Author of Loose Balls and Tall Tales

# Falling From Grace Can Pro Basketball Be Saved

**Santiago Colás**

## **Falling From Grace Can Pro Basketball Be Saved:**

**Falling from Grace** Terry Pluto, 1995-06-01 The Nat Basketball Assoc may have been the runaway success story in sports in the 1980s but midway through the 1990s the league was more like a runaway train with superstars who can't make a free throw all stars who give their coach a blank check up front to cover their fines for the season shoe companies that make commercials with a spokesman who led the league in flagrant fouls fines ejections suspensions The troubles can be seen in every aspect of the sport In this book coaches owners refs players broadcasters general managers discuss what's going wrong with pro basketball whether it can be saved Falling from Grace Terry Pluto, 1995 Pluto looks at the causes contributing to the decline of the NBA including a look at the Continental Basketball Association

**From Julius to Jason** Guy Kipp, 2003 From the time that the Nets sold Julius Erving to the Philadelphia 76ers upon entering the NBA in 1976 until the point when they acquired Jason Kidd from the Phoenix Suns in a trade in 2001 the Nets were plagued by a series of events that were by turns tragic ill timed unfortunate or just plain self destructive At least until 2002 when so many of the ghosts of a quarter century of misfortune and occasional mismanagement were virtually exorcized These are the Nets Their history is like that of no other sports organization in America So lace up your old nylon Chuck Taylor Converse sneakers inflate that old red white and blue basketball you've got sitting in the garage and come join us for a long strange trip back through Nets lore

**Ball Don't Lie** Santiago Colás, 2016-04-05 Pro basketball player Rasheed Wallace often exclaimed the pragmatic truth Ball don't lie during a game It is a protest against a referee's bad calls But the slogan which originated in pickup games brings the reality of a racialized urban playground into mainstream American popular culture In *Ball Don't Lie* Yago Colás traces the various forms of power at work in the intersections between basketball and language from the game's invention to the present day He critiques existing popular myths concerning the history of basketball contextualizes them and presents an alternative history of the sport inspired by innovations Colás emphasizes the creative prerogative of players and the ways in which their innovations shape and are shaped by broader cultural and social phenomena *Ball Don't Lie* shows that basketball cannot be reduced to a single fixed or timeless essence but instead is a continually evolving exhibition of physical culture that flexibly adapts to and sparks changes in American society Basketball in America Frank

Hoffmann, Robert P Batchelor, Martin J Manning, 2016-05-23 Examine the social and cultural impact of basketball on America at the amateur and professional levels *Basketball in America From the Playgrounds to Jordan's Game and Beyond* is a pioneering analysis of the history of basketball and its effect on popular culture from the 1970s to today The popularity of basketball is undeniable and the subject allows for such a broad range of interpretations in popular culture It cuts across economic racial and social boundaries and its major stars cross over into other forms of popular entertainment more than any other professional sport This book examines the entire scope of modern basketball history from the playgrounds where people first learn the fundamentals to the college and professional levels *Basketball in America* is a collection of essays that

explores the intersection of basketball and popular culture in America The contributors are an eclectic mix of writers scholars journalists former players coaches and sports enthusiasts who all share an undying love for the game of basketball The authors analyze the sport from a cross cultural and historical perspective digging deep into the profound popular cultural influences of basketball and exploring the scope and depth of its influence This is the first book that examines the social and cultural impact of basketball on American society to reveal how tightly it is woven into America s cultural fabric Also included are photographs and tables to enhance your understanding of the material Topics covered in Basketball in America include Elgin Baylor the first modern basketball player Chocolate Thunder and Short Shorts The NBA in the 1970s Dr J Bird Magic Jordan and the Bad Boys The NBA in the 1980s The Jordan Era The NBA in the 1990s LeBron James and the future of the NBA the Nike brand and popular culture lessons learned from legendary UNC coach Dean Smith professional women s basketball and much more Basketball in America is a comprehensive analysis that will appeal to anyone interested in understanding how the sport has become an integral part of our national culture It is an insightful read for sports fans as well as for sports historians In addition this book can be used as a textbook in sports history or sociology of sports classes It will entertain and inform those who treasure basketball and the role it plays in the American consciousness Make it part of your collection today

