**Resources in Education** , 2000-10 **Directory of Research Grants 2008** Schoolhouse Partners Llc, 2008-05 It was the 50s and life was simple until September 25 1954 That was the night that would be etched in the memory of the citizens of Stanfield Massachusetts The Chief of Police described the brutal savagery of the double homicide as the most atrocious crime in the history of the city A fourteen year old girl and the four year old boy in her care were murdered at the hands of a deranged depraved killer A Thread of Evidence places the reader at the scene of the crime an eye witness to the senseless stabbing of two innocent children With a piece of crochet thread as their only clue the entire police department lead by detectives Steven Logan and Raymond Gage scour the city in search of a maniacal savage When all tips and leads have been

exhausted they review all evidence They come back to the thread The only real evidence With tenacity and perseverance of Logan and Gage the killer is apprehended The reader experiences the twists and turns of the investigation and ultimately occupies a reserved seat in the Superior Court as the trial proceedings commence A Thread of Evidence has been written as fiction but inspired by an actual event Fifty years later it remains etched in the minds of all who had lived in the area The author has researched court records newspapers interviewed neighbors police and has drawn on personal recollections of the crime The story has been recounted over and over and to this day it continues to be discussed A Thread of Evidence is a compelling account of superb detective work and unprecedented dedication of an entire police department **Pushing**

**Boundaries in Social Work Around the World, Vol. 1** Mark Henrickson,Darla Spence Coffey,2025-08-02 This book provides examples of how social workers have pushed back against civic and private corporate powers that attempt to control women children racialised and stigmatised groups migrants and indigenous peoples and public policy agendas that continue to vulnerabilise and marginalise people This is the first book of a two volume set that focuses on how authors have pushed boundaries in a particular field of practice research or policy in social work The books are culturally gender and geographically inclusive with contributors from every inhabited continent It is future focused hopeful and inspiring it focuses on solutions rather than merely elaborating problems The book includes chapters from a continuum of experienced practitioners and early career researchers this provides a nuanced and accessible view of boundaries from both ends of the career path The global definition of social work says that the discipline promotes social change and development social cohesion and the empowerment and liberation of people but in many nations where social work exists social workers are expected to act as agents of social control ensuring that people particularly the poor conform to established political and social norms Most often social workers are initially attracted to the discipline because they want to empower and liberate vulnerabilised and marginalised people and communities In order to accomplish these high minded goals social workers must occasionally push boundaries that confine their practice This volume contains eight chapters from social workers who are pushing social work boundaries in their own social and national settings The contents are organised into two clusters pushing boundaries for women and children and pushing boundaries against isms and stigma Each chapter contains learnings that are applicable in different practice settings around the world Pushing Boundaries in Social Work Around the World Vol 1 Women Children and Isms inspires social workers to push against the boundaries we impose on ourselves and our discipline This book helps social workers rediscover the spark that initially drew them to their work Understanding and Preventing Violence National Research Council,Division of Behavioral and Social Sciences and Education,Commission on Behavioral and Social Sciences and Education,Panel on the Understanding and Control of Violent Behavior,1993-02-01 By conservative estimates more than 16 000 violent crimes are committed or attempted every day in the United States Violence involves many factors and spurs many viewpoints and this diversity impedes our efforts to make the nation safer Now a

landmark volume from the National Research Council presents the first comprehensive readable synthesis of America's experience of violence offering a fresh interdisciplinary approach to understanding and preventing interpersonal violence and its consequences Understanding and Preventing Violence provides the most complete up to date responses available to these fundamental questions How much violence occurs in America How do different processes biological psychosocial situational and social interact to determine violence levels What preventive strategies are suggested by our current knowledge of violence What are the most critical research needs Understanding and Preventing Violence explores the complexity of violent behavior in our society and puts forth a new framework for analyzing risk factors for violent events From this framework the authors identify a number of triggering events situational elements and predisposing factors to violence as well as many promising approaches to intervention Leading authorities explore such diverse but related topics as crime statistics biological influences on violent behavior the prison population explosion developmental and public health perspectives on violence violence in families and the relationship between violence and race ethnicity poverty guns alcohol and drugs Using four case studies the volume reports on the role of evaluation in violence prevention policy It also assesses current federal support for violence research and offers specific science policy recommendations This breakthrough book will be a key resource for policymakers in criminal and juvenile justice law enforcement authorities criminologists psychologists sociologists public health professionals researchers faculty students and anyone interested in understanding and preventing violence
