Art in Zion Dalia Manor,2004-12-03 Art in Zion deals with the link between art and national ideology and specifically between the artistic activity that emerged in Jewish Palestine in the first decades of the twentieth century and the Zionist movement In order to examine the development of national art in Jewish Palestine the book focuses on direct and indirect expressions of Zionist ideology in the artistic activity in the yishuv the Jewish community in Palestine In particular the book explores two major phases in the early development of Jewish art in Palestine the activity of the Bezalel School of Art and Crafts and the emergence during the 1920s of a group of artists known as the Modernists

Unorganized Religion: Pentecostalism and Secularization in Denmark, 1907-1924 Nikolaj Christensen,2022-03-07 Two phenomena profoundly changed the shape of Christendom in the twentieth century the rise of secularism in Europe and the rise of Pentecostalism elsewhere This book investigates the impact of an emerging secular culture on the early Pentecostal movement using previously unpublished data to build its case study on Denmark The first Pentecostals were idealists who sought to influence the existing churches from within but eventually this approach gave way to the more successful strategy of forming separate Pentecostal churches The insights found herein apply to all religious minorities who seek to adapt to an inhospitable context

Egyptomaniacs Nicky Nielsen,2020-08-30 An examination of the popular view of ancient Egypt as an exotic esoteric and mystical culture that questions if that view is entirely accurate The Greek historian Hecataeus of Abdera declared during the 4th century BCE that the Egyptian civilization was unsurpassed in the arts and in good governance surpassing even that of the Greeks During the Renaissance several ecclesiastical nobles including the Borgia Pope Alexander VI claimed their descent from the Egyptian god Osiris In the 1920s the discovery of Tutankhamun s tomb in the Valley of the Kings prompted one of the first true media frenzies in history For thousands of years the Pharaonic culture has been a source of almost endless fascination and obsession But to what extent is the popular view of ancient Egypt at all accurate In Egyptomaniacs How We Became Obsessed With Ancient Egypt Egyptologist Dr Nicky Nielsen examines the popular view of Egypt as an exotic esoteric mystical culture obsessed with death and overflowing with mummies and pyramids The book traces our obsession with ancient Egypt throughout history and methodically investigates explains and strips away some of the most popular misconceptions about the Pharaohs and their civilization Praise for Egyptomaniacs I have always been attracted to and fascinated by Ancient Egypt In this superb book Nicky Nielsen explains why we are so caught up in what happened in Ancient Egypt Books Monthly UK *The Collected Works of G.K. Chesterton* Gilbert Keith Chesterton,1990 The topics of the 150 columns in the volume include The Real Problem with Religious Toleration The Modern Longing for Slavery America in a Rut The Ku Klux Klan and American Conservatism An Artist s Satire on War The Monster Called Man Volumes 27 through 37 are collected columns from The Illustrated London News Most of the weekly articles Chesterton wrote for The Illustrated London News have never been printed in book form until Ignatius Press undertook to do the collected works These volumes contain all of Chesterton s columns in The Illustrated London News beginning in 1905 The great majority have never appeared in book form Chesterton lovers will be delighted to find this treasure filled with jewels quite the match of his best

Mercurial Mark Twain(s) James L. Machor, 2023-03-15 Who was Mark Twain Was he the genial author of two beloved boys books the white haired and white suited avuncular humorist the realistic novelist the exposé of shams the author repressed by bourgeois values or the social satirist whose later writings embody an increasingly dark view In light of those and other conceptions the question we need to ask is not who he was but how did we get so many Mark Twains The Mercurial Mark Twains s Reception History and Iconic Authorship provides answers to that question by examining the way Twain his texts and his image have been constructed by his audiences Drawing on archival records of responses from common readers reviewer reactions analyses by Twain scholars and critics and film and television adaptations this study provides the first wide ranging fine grained historical analysis of Twain s reception in both the public and private spheres from the 1860s until the end of the twentieth century *The Roots of the World* Duncan B. Reyburn, 2025-02-24 During his career the metaphysically minded journalist G K Chesterton 1874 1936 made a number of remarkable predictions about the future many of which have come true He had no science of history or theory of progress and he vehemently denied that what he was foretelling was inevitable in any way Yet he was still able to imagine with impressive clarity so much of what has come to pass This raises an obvious question How was Chesterton able to be so prescient In this book Duncan Reyburn offers an answer by arguing that Chesterton s gift for prophecy resulted from his unique awareness of formal causation which differs from the typical modern focus on efficient causes and effects To understand Chesterton s attunement to the formal cause his work is refracted through the lenses provided by four thinkers Plato Aristotle Marshall McLuhan and William Desmond These fit together to create a philosophical theological telescope that we can look through to better see the astonishing world in which we live as well as perhaps some of what might happen next *The Military Engineer* , 1922 Directory of members constitution and by laws of the Society of American military engineers 1935 inserted in v 27
