

Famine, Land and Culture in Ireland

edited by Carla King

Famine Land And Culture In Ireland

David Pierce

Famine Land And Culture In Ireland:

Famine, Land, and Culture in Ireland Carla King, 2000 Land has been a dominant theme in modern Irish history extending to political and cultural issues as well as permeating social and economic ones Irish Culture and Colonial Modernity 1800-2000 David Lloyd, 2011-09-22 From the Famine to political hunger strikes from telling tales in the pub to Beckett's tortured utterances the performance of Irish identity has always been deeply connected to the oral Exploring how colonial modernity transformed the spaces that sustained Ireland's oral culture this book explains why Irish culture has been both so creative and so resistant to modernization David Lloyd brings together manifestations of oral culture in the nineteenth and twentieth centuries showing how the survival of orality was central both to resistance against colonial rule and to Ireland's modern definition as a postcolonial culture Specific to Ireland as these histories are they resonate with postcolonial cultures globally This study is an important and provocative new interpretation of Irish national culture and how it came into being **Famines in European Economic History** Declan Curran, Lubomyr Luciuk, Andrew G.

Newby, 2015-04-24 This volume explores economic social and political dimensions of three catastrophic famines which struck mid nineteenth and early twentieth century Europe the Irish Famine An Gorta Mór of 1845-1850 the Finnish Famine Suuret Nälkävuodet of the 1860s and the Ukrainian Famine Holodomor of 1932-1933 In addition to providing new insights into these events on international national and regional scales this volume contributes to an increased comparative historiography in historical famine studies The parallel studies presented in this book challenge and enhance established understandings of famine tragedies including famine causation and culpability social and regional famine vulnerabilities core periphery relationships between nations and regions degrees of national autonomy and self sufficiency as well as famine memory and identity Famines in European Economic History advocates that the impact and long term consequences of famine for a nation should be understood in the context of evolving geopolitical relations that extend beyond its borders Furthermore regional structures within a nation can lead to unevenness in both the severity of the immediate famine crisis and the post famine recovery This book will be of interest to those in the fields of economic history European history and economic geography

The Oxford Handbook of Modern Irish History Alvin Jackson, 2014-03-27 The study of Irish history once riven and constricted has recently enjoyed a resurgence with new practitioners new approaches and new methods of investigation The Oxford Handbook of Modern Irish History represents the diversity of this emerging talent and achievement by bringing together 36 leading scholars of modern Ireland and embracing 400 years of Irish history uniting early and late modernists as well as contemporary historians The Handbook offers a set of scholarly perspectives drawn from numerous disciplines including history political science literature geography and the Irish language It looks at the Irish at home as well as in their migrant and diasporic communities The Handbook combines sets of wide thematic and interpretative essays with more detailed investigations of particular periods Each of the contributors offers a summation of the state of scholarship within

their subject area linking their own research insights with assessments of future directions within the discipline In its breadth and depth and diversity The Oxford Handbook of Modern Irish History offers an authoritative and vibrant portrayal of the history of modern Ireland Ireland, Radicalism, and the Scottish Highlands, c.1870-1912 Andrew Newby,2019-08-06 No detailed description available for Ireland Radicalism and the Scottish Highlands c 1870 1912 War and Revolution in the West of Ireland Conor McNamara,2018-03-12 The period 1913 22 witnessed extraordinary upheaval in Irish society The Easter Rising of 1916 facilitated the emergence of new revolutionary forces and the eruption of guerrilla warfare In Galway and elsewhere in the west the new realities wrought by World War One saw the emergence of a younger generation of impatient revolutionaries In 1916 Liam Mellows led his Irish Volunteers in a Rising in east Galway and up to 650 rebels took up defensive positions at Moyode Castle From the western shores of Connemara to market towns such as Athenry Tuam and Galway local communities were subject to unprecedented use of terror by the Crown Forces Meanwhile conflict over land an enduring grievance of the poor threatened to overwhelm parts of Galway with sustained land seizures and cattle drives by the rural population War and Revolution in the West of Ireland Galway 1913 1922 provides fascinating insights into the revolutionary activities of the ordinary men and women who participated in the struggle for independence In this compelling new account Galway historian Conor McNamara unravels the complex web of identity and allegiance that characterised the west of Ireland exploring the enduring legacy of a remarkable and contested era **The Cambridge History of Ireland: Volume 3, 1730-1880** James Kelly,2018-02-28 The eighteenth and nineteenth centuries was an era of continuity as well as change Though properly portrayed as the era of Protestant Ascendancy it embraces two phases the eighteenth century when that ascendancy was at its peak and the nineteenth century when the Protestant elite sustained a determined rear guard defence in the face of the emergence of modern Catholic nationalism Employing a chronology that is not bound by traditional datelines this volume moves beyond the familiar political narrative to engage with the economy society population emigration religion language state formation culture art and architecture and the Irish abroad It provides new and original interpretations of a critical phase in the emergence of a modern Ireland that while focused firmly on the island and its traditions moves beyond the nationalist narrative of the twentieth century to provide a history of late early modern Ireland for the twenty first century *The Great Irish Potato Famine* James S Donnelly Jr,2002-11-01 In the century before the great famine of the late 1840s the Irish people and the poor especially became increasingly dependent on the potato for their food So when potato blight struck causing the tubers to rot in the ground they suffered a grievous loss Thus began a catastrophe in which approximately one million people lost their lives and many more left Ireland for North America changing the country forever During and after this terrible human crisis the British government was bitterly accused of not averting the disaster or offering enough aid Some even believed that the Whig government's policies were tantamount to genocide against the Irish population James Donnelly's account looks closely at the political and social consequences of the great Irish potato famine

