The Victorian Mind's Eye Julia Thomas, 2025-01-12 The Victorian Mind s Eye Reading Literature in an Age of Illustration The Victorians lived in an age of illustration In a matter of decades words and images had become enmeshed and entangled printed alongside each other in a spectacular array of printed forms The exponential growth of illustration not only radically changed literature but also changed the way that literature was read This book offers a major conceptualisation of the difference that pictures made to the reading of words Analysing an extensive range of illustrated material and drawing on the accounts of Victorian readers reviewers authors artists and psychologists the book describes how the Victorians characterised the effects of illustration and how illustrations in turn elicited and anticipated responses from their readers What emerges from these sources is the notion of a distinct mode of reading that determined readers material and mental engagements with illustrated literature The presence of images on the page was said to impact on whether readers created images in their mind as they read Illustrations generated feelings of pleasure or displeasure they determined what was read first what was recalled and what was etched in the memory By peering into the recesses of the mind s eye this book identifies the cognitive mechanisms and cultural politics that were central to how the Victorians described their reading of illustrated literature It suggests the significance of these ideas of reading for understanding the place of illustration in Victorian culture and the relation between words pictures and historical values and meanings Illustration was fundamental to how the Victorians read and to how we read the Victorians

The Significance of Fabrics in the Writings of Elizabeth Gaskell Amanda Ford, 2022-12-30 Elizabeth Gaskell s writings abound in references to a cultural materiality encompassing different types of fabric stuffs calicoes chintzes and fine point lace These are not merely the motifs of the Realist genre but reveal a complex polysemy Utilizing a metonymic examination of these tropes this volume exposes the dramatic structural and socio economic upheaval generated by industrialization urbanization and the widening sphere of empire The material evidence testifies to the technological and production innovations evolving diachronically for the period and the evolution of Manchester as the industrial Cottonpolis that clothed the world by the 1840s This volume analyses Gaskell s manipulation of the materiality arguing its firm roots lie in the quotidian of women s domestic and provincial life within the growing ranks of the middle classes Exploring Gaskell s tactile imagination an embodied relationship with fabrics and sewing a function of her daily life from an early age this volume provides insight into the sensory aspects of cloth and its ability to stir affective responses emotions and memories whereby worn fabrics and even the absence of previous textile treasures is poignant recreating layers of recollection This book aims to restore the pulsating

dynamic context of ordinary women's dressed lives and presents innovative interpretations of Gaskell's texts Extreme Domesticity Susan Fraiman, 2017-01-10 Domesticity gets a bad rap We associate it with stasis bourgeois accumulation banality and conservative family values Yet in Extreme Domesticity Susan Fraiman reminds us that keeping house is just as likely to involve dislocation economic insecurity creative improvisation and queered notions of family Her book links terms often seen as antithetical domestic knowledge coinciding with female masculinity feminism and divorce domestic routines elaborated in the context of Victorian poverty twentieth century immigration and new millennial homelessness Far from being exclusively middle class domestic concerns are shown to be all the more urgent and ongoing when shelter is precarious Fraiman's reformulation frees domesticity from associations with conformity and sentimentality Ranging across periods and genres and diversifying the archive of domestic depictions Fraiman's readings include novels by Elizabeth Gaskell Sandra Cisneros Jamaica Kincaid Leslie Feinberg and Lois Ann Yamanaka Edith Wharton's classic decorating guide popular women's magazines and ethnographic studies of homeless subcultures Recognizing the labor and know how needed to produce the space we call home Extreme Domesticity vindicates domestic practices and appreciates their centrality to everyday life At the same time it remains well aware of domesticity's dark side Neither a romance of artisanal housewifery nor an apology for conservative notions of home Extreme Domesticity stresses the heterogeneity of households and probes the multiplicity of domestic meanings **Making, Selling and Wearing Boys' Clothes in Late-Victorian England** Clare Rose, 2016-12-05

There has been a great deal of recent interest in masculine clothing examining both its production and consumption and the ways in which it was used to create individual identities and to build businesses from 1850 onwards Drawing upon a wide range of sources this book studies the interaction between producers and consumers at a key period in the development of the ready made clothing industry It also shows that many innovations in advertising clothing usually considered to have been developed in America had earlier British precedents To counter the lack of documentary evidence that has hitherto hampered research into the dress practices of non elite groups this book utilises thousands of unpublished visual documents These include hundreds of manufacturers designs which underline an unexpected degree of investment by manufacturers in boys clothing and which was matched by heavy investment in advertising with thousands of images of boys clothing for shop catalogues in the Stationers Hall copyright archive Another key source is the archives of Dr Barnardo's Homes This extraordinary collection contains over 15 000 documented photographs of boys entering between 1875 and 1900 allowing us to look beyond official polarization of raggedness and respectability used by charities and social reformers of all stripes and to establish the clothing that was actually worn by a large sample of boys A close analysis of 1 800 images reveals that even when families were impoverished they strove to present their boys in ways that reflected their position in the family group and in society By drawing on these visual sources and linking the design and retailing of boys clothing with social cultural and economic issues this book shows that an understanding of the production and consumption of the boys clothing is central

to debates on the growth of the consumer society the development of mass market fashion and concepts of childhood and masculinity
