Boarded and we were more than pleasantly surprised to find that for the first time since we left New Zealand we could go into a camp area and find tents, mess huts andouthouses already erected for us.

We at once set to work to improve our camp and take full advantage of the healthy and comparatively invigorating climate of New Caledonia. Universal recreational training, rest and a moderate of leave was the order of the day and it is remarkable how the health of the battalion improved. Although we had not realized it, our nine months of primitive life in the steamy tropical jungles had taken toll of our physique and we set to work with a will to regain lost weight. We very much appreciated the amenities the loan organizations had prepared for us in New Caledonia. A meal at the Boarding Club or at the Boarding beach in the Kiri Club served on a table with linen and china, by New Zealand WAACs, was a real treat especially when it is to be remembered that none of us had not seen a white woman (much less a New Zealand girl) for nine months. Probably the greatest boon of all was the plentiful supply of fresh water and hot showers. It was almost ecstasy to stand under a hot shower and get up a good lather, and it took some time for us to get used to the idea that we could drink as much fresh water as we desired, and wash ourselves and our clothes in it to our heart's content. While recuperating in New Caledonia for several weeks manpower and furlough drafts so depleted our ranks that by the end of July the battalion was a mere shadow of its former self. The days passed pleasantly enough but the burning question was "when do we move to New Zealand?"

At length instructions began to drift in, then pour in, until finally they seemed to flow in our continuous stream. We found that we were to say goodbye to New Caledonia, leave our furlough in New Zealand and then we would receive further instructions. An excellent organization called the force rear party under the command of base headquarters was to handle all our stores and provide guards, and each unit was instructed to provide a proportion of its men for this job. Our quota eyed us with every but quite uninterest early because their arrival in New Zealand was delayed only a month or so.

So the balance of the battalion set to work to check, pack and hand over to the force rear party all of our battalion equipment, accompanied by packing lists, manifests shipping schedules and all

McDonough, 2002-07-15 This is an epic action-adventure romantic historic account of a family that came to America in 1752 as indentured servants and helped to build this country into the great nation it has become. They have fought in every war that this country has ever been engaged in, yet it is not a war novel. It is the story of America. This is the great American novel depicting the type of people that made America the great nation that it is today. It is an historical action-adventure and romantic story of real people the reader will recognize as their neighbors. The War Chronicles of Jerzy Dobiecki Ian von

Hientze, 2019-02-05 This tribute to the life of Jerzy Dobiecki, a Polish cavalry captain with the 18th Pułk Ułanów Pomorskich, the 18th Polish Pomeranian Lancers, is a story based on previously archived material originally written by the Captain in Polish that has been translated for the first time into English. The Captain's chronicles bring to life eye-witness accounts of his regiment's deployments during the Russo-Polish War between 1919 and 1921, one of several little-publicized wars in English and fought between Poland and her neighbors immediately following the 1914-1918 Great War. Eighteen years later, as Poland was invaded by Germany in September 1939, from his position on attachment to the Polish Ministry of Military Affairs in Warsaw, Captain Dobiecki kept a diary of battles as they developed across Poland during the first weeks of the Second World War. The diary records events as he and what remained of the Polish military High Command were evacuated to neighboring Romania when Poland was additionally overrun by Soviet forces from the east. His journal sheds light on his subsequent escape from internment across Europe to France and later on to Britain, where he served as a staff officer with the command of the Polish 1st Corps formed in exile in Scotland. Following the end of hostilities in Europe in 1945 and upon return to Britain after the fighting on the continent, like thousands of other Poles commissioned under the auspices of the Polish Resettlement Corps, Jerzy had to decide whether to return to his native Poland or whether he should try to somehow rescue and bring to England what was left of his family now trapped behind the iron curtain in eastern Poland, facing an uncertain future and severity under a Stalinist regime. The Howe Dynasty: The Untold Story of a Military Family and the Women Behind Britain's Wars for America Julie Flavell, 2021-07-20 Finalist George Washington Book Prize New York Times Book Review Editors Choice Finally

revealing the family's indefatigable women among its legendary military figures. The Howe Dynasty recasts the British side of the American Revolution. In December 1774 Benjamin Franklin met Caroline Howe, the sister of British General Sir William Howe and Richard Admiral Lord Howe, in a London drawing room for half a dozen Games of Chess. But as historian Julie Flavell reveals, these meetings were about much more than board games; they were cover for a last-ditch attempt to forestall the outbreak of the American War of Independence. Aware that the distinguished Howe family, both the men and the women, have been known solely for the military exploits of the brothers, Flavell investigated the letters of Caroline Howe, which have been blatantly overlooked since the nineteenth century. Using revelatory documents and this correspondence, The Howe Dynasty provides a groundbreaking reinterpretation of one of England's most famous military families across four wars. Contemporaries considered the Howes impenetrable and intensely private, or as Horace Walpole called them, brave and silent. Flavell traces their roots to modest beginnings at Langar Hall in rural Nottinghamshire and highlights the Georgian phenomenon of the politically involved aristocratic woman. In fact, the early careers of the brothers, George, Richard, and William, can be credited not to the maneuverings of their father, Scrope Lord Howe, but to those of their aunt, the savvy Mary Herbert Countess Pembroke. When eldest sister Caroline came of age during the reign of King George III, she too used her intimacy with the royal inner circle to promote her brothers, moving smoothly between a straitlaced court and an increasingly scandalous London high life. With genuine suspense, Flavell skillfully recounts the most notable episodes of the brothers' military campaigns: how Richard commanded the HMS Dunkirk in 1755, fired the first shot signaling the beginning of the Seven Years War at sea; how George won the devotion of the American fighters he commanded at Fort Ticonderoga just three years later; and how youngest brother General William Howe, his sympathies torn nonetheless, commanded his troops to a bitter Pyrrhic victory in the Battle of Bunker Hill, only to be vilified for his failure as British commander in chief to subdue Washington's Continental Army. Britain's desperate battles to guard its most vaunted colonial possession are here told in tandem with London parlor-room intrigues where Caroline bravely fought to protect the Howe reputation in a gossipy aristocratic milieu. A riveting narrative and long overdue reassessment of the entire family, The Howe Dynasty forces us to reimagine the Revolutionary War in ways that would have been previously inconceivable.
