Family Life Of Sick Children A Study Of Families Coping With Chronic Childhood Disease:

The Family Life of Sick Children Lindy Burton, 2022-05-24 Originally published in 1975 this book traces the problems which arise for families coping with a chronic childhood disease cystic fibrosis The discussion of these problems is important for the families of other seriously ill or disabled children all of whom are faced with similar implications of their situation The book looks at the stressful situations which face them mastering the child's treatment technique assisting them to come to terms with their disease It deals with the practical problems which arise for the parents and siblings of a sick child and explores the profound repercussions of the loss of a child on the entire family considering the ways in which many of these families managed to transcend their problems Family Issues in Pediatric Psychology Michael C. Roberts, Jan L. Wallander, 2013-02-01 Over a relatively brief period of time pediatric psychology as an organized field has evolved and expanded as a science and in clinical practice Reflecting a newer focus on family roles in health and illness the present volume is relevant to a variety of fields because family issues and pediatric medicine inherently interact with numerous disciplines and approaches This volume fills the need for a resource indicating research advancements that links pediatric psychology and pediatrics with family issues The articles selected from special issues of Pediatric Psychology cover such topics as chronic illnesses and handicapping conditions failure to thrive spina bifida recurrent abdominal pain and health promotion These pediatric conditions are considered in terms of concomitant psychosocial effects on parents and siblings family resources and environment adjustment and maladjustment interventions and programming utilizing and assisting families **Caring for the Mentally Handicapped Child** David Wilkin, 2016-01-08 First published in 1979 this book concerns itself primarily with the mothers of mentally handicapped children It discusses the problems of assistance that they may have experienced from their families the community or the available services Whilst arguing for far more support for mothers when they are the main carer this book also suggests reasons why some families are more easily able to cope with the problems of caring for severely handicapped children This study is based on research that was conducted for and funded by the Department of Health and Social Security between 1973 and 1976 *DHHS Publication*, 1980 **Human Genetics, Informational and Educational Materials** National Clearinghouse for Human Genetic Diseases (U.S.), **Families & Chronic Illness** Lorraine M.
