*Family Interfaces* Jeannette R. Kramer, 1985      **Family Interfaces** Jeannette R. Kramer, 1985      *Family Therapy Sourcebook, Second Edition* Fred P. Piercy, Douglas H. Sprenkle, Joseph L. Wetchler, 1996-10-10 While there are many volumes that survey the field of family therapy *Family Therapy Sourcebook* provides something different a roadmap to classic and state of the art work on foundational issues in theory research and practice More than a textbook or a summary of primary sources this volume is a comprehensive guide to original source materials for the student or teacher of family therapy Covering the traditional family therapies and more each chapter presents a selective annotated bibliography highlights key concepts and clinical techniques discusses research issues and proposes creative teaching strategies Describing helpful assignments and experiential learning exercises for educators the authors share valuable expertise gained from years of teaching      **International Handbook of Multigenerational Legacies of Trauma** Yael Danieli, 2013-03-09 In this extraordinary new text an international array of scholars explore the enduring legacy of such social shocks as war genocide slavery tyranny crime and disease Among the cases addressed are instances of genocide in Turkey Cambodia and Russia the plight of the families of Holocaust survivors atomic bomb survivors in Japan and even the children of Nazis the long term effects associated with the Vietnam War and the war in Yugoslavia and the psychology arising from the legacy of slavery in America      *Family Myths* Stephen A Anderson, Dennis Bagarozzi, 2014-02-25 Therapists can broaden their point of view and expand their options for treating individuals couples and families by understanding family myths Here is a thorough and unique compilation of current studies on the development evolution and clinical implications of family myths An outstanding group of international experts offers a variety of formulations regarding both personal and family myths in an attempt to bridge the chasms between individual couple and family systems dynamics They focus on the conscious and unconscious elements of families shared perceptual experiences and their relationship to behavioral interactional patterns of individuals couples and family systems The detailed descriptions of various clinical approaches to re editing clients personal conjugal and family myths will be enormously helpful to clinicians theorists trainers and educators      *Family Issues in Pediatric Psychology* Michael C. Roberts, Jan L. Wallander, 2013-02-01 Over a relatively brief period of time pediatric psychology as an organized field has evolved and expanded as a science and in clinical practice Reflecting a newer focus on family roles in health and illness the present volume is relevant to a variety of fields because family issues and pediatric medicine inherently interact with numerous disciplines and approaches This volume fills the need for a resource indicating research advancements that links pediatric psychology and pediatrics with family issues The articles selected from special issues of *Pediatric Psychology* cover such topics as chronic illnesses and handicapping conditions failure to thrive spina bifida recurrent abdominal pain and health promotion These pediatric conditions are considered in terms of concomitant psychosocial effects on parents and siblings family resources and environment adjustment and maladjustment interventions

and programming utilizing and assisting families      *The Handbook of Group Communication Theory and Research* Lawrence R. Frey, Dennis Gouran, Marshall Scott Poole, 1999-07-08 The Handbook of Group Communication Theory and Research establishes a central resource for the field documenting and synthesizing the work done in group communication's 50 year history With contributions from the most experienced and respected scholars in the field the editors Lawrence R Frey Dennis S Gouran and Marshall Scott Poole present an overview of group communication study and examine a variety of theoretical positions and methodological practices The volume is divided into six broad areas of communication scholarship Foundations of group communication theory and research Individuals and group communication Task and relational group communication Group communication processes Group communication facilitation Group communication contexts and applications The sections serve as a crossroads where various paths pursued in each area meet summarize and suggest new maps and roads that need to be followed in the future Offering a comprehensive history of group communication theory and research and establishing new conceptual perspectives and research agendas for future group communication scholars this important resource will be an unrivalled tool for scholars researchers educators practitioners and students alike      Family-Of-Origin Therapy James L. Framo, 2013-05-24 Considers the family of origin approach to the psychiatric counselling of adults in marital family and individual therapy The text discusses theoretical and clinical implications and provides three case studies to illustrate the application of this method      *The Family Therapy Networker*, 1985      Family Systems and Life-span Development Kurt Kreppner, Richard M. Lerner, 2013-05-13 This interdisciplinary volume presents international research and theories focusing on the development of the individual across the life span Centering on family as the key context influencing and being influenced by the developing person the contributors to this volume discuss an array of theoretical models methodological strategies and substantive foci linking the study of individual development the family system and the broader context of human development The volume presents continuing empirical research and theories in the realm of individual and family development and features a developmental contextual view from a process oriented vantage point      *Personality and Family Development* Klaus A. Schneewind, Stefan Ruppert, Klaus Schneewind, 2013-06-17 This unique volume presents the results of a study of 200 German families over a period of 16 years from 1976 to 1992 This study the findings of which yield a host of new insights into the dynamics of cross generational personality and family development is based on an ecopsychological framework comprising four levels of developmental analyses individual level personality development critical life events and corresponding coping strategies dyadic relationships level changes in parent child relationships across time and development of marital relationships family relationship level development of family climate and its impact on current dyadic relationships and contextual ecological level perceived changes in societal conditions corresponding patterns of personality and coping strategies The authors focus on the important ideas and keep methodological details to a minimum in the text Technical issues having to do with data analysis etc are discussed in an appendix      The Practice of Family

