

# New Right Perspective

What do the New Right believe?

- Nuclear family is the best for society.
- Children are best brought up by two married biological parents.
- Children brought up by two parents fair better educationally, physically, psychologically and socially than children brought up by single parents.
- NR seen by critics to be an attack on gay and lesbian rights, single parents and fatherless families.

So... is this view of the family a positive or negative view?
