Family Life: Marriage, Divorce, Widows & Children ShaykhPod Books, The following short book discusses some important aspects of Family Life including Marriage Divorce Widows and Children This discussion is based on Chapter 2 Al Baqarah Verses 226 242 of the Holy Quran For those who swear not to have sexual relations with their wives is a waiting time of four months but if they return to normal relations then indeed Allah is Forgiving and Merciful And if they decide on divorce then indeed Allah is Hearing and Knowing Divorced women remain in waiting do not remarry for three periods and it is not lawful for them to conceal what Allah has created in their wombs if they believe in Allah and the Last Day And their husbands have more right to take them back in this period if they want reconciliation And due to them i.e. the wives is similar to what is expected of them according to what is reasonable But the men i.e. husbands have a degree over

them in responsibility and authority And Allah is Exalted in Might and Wise Divorce is twice Then after that either keep her in an acceptable manner or release her with excellent treatment And it is not lawful for you to take anything of what you have given them unless both fear that they will not be able to keep within the limits of Allah But if you fear that they will not keep within the limits of Allah then there is no blame upon either of them concerning that by which she ransoms herself These are the limits of Allah so do not transgress them And whoever transgresses the limits of Allah it is those who are the wrongdoers And if he has divorced her for the third time then she is not lawful to him afterward until after she marries a husband other than him And if he i e the latter husband divorces her or dies there is no blame upon them i e the woman and her former husband for returning to each other if they think that they can keep within the limits of Allah These are the limits of Allah which He makes clear to a people who know understand And when you divorce women and they have nearly fulfilled their term either retain them according to acceptable terms or release them according to acceptable terms and do not keep them intending harm to transgress against them And whoever does that has certainly wronged himself And do not take the verses of Allah in jest And remember the favor of Allah upon you and what has been revealed to you of the Book and wisdom by which He instructs you And fear Allah and know that Allah is Knowing of all things And when you divorce women and they have fulfilled their term do not prevent them from re marrying their husbands if they agree among themselves on an acceptable basis That is instructed to whoever of you believes in Allah and the Last Day That is better for you and purer and Allah knows and you know not Mothers may nurse breastfeed their children two complete years for whoever wishes to complete the nursing period Upon the father is their i e the mothers provision and their clothing according to what is acceptable No person is charged with more than his capacity No mother should be harmed through her child and no father through his child And upon the father s heir is a duty like that of the father And if they both desire weaning through mutual consent from both of them and consultation there is no blame upon either of them And if you wish to have your children nursed by a substitute there is no blame upon you as long as you give payment according to what is acceptable And fear Allah and know that Allah is Seeing of what you do And those who are taken in death among you and leave wives behind they the wives shall wait four months and ten days And when they have fulfilled their term then there is no blame upon you for what they do with themselves in an acceptable manner And Allah is fully Aware of what you do There is no blame upon you for that to which you indirectly allude concerning a proposal to women or for what you conceal within yourselves Allah knows that you will have them in mind But do not promise them secretly except for saying a proper saying And do not determine to undertake a marriage contract until the decreed period reaches its end And know that Allah knows what is within yourselves so beware of Him And know that Allah is Forgiving and Forbearing There is no blame upon you if you divorce women you have not touched been intimate with nor specified for them an obligation But give them a gift of compensation the wealthy according to his capability and the poor according to his capability a provision according to what is acceptable a duty upon

the doers of good And if you divorce them before you have touched them and you have already specified for them an obligation then give half of what you specified unless they forego the right or the one in whose hand is the marriage contract foregoes it And to forego it is nearer to righteousness And do not forget graciousness between you Indeed Allah of whatever you do is Seeing Maintain with care the obligatory prayers and in particular the middle prayer and stand before Allah devoutly obedient And if you fear an enemy then pray on foot or riding But when you are secure then remember Allah in prayer as He has taught you that which you did not previously know And those who are taken in death among you and leave wives behind for their wives is a bequest maintenance for one year without turning them out But if they leave of their own accord then there is no blame upon you for what they do with themselves in an acceptable way And Allah is Exalted in Might and Wise And for divorced women is a provision according to what is acceptable a duty upon the righteous Thus does Allah make clear to you His verses that you might use reason Implementing the lessons discussed will aid one to Adopt Positive Characteristics Adopting Positive Characteristics Leads to Peace of Mind and Body **Current Catalog** National Library of Medicine (U.S.),1980 First multi year cumulation covers six years 1965 70 **National Library of Medicine Current Catalog** National Library of Medicine (U.S.), *The Intersection of Work and Family Life* Nancy F. Probert,2016-04-15 This book brings a modern critical approach to bear on the broad range of subjects that used to

constitute family law A key consideration in this collection is the way in which law itself is premised upon constructing a particular image of the family By bringing different areas of law together Probert et al suggest it is possible to explore how differing ideas about the family inform different areas of law This approach allows Family Life and the Law to analyze the extent to which the law is consistent and or inconsistent in its concept and treatment of the family across and within disciplines The book is particularly timely in view of the passage of the Civil Partnership Act 2004 the implications of which reverberate throughout family law and allied disciplines and the current reconsideration of the position of cohabiting couples