and explores the way that natural disasters and government responses to them can alter the destiny of nations The Transformation Of Ireland 1900-2000 Diarmaid Ferriter,2010-07-09 A ground breaking history of the twentieth century in Ireland written on the most ambitious scale by a brilliant young historian It is significant that it begins in 1900 and ends in 2000 most accounts have begun in 1912 or 1922 and largely ignored the end of the century Politics and political parties are examined in detail but high politics does not dominate the book which rather sets out to answer the question What was it like to grow up and live in 20th century Ireland It deals with the North in a comprehensive way focusing on the social and cultural aspects not just the obvious political and religious divisions *Land questions in modern Ireland* Fergus Campbell,Tony Varley,2016-05-16 This collection of essays explores the nature and dynamics of Ireland s land questions during the nineteenth and twentieth centuries and also the ways in which the Irish land question has been written about by historians The book makes a vital contribution to the study of historiography by including for the first time the reflections of a group of prominent historians on their earlier work These historians consider their influences and how their views have changed since the publication of their books so that these essays provide an ethnographic study of historians thoughts on the shelf life of books exploring the way history is made The book will be of interest to historians of modern Ireland and those interested in the revisionist debate in Ireland as well as to sociologists and anthropologists studying Ireland or rural societies

A History of Irish Literature and the Environment Malcolm Sen,2022-07-28 From Gaelic annals and medieval poetry to contemporary Irish literature A History of Irish Literature and the Environment examines the connections between the Irish environment and Irish literary culture Themes such as Ireland s island ecology the ecological history of colonial era plantation and deforestation the Great Famine cultural attitudes towards animals and towards the land the postcolonial politics of food and energy generation and the Covid 19 pandemic this book shows how these factors determine not only a history of the Irish environment but also provide fresh perspectives from which to understand and analyze Irish literature An international team of contributors provides a comprehensive analysis of Irish literature to show how the literary has always been deeply engaged with environmental questions in Ireland a crucial new perspective in an age of climate crisis A History of Irish Literature and the Environment reveals the socio cultural racial and gendered aspects embedded in questions of the Irish environment **Light, Freedom and Song** David Pierce,2005-01-01 In this absorbing analysis of modern Irish writing an acknowledged expert considers the hybrid character of modern Irish writing to show how language culture and history have been affected by the colonial encounter between Ireland and Britain Examining the great themes of loss and struggle David Pierce traces the impact on Irish writing of the Great Famine and cultural nationalism and considers the way the work of Ireland s two leading writers W B Yeats and James Joyce complicate and elucidate our view of the harp and the crown The book draws a contrast between the West of Ireland in the 1930s when the new Irish State enjoyed its first full independent decade and the North of Ireland in the 1980s when the spectre of British imperialism threatened the stability of Ireland

Pierce then surveys contemporary Irish writing and reflects on the legacy of the colonial encounter and on the passage to a postmodern or postnationalist Ireland in the work of such crucial living writers as John Banville Derek Mahon and John McGahern

A Greater Ireland Ely M. Janis, 2015 A Greater Ireland examines the Irish National Land League in the United States and its impact on Irish American history It also demonstrates the vital role that Irish American women played in shaping Irish American nationalism

Peasant Petitions R. Houston, 2014-07-02 This book examines the structures and texture of rural social relationships using one type of document found in abundance over all the four component parts of Britain and Ireland petitions from tenants to their landlords The book offers unexpected angles on many aspects of society and economy on estates in the 17th and 18th centuries

