Chapman, 2020-08-29 Having lost his girlfriend to a college quarterback and his best friend to the war in Vietnam Billy Shepherd left his home in rural South Carolina to experience the Summer of Love in California in 1967 He was looking to find himself Instead he found Charles Manson In less than 2 1 2 years Shep goes from being a naive teenager to partying with the Beach Boys and The Doors and sitting by the pool with Candice Bergen and Sharon Tate Along the way he becomes a member of the Manson Family and Charles Manson s most trusted confidant A story of the sex drugs and rock and roll of the sixties that evolves into a story of love and friendship then madness and murder Family Man will make you laugh cry and re write the history of everything you think you know about the Manson murders      **Charles Manson's Creepy Crawl** Jeffrey Melnick, 2019-07-23 With a new epilogue updated from its hardcover edition titled Creepy Crawling Charles Manson and the Many Lives of America s Most Infamous Family Creepy crawling was the Manson Family s practice of secretly entering someone s home and without harming anyone leaving only a trace of evidence that they had been there some reminder that the sanctity of the private home had been breached Now author Jeffrey Melnick reveals just how much the Family creepy crawled their way through Los Angeles in the sixties and then on through American social political and cultural life for fifty years firmly lodging themselves in our minds Even now it is almost impossible to discuss the sixties teenage runaways sexuality drugs music California or even the concept of family without referencing Manson and his girls Not just another Charles Manson history Charles Manson s Creepy Crawl The Many Lives of America s Most Infamous Family explores how the Family weren t so much outsiders as emblematic of the Los Angeles counterculture freak scene and how Manson worked to connect himself to the mainstream of the time Ever since they spent two nights killing seven residents of Los Angeles what we now know as the Tate LaBianca murders the Manson family has rarely slipped from the American radar for long From Emma Cline s The Girls to the TV show Aquarius as well as two major films in 2019 including Quentin Tarantino s Once Upon a Time in Hollywood the family continues to find an audience What is it about Charles Manson and his family that captivates us still Author Jeffrey Melnick sets out to answer this question in this fascinating and compulsively readable cultural history of the Family and their influence from 1969 to the present      *The Press on Trial* Lloyd E. Chiasson, 1997-08-28 Perhaps no drama catches the interest of the American public more than a spectacular trial Even though the reporting of a crime may quickly diminish in news value the trial lingers while drama builds Although this has become seemingly more pronounced in recent years with the popularity of televised trials public interest in criminal trials was just as high in 1735 when John Peter Zenger defended his right to free speech or in 1893 when Lizzie Borden was tried for the murder of her father and stepmother This book tells the stories of sixteen significant trials in American history and their media coverage from the Zenger trial in 1735 to the O J Simpson trial in 1995 Each chapter relates the history of events

leading up to the trial the people involved and how the crimes and subsequent trials were reported *Can't Find My Way Home* Martin Torgoff, 2004-05-13 *Can't Find My Way Home* is a history of illicit drug use in America in the second half of the twentieth century and a personal journey through the drug experience It's the remarkable story of how America got high the epic tale of how the American Century transformed into the Great Stoned Age Martin Torgoff begins with the avant garde worlds of bebop jazz and the emerging Beat writers who embraced the consciousness altering properties of marijuana and other underground drugs These musicians and writers midwived the age of marijuana in the 1960s even as Timothy Leary and Richard Alpert later Ram Dass discovered the power of LSD ushering in the psychedelic era While President John Kennedy proclaimed a New Frontier and NASA journeyed to the moon millions of young Americans began discovering their own new frontiers on a voyage to inner space What had been the province of a fringe avant garde only a decade earlier became a mass movement that affected and altered mainstream America And so America sped through the century dropping acid and eating magic mushrooms at home shooting heroin and ingesting amphetamines in Vietnam snorting cocaine in the disco era smoking crack cocaine in the devastated inner cities of the 1980s discovering MDMA Ecstasy in the rave culture of the 1990s *Can't Find My Way Home* tells this extraordinary story by weaving together first person accounts and historical background into a narrative vast in scope yet rich in intimate detail Among those who describe their experiments with consciousness are Allen Ginsberg Timothy Leary Robert Stone Wavy Gravy Grace Slick Oliver Stone Peter Coyote David Crosby and many others from Haight Ashbury to Studio 54 to housing projects and rave warehouses But *Can't Find My Way Home* does not neglect the recovery movement the war on drugs and the ongoing debate over drug policy And even as Martin Torgoff tells the story of his own addiction and recovery he neither romanticizes nor demonizes drugs If he finds them less dangerous than the moral crusaders say they are he also finds them less benign than advocates insist Illegal drugs changed the cultural landscape of America and they continue to shape our country with enormous consequences This ambitious fascinating book is the story of how that happened

**killing for culture** David Kerekes, David Slater, 2016-06-03 Unlike images of sex which were clandestine and screened only in private images of death were made public from the onset of cinema. The father of the modern age Thomas Edison fed the appetite for this material with staged executions on film. Little over a century later the executions are real and the world is aghast at brutalities freely available online at the click of a button. Some of these films are created by lone individuals using shaky camera phones. Luka Magnotta for instance and the teenagers known as the Dnipropetrovsk maniacs. Others are shot on high definition equipment and professionally edited by organized groups such as the militant extremists ISIS. **KILLING FOR CULTURE** explores these images of death and violence and the human obsession with looking and not looking at them. Beginning with the mythology of the so called snuff film and its evolution through popular culture this book traces death and the artifice of death in the mondo documentaries that emerged in the 1960s and later the faux snuff pornography that found an audience through Necrobabes and similar websites. However it is when videos depicting the murders of Daniel Pearl and Nick Berg surfaced in the 2000s that an era of genuine atrocity commenced one that has irrevocably changed the way in which we function as a society.