*Basketball Jones* Todd Boyd, Kenneth L. Shropshire, 2000-09 It began with Magic Bird and Dr J Then came Michael The Dream Team The WNBA And most recently Spree Latrell Sprewell American Dream or American Nightmare the embodiment of everything many believe is wrong and others believe is exciting about the game Today despite the NBA strike despite home run derbies despite football s headlock on network television ratings despite the much heralded return of baseball basketball has assumed a role in American culture and consciousness impossible to imagine 20 years ago when arenas were empty and the NBA finals were broadcast via tape delay in the wee hours So what happened How did a black sport plagued by drug scandal and decimated by white flight come to achieve such prominence What are the subtle and not so subtle racial codes that define how the game is played and perceived and the reception of its high profile stars What does the shift in popularity from the predominantly white working class ethos of baseball to the black urban ethos of basketball suggest about contemporary life in America What linkages exist between basketball and hip hop culture and how did these develop How has the arrival of women on the scene changed the equation Bringing together journalists cultural critics and academics this wide ranging anthology has something for everyone from hard core fan to casual observer Contributors Todd Boyd Kenneth L Shropshire Gerald Early James Peterson Susan J Rayl Davis W Houck Mark Conrad Charles J Ogletree Jr Earl Smith Sohail Daulatzi Larry Platt Tina Sloan Green Alpha Alexander Tara McPherson Aaron Baker

*Home Team* Michael N. Danielson, 2021-06-08 Most books that study professional sports concentrate on teams and leagues In contrast Home Team studies the connections between professional team sports in North America and the places where teams play It examines the relationships between the four major professional team sports baseball basketball football

and hockey and the cities that attach their names their hearts and their increasing amount of tax dollars to big league teams From the names on their uniforms to the loyalties of their fans teams are tied to the places in which they play Nonetheless teams like other urban businesses are affected by changes in their environments like the flight of their customers to suburbs and changes in local political climates In Home Team professional sports are scrutinized in the larger context of the metropolitan areas that surround and support them Michael Danielson is particularly interested in the political aspects of the connections between professional sports teams and cities He points out that local and state governments are now major players in the competition for franchises providing increasingly lavish publicly funded facilities for what are in fact private business ventures As a result professional sports enterprises which have insisted that private leagues rather than public laws be the proper means of regulating games have become powerful political players seeking additional benefits from government often playing off one city against another The wide variety of governmental responses reflects the enormous diversity of urban and state politics in the United States and in the Canadian cities and provinces that host professional teams Home Team collects a vast amount of data much of it difficult to find elsewhere including information on the relocation of franchises expansion teams new leagues stadium development and the political influence of the rich cast of characters involved in the ongoing contests over where teams will play and who will pay Everyone who is interested in the present condition and future prospects of professional sports will be captivated by this informative and provocative new book

Historical Dictionary of Basketball John Grasso, 2010-11-15 In less than 120 years an activity invented by one man to alleviate winter boredom for a college gym class has evolved into a worldwide multi billion dollar enterprise It is impossible for Dr James Naismith basketball s inventor to have envisioned the extent to which his simple game would reach Without major changes to his original 13 rules basketball is now played in more than 200 countries by people of all ages Thanks to basketball players like Michael Jordan Earvin Magic Johnson Larry Bird LeBron James Kobe Bryant and Shaquille O Neal have become some of the most famous people in the world The Historical Dictionary of Basketball is a comprehensive account of all forms of basketball amateur professional men s women s Olympic domestic and international from its invention in 1891 through the present day This is done through a chronology an introductory essay an extensive bibliography and over 600 cross referenced dictionary entries on the people places teams and terminology of the game **Michael Jordan, Inc.**

David L. Andrews, 2001-08-09 Uses Michael Jordan as a vehicle for viewing the broader social economic political and technological concerns that frame contemporary culture *Our Tribe* Terry Pluto, 1999 A Midwesterner s version of Wait Till Next Year a witty charming account of the history of the Cleveland Indians and how a common love of baseball forged a remarkable bond between a man and his father 16 pp of photos **Compendium of Professional Basketball** Robert Bradley, 1999 **Burying the Curse** Terry Pluto, 1995 *Books for the Teen Age* New York Public Library, 2001

**Aethlon** ,2000 The journal of sport literature **Basketball in America** Bob Batchelor, 2005 A pioneering analysis of

the history of basketball its effect on popular culture from the 1970s until the present day this book is aimed at sports fans academics alike      **Contemporary Authors New Revision** Pamela Dear,2000-06 This volume of Contemporary Authors R New Revision Series brings you up to date information on approximately 250 writers Editors have scoured dozens of leading journals magazines newspapers and online sources in search of the latest news and criticism Writers appearing in this volume include Gail Anderson Dargatz Valerie Martin Isidore Okpewho Philip Roth      CURRENT CONTENTS ,1996
