Fall Of The Berlin Wall November 9 1989:

The Collapse Mary Elise Sarotte, 2014-10-07 On the night of November 9 1989 massive crowds surged toward the Berlin Wall drawn by an announcement that caught the world by surprise East Germans could now move freely to the West The Wall infamous symbol of divided Cold War Europe seemed to be falling But the opening of the gates that night was not planned by the East German ruling regime nor was it the result of a bargain between either Ronald Reagan or George H W Bush and Soviet leader Mikhail Gorbachev It was an accident In The Collapse prize winning historian Mary Elise Sarotte reveals how a perfect storm of decisions made by daring underground revolutionaries disgruntled Stasi officers and dictatorial party bosses sparked an unexpected series of events culminating in the chaotic fall of the Wall With a novelist's eye for character and detail she brings to vivid life a story that sweeps across Budapest Prague Dresden and Leipzig and up to the armed checkpoints in Berlin We meet the revolutionaries Roland Jahn Aram Radomski and Siggie Schefke risking it all to smuggle the truth across the Iron Curtain the hapless Politburo member G Schabowski mistakenly suggesting that the Wall is open to a press conference full of foreign journalists including NBC's Tom Brokaw and Stasi officer Harald Jäger holding the fort at the crucial border crossing that night Soon Brokaw starts broadcasting live from Berlin's Brandenburg Gate where the crowds are exulting in the euphoria of newfound freedom and the dictators are plotting to restore control Drawing on new archival sources and dozens of interviews The Collapse offers the definitive account of the night that brought down the Berlin Wall

The Fall of the Berlin Wall, 9 November 1989 Patricia Levy, 2002 This title describes events on the day the Berlin Wall fell and the effect it had on Germany and the rest of Europe It also looks at the history of the Wall explaining why it was built as well as looking at the implications of what happened in the wider context of the 20th century history Real life accounts are included in moment in time boxes acting as a freeze frame of people's thoughts emotions and experiences as those from West Germany were at last free to travel to the East and vice versa

The Fall of the Berlin Wall as Seen from an East German Political Perspective Sven P. Trinkaus, 2011 This paper will trace the series of events since WWII which ultimately led to the opening of the Berlin Wall and intra German border on November 9 1989 It will focus largely on the East German view and it will demonstrate that most of East Berlin's policies were reactive rather than proactive in nature especially when it came to decisions made in Bonn Moscow or Washington It will also delve into the factors responsible for East Germany's enduring communist rule and the limited prosperity which ironically helped foster its ultimate fall For a while in many areas the German Democratic Republic's methods of censorship control and political indoctrination achieved the necessary results but they also produced high levels of personal alienation resentment and political mistrust In time these all too human reactions were increasingly more difficult to eradicate or suppress by the authorities In league with the rapidly changing international events of the times East German anger and frustration finally erupted that led to the dramatic and historic moments of the People's Revolution in November 1989 To a large degree the communist regime was swept from

power by a popular revolt from below The implosion of East Germany was in effect the West's tipping point for victory in the Cold War It was second only in importance to the dissolution of the Soviet Union in 1991 Not enough has been said of the East Germans role in bringing down the Wall This paper will attempt to act as a corrective measure to this oversight