Historical Dictionary of Ireland Frank A. Bilezikian, 2013-11-14 All places undergo change but in few has this change been quite as sweeping as Ireland both the independent Republic of Ireland and dependent Northern Ireland so it is good to see where it is heading at present Obviously that has to be judged on the background of where it is coming from not only over the past decade or so but over centuries and indeed millennia This new edition of Historical Dictionary of Ireland is an excellent resource for discovering the history of Ireland This is done through a chronology an introductory essay and an extensive bibliography The cross referenced dictionary section has over 600 entries on significant persons places and events political parties and institutions including the Catholic church with period forays into literature music and the arts This book is an excellent resource for students researchers and anyone wanting to know more about Ireland

Politics and the Irish Working Class, 1830-1945 Donal Ó Drisceoil, F. Lane, 2005-09-30 This book is the first ever collection of scholarly essays on the history of the Irish working class It provides a comprehensive introduction to the involvement of Irish workers in political life and movements between 1830 and 1945 Fourteen leading Irish and international historians and political scientists trace the politicization of Irish workers during a period of considerable social and political turmoil The contributions include both surveys covering the entire period and case studies that provide new perspectives on crucial historical movements and moments This volume is a milestone in Irish labour and political historiography and an important contribution to the international literature on politics and the working class

Charles Stewart Parnell and His Times N. C. Fleming, Alan O'Day, 2011-07-06 Charles Stewart Parnell 1846 1891 wrote remarkably little about himself but he has attracted the attention of many writers politicians and scholars both during his lifetime and ever since His controversial and provocative role in Irish and British affairs had him vilified as a murderer in The Times and afterwards dramatically vindicated by the Westminster Parliament It cast him as a romantic hero to the young James Joyce and a self serving opportunist to the journalists of the Nation Parnell has been the subject of court cases parliamentary enquiries and debates journalism plays poems literary analysis and historical studies For the first time all these have been collected catalogued and cross referenced in one volume an invaluable resource for scholars of late nineteenth century Ireland and Britain Divided into fifteen chapters including a biographical sketch the volume contains

information on manuscript and archival collections printed primary sources Parnell's writing Parnell's speeches in the House of Commons and outside Parliament contemporary journalism contemporary writing and contemporary illustrations on Irish affairs and a substantial list of scholarly work including biographies books articles chapters and theses This volume offers readers a clear record of the substantial material already available on Parnell and in doing so offers resources to future research in this area

The Great Famine Ciarán Ó Murchadha, 2011-08-04 An engaging and moving account of this most destructive event in Irish history

Class and Community in Provincial Ireland, 1851-1914 Brian Casey, 2018-04-26 This book explores the experience of small farmers labourers and graziers in provincial Ireland from the immediacy of the Famine until the eve of World War One During this period of immense social and political change they came to grips with the processes of modernisation By focusing upon east Galway it argues that they were not an inarticulate mass but rather they were sophisticated and politically aware in their own right This study relies upon a wide array of sources which have been utilised to give as authentic a voice to the lower classes as possible Their experiences have been largely unrecorded and this book redresses this imbalance in historiography while adding a new nuanced understanding of the complexities of class relations in provincial Ireland This book argues that the actions of the rural working class and nationalists has not been fully understood supporting E P Thompson's argument that their aspirations were valid in terms of their own experiences

A New History of Ireland Volume VII J. R. Hill, 2003-12-04 A New History of Ireland is the largest scholarly project in modern Irish history In 9 volumes it provides a comprehensive new synthesis of modern scholarship on every aspect of Irish history and prehistory from the earliest geological and archaeological evidence through the Middle Ages down to the present day Volume VII covers a period of major significance in Ireland's history It outlines the division of Ireland and the eventual establishment of the Irish Republic It provides comprehensive coverage of political developments north and south as well as offering chapters on the economy literature in English and Irish the Irish language the visual arts emigration and immigration and the history of women The contributors to this volume all specialists in their field provide the most comprehensive treatment of these developments of any single volume survey of twentieth century Ireland

Yeah, reviewing a ebook **Famine Land And Culture In Ireland** could amass your near links listings. This is just one of the solutions for you to be successful. As understood, completion does not suggest that you have fantastic points.

Comprehending as without difficulty as union even more than additional will meet the expense of each success. next-door to, the declaration as competently as sharpness of this Famine Land And Culture In Ireland can be taken as well as picked to act.
