Moby-Dick Herman Melville, 2019-06-15 STORY Moby Dick by Herman Melville Wikipedia's description Moby Dick or The Whale is an 1851 novel by American writer Herman Melville. The book is sailor Ishmael's narrative of the obsessive quest of Ahab, captain of the whaling ship Pequod, for revenge on Moby Dick, the giant white sperm whale that on the ship's previous voyage bit off Ahab's leg at the knee. A contribution to the literature of the American Renaissance, the work's genre classifications range from late Romantic to early Symbolist. Moby Dick was published to mixed reviews, was a commercial failure, and was out of print at the time of the author's death in 1891. Its reputation as a Great American Novel was established only in the 20th century after the centennial of its author's birth. The basis for the work is Melville's 1841 whaling voyage aboard the Acushnet. The novel also draws on whaling literature and on literary inspirations such as Shakespeare and the Bible. The white whale is modeled on the notoriously hard to catch albino whale Mocha Dick, and the book's ending is based on the sinking of the whaleship Essex in 1820. The detailed and realistic descriptions of whale hunting and of extracting whale oil, as well as life aboard ship among a culturally diverse crew, are mixed with exploration of class and social status, good and evil, and the existence of God.

AUTHOR Herman Melville Wikipedia's description Herman Melville (1819–1891) was an American novelist, short story writer, and poet of the American Renaissance period. Among his best-known works are Typee (1846), a romantic account of his experiences of Polynesian life, and his masterpiece Moby Dick (1851). Melville was born in New York City, the third child of a merchant. Typee, his first book, was followed by a sequel, Omoo (1847). Both were successful and gave him the financial basis to marry Elizabeth Shaw, a daughter of a prominent Boston family. His first novel, not based on his own experiences, Mardi (1849), was not well received. His next fictional work, Redburn (1849), and his non-fiction, White-Jacket (1850), were given better reviews but did not provide financial security. Moby Dick (1851), although now considered one of the great American novels, was not well received among contemporary critics. His psychological novel, Pierre; or, The Ambiguities (1852), was also scorned by reviewers. From 1853 to 1856, Melville published short fiction in magazines, which were collected in 1856 as The Piazza Tales. In 1857, he traveled to England and then toured the Near East. The Confidence-Man (1857) was the last prose work that he published. He moved to New York to take a position as Customs Inspector and turned to poetry. Battle-Pieces and Aspects of the War (1866) was his poetic reflection on the moral questions of the American Civil War. In 1867, his oldest child, Malcolm, died at home from a self-inflicted gunshot. Clarel: A Poem and Pilgrimage in the Holy Land was published in 1876, a metaphysical epic. In 1886, his son, Stanwix, died of apparent tuberculosis, and Melville retired. During his last years, he privately published two volumes of poetry, left one volume unpublished, and returned to prose of the sea. The novella Billy Budd was left unfinished at his death but was published posthumously in 1924. Melville died from cardiovascular disease in 1891. The 1919 centennial of his birth became the starting point of the Melville Revival, with critics rediscovering his work and his major novels starting to become recognized as world classics of prominent importance to contemporary

established a profound but short lived friendship with Nathaniel Hawthorne to whom he dedicated *Moby Dick*. *Moby Dick* was another commercial failure published to mixed reviews. Melville's career as a popular author effectively ended with the cool reception of *Pierre* 1852 in part a satirical portrait of the literary scene. His Revolutionary War novel *Israel Potter* appeared in 1855. From 1853 to 1856 Melville published short fiction in magazines most notably *Bartleby the Scrivener* 1853, *The Encantadas* 1854 and *Benito Cereno* 1855. These and three other stories were collected in 1856 as *The Piazza Tales*. In 1857 he voyaged to England where he reunited with Hawthorne for the first time since 1852 and then went on to tour the Near East. *The Confidence Man* 1857 was the last prose work he published during his lifetime. He moved to New York to take a position as Customs Inspector and turned to poetry. *Battle Pieces and Aspects of the War* 1866 was his poetic reflection on the moral questions of the Civil War.

Early American writer Herman Melville is best known for his great American novel *Moby Dick*. However Melville was also a prolific and honest short story writer. His stories play with irony twisting the fates of his protagonists and making sure that the reader is left with a deep sense of wonder and enlightenment. Many of his works are set from an outsider's perspective of immigrants in early America which is interesting considering that Melville was an American. Yet in the 1800s many Americans were still struggling to find their identities. Some were recent immigrants and others were trying to catch up with the changing times and moralities. America was becoming more obsessed with wealth and status leaving very little room for those that were not able to make it to the top. Innocence was lost in America and Melville wanted to give those lost souls a voice with his works. With stories like *Bartleby the Scrivener*, *A Story of Wall Street* and *Billy Budd*. Foretopman Melville gave the stereotypical impersonal American a relatable face for his audience. He did not receive much praise during his own time. However now Melville is praised as an early American philosopher of theoretical and political subjects due to the 20th century Melville Revival. His mix of styles may seem difficult but his mastery speaks to the genius that is Melville.

Typee Herman Melville, 2021-01-12 *Typee* 1846 is a work of travel literature by American writer Herman Melville. Its publication was an instant success in both London and New York earning Melville a reputation as one of America's most promising young authors. Although he claimed to base the entirety of the book on his own experiences as a sailor it is now believed that the

book incorporates aspects of Melville's life with scenes inspired by imagination and other works of travel literature. Despite the success of *Typee* and subsequent works, Melville's reputation foundered until it was reappraised in the 1920s when scholars recognized his status as one of nineteenth-century America's finest writers. Tired of his life as a sailor and unwilling to put up with the grueling labor and general cruelty faced by the lowest on board, Melville decides to abandon ship at the island of Nukuheva. Alongside his friend and shipmate Toby, he seizes his opportunity while on shore to escape from the rest of the men in secret. After making their way inland through Nukuheva's densely forested mountains, the pair's only hope for survival depends on the kindness and generosity of the island's native people. After a long and perilous journey, they discover the hidden valley of Typee, whose people welcome the castaways into their midst. *Typee* is a story of four months spent on a secluded island with a people whose lives seem entirely untouched by Western culture. Its popular success as a work of travel literature enabled Melville to launch a career as a professional writer and established his reputation as a skillful chronicler of adventure. With a beautifully designed cover and professionally typeset manuscript, this edition of Herman Melville's *Typee* is a classic of American literature reimagined for modern readers.
