at the University of Edinburgh

**Library of Congress Subject Headings** Library of Congress,1998 *Lone Mothers in European Welfare Regimes* Jane E. Lewis,1997 Based on a long term study of the policies of several European nations lone mothers this text reveals the contrasting attitudes in Europe towards lone mothers and how they have been categorized and treated Also examined is the role of men as both carers and cash providers *Dare to Share: Germany's Experience Promoting Equal Partnership in Families* OECD,2017-02-20 This review introduces the background to and issues at stake in promoting equal partnerships in families in Germany

**Handbook of Family Policies Across the Globe** Mihaela Robila,2013-06-19 Family policy holds a particular status in the quest for a more equitable world as it intersects the rights of women children and workers But despite local and global efforts and initiatives the state of family policy in different areas of the world varies widely Through a cross section of countries on six continents *Family Policies Across the Globe* offers the current state of the laws concerning family life structure and services providing historical cultural and socioeconomic context Lucidly written chapters analyze key aspects of family definition marriage child well being work family balance and family assistance reviewing underlying social issues and controversies as they exist in

each country Details of challenges to implementation and methods of evaluating policy outcomes bring practical realities into sharp focus and each chapter concludes with recommendations for improvement at the research service and governmental levels The result is an important comparative look at how governments support families and how societies perceive themselves as they evolve Among the issues covered Sierra Leone toward sustainable family policies Russia folkways versus state ways Japan policy responses to a declining population Australia reform revolutions and lingering effects Canada a patchwork policy Colombia a focus on policies for vulnerable families Researchers professors and graduate students in the fields of social policy child and family studies psychology sociology and social work will find in *Family Policies Across the Globe* a reference that will grow in importance as world events continue to develop

*Formal and Informal Work* Birgit Pfau-Effinger, Lluís Flaquer, Per H. Jensen, 2010-11 Informal work family care voluntary work and undeclared or unregulated work is a critical form of labor in today's economy yet remains underanalyzed and examined This volume develops a comprehensive conceptual framework of informal work and analyses systematically the relationship of formal and informal work Using a coherent theoretical and methodological approach this volume explores informal and formal work in six countries and contributes to our empirical knowledge of informal work and its different interrelations with formal work in various societies A landmark study in the analysis of work the book demonstrates how the relationship of formal and informal work is developing how this can be explained in the specific context of the arrangement of work and welfare and in which ways informal work possibly contributes to social integration and social cohesion

**Hearings, Reports and Prints of the House Committee on Foreign Affairs** United States. Congress. House. Committee on Foreign Affairs (1789-1975), 1963

**Winning the Cold War** United States. Congress. House. Committee on Foreign Affairs, 1964

**Winning the Cold War: The U.S. Ideological Offensive** United States. Congress. House. Committee on Foreign Affairs. Subcommittee on International Organizations and Movements, 1963

**Families and Religion** Christel Gärtner, Linda Hennig, Olaf Müller, 2025-03-20 This comparative study examines the transmission of religion in families in Germany Italy Hungary Finland and Canada The authors rely on the widely shared argument that religious change can primarily be understood as an intergenerational process Based on a mixed methods design the book investigates the question of how when exactly and under what conditions the following generations become less religious than the previous ones From the perspective of familial and historical generations the authors examine the significance of religious socialization for the transmission of non religious worldviews affiliation practice and identity According to a central finding religious change takes place primarily in the phase of adolescence against the background of the respective social context