Therapy Suzanne Midori Hanna, Derek A. Ball, 2024-12-10 Now in its sixth edition *The Practice of Family Therapy* comes at a time when traditional approaches to psychotherapy have given way to multidimensional strategies that best serve the needs of diverse groups who are grappling with the many challenges unique to family therapy practice With expanded coverage of different models along with new developments in evidence based and postmodern practices this integrative textbook bridges the gap between science and systemic relational approaches as it guides the reader through each stage of family therapy Part I lays the groundwork by introducing the first second and third generation models of family therapy teaching the reader to integrate different elements from these models into a systemic structure of practice Part II explores the practical application of these models including scripts for specific interventions and newly updated clinical examples that highlight how to effectively work with diverse client populations of today Students will learn how to make connections between individual symptoms and cutting edge family practices to respond successfully to cases involving substance abuse trauma grief depression suicide risk violence LGBTQIA families and severely mentally ill clients and their families This newly updated and streamlined edition includes fresh information on working with LGBTQIA families and on the family as a resource for suicidal members and it also includes new discussion of models such as emotion focused couple therapy and internal family systems This text also encourages students to think more broadly about community connections as important resources for clients such as chosen families and cultural identities that affect one's sense of belonging in relationships With study guides for each model and a glossary to review main concepts this text is a comprehensive and accessible guide for students and practitioners Aligned with the knowledge and content statements of the Association of Marital and Family Therapy Regulatory Boards AMFTRB this textbook will be key reading for graduate students who are preparing for the national licensing exam in marriage and family therapy

**The Family Life of Psychotherapists** Florence Whiteman Kaslow, 1987 If mental health professionals will want to read this exciting book to better understand the reciprocal impact of their professional and family lives Psychotherapists who frequently work with family clients may find difficulty in making the transition from work to their own family life and back again Contributors examine the transpositions of personal family life and objective task oriented work life that occur with suggestions of how to recognize and cope with the changes Experts also explore the extraordinary challenges psychotherapists face when treating fellow therapists with family related problems or when they themselves need those services

*Basic Family Therapy* Philip Barker, Jeff Chang, 2013-06-25 The challenge facing the authors of texts that address the multiplicity and complexity of problems that may afflict families can be intimidating Philip Barker has addressed this challenge head on in each of the editions of this book This task has been greatly facilitated by the contributions of the new co author Jeff Chang and in this edition provides a clear easily read and readily understandable introduction to family therapy Much has happened in the field of family therapy since the fifth edition of *Basic Family Therapy* was published in 2007 New developments covered in this book include Emotionally Focused Therapy

The Gottman approach to couples therapy Mindfulness and psychotherapy The common factors approach to psychotherapy and to family therapy The increased emphasis on empirically supported treatments High conflict post divorce parenting Basic Family Therapy will be of value to readers new to family therapy and to those in the early stages of training
