Fama The Politics Of Talk And Reputation In Medieval Europe:

Fama Thelma S. Fenster, Daniel Lord Smail, 2003 In medieval Europe the word fama denoted both talk what was commonly said about a person or event and an individual's ensuing reputation one's fama Although talk by others was no doubt often feared it was also valued and even cultivated as a vehicle for shaping one's status People had to think about how to manage their fama which played an essential role in the medieval culture of appearances At the same time however institutions such as law courts and the church alarmed by the power of talk sought increasingly to regulate it Christian moral discourse literary and visual representation juristic manuals and court records reflected concern about talk This book's authors consider how talk was created and entered into memory They address such topics as fama's relation to secular law and the preoccupations of the church its impact on women's lives and its capacity to shape the concept of literary authorship

Women and Gender in Medieval Europe Margaret Schaus, 2006 Publisher description **Politics and Justice in Late Medieval Bologna** Sarah R. Blanshei, 2010-05-10 This book is the first to investigate the practice of summary justice in a late medieval Italian commune In delineating the political and social context of that development in late medieval Bologna it also is the first to study the phenomenon of oligarchy not only at the level of the executive body of a commune but also in the broader councils of commune and popolo as well as among the ranks of the enfranchised political class The dominant popolo party constructed itself through multiple forms of exclusion that deeply affected the administration of justice and led to the rise of new institutions of judicial appeal and equity Exclusion also led to shifting concepts of the legal status and perceptions of social identity of insider and outsider of popolano and magnate as revealed in the testimony of witnesses in trial records Bologna's rich archival sources make it possible to bring a new perspective to key issues in legal and social history **Law in Common** Tom Johnson, 2020 Law in Common draws on a large body of unpublished archival material from local archives and libraries across the country to show how ordinary people in the later Middle Ages such as peasants craftsmen and townspeople used law in their everyday lives developing our understanding of the operation of late medieval society and politics

Time in the Eternal City, 2020-10-12 Time in the Eternal City Perceiving and Controlling Time in Late Medieval and Renaissance Rome is a major contribution to the study of time and its numerous aspects in late medieval and Renaissance Rome The authors offer a versatile view on the variety of ways time could be perceived Individual chapters concentrate on the grass root levels of everyday life on various uses of the past in the present as well as on the control of time by the ecclesiastical authorities These studies reveal a wealth of new information that demonstrates the almost endlessly fluid manner in which time could be perceived as well as the innovative ways in which time could be used by individuals and authorities alike Contributors are members of Tuomas Heikkilä's research group at the Finnish Institute in Rome Holger Kaasik Urpo Kantola Marko Halonen Jasmin Lukkari and Saku Pihko [Power, Identity and Miracles on a Medieval Frontier](#) Catherine Clarke, 2018-04-19 A thriving port a frontier base for the lords of Gower and a multi cultural

urban community the south Wales town of Swansea was an important centre in the Middle Ages at a nexus of multiple identities cultural practices and configurations of power As the principal town of the Marcher lordship of Gower and seat of the Marcher lord s rule Swansea was a site of contested authority colonial control and complex interactions and collisions between different cultures languages and traditions Swansea also features in the miracle collection prepared for the canonisation of Thomas Cantilupe Bishop of Hereford d 1282 as the setting for the intriguing case of the hanging and strange revival of the Welsh rebel William Cragh Taking medieval Swansea and Wales as its starting point this volume brings into focus questions of place power identity and belief bringing together inter disciplinary perspectives which span History Literary Studies and Geography Archaeology and engaging with current debates in the fields of medieval frontier studies urban history manuscript studies and hagiography This book was originally published as a special issue of the *Journal of Medieval History*

Demonic Possession and Lived Religion in Later Medieval Europe Sari Katajala-Peltomaa,2020-02-19

Demonic possession was a spiritual state that often had physical symptoms however in *Demonic Possession and Lived Religion in Later Medieval Europe* Sari Katajala Peltomaa argues that demonic possession was a social phenomenon which should be understood with regard to the community and culture She focuses on significant case studies from canonization processes c 1240 1450 which show how each set of sources formed its own specific context in which demonic presence derived from different motivations reasonings and methods of categorization The chosen perspective is that of lived religion which is both a thematic approach and a methodology a focus on rituals symbols and gestures as well as sensitivity to nuances and careful contextualizing of the cases are constitutive elements of the argumentation The analysis contests the hierarchy between the learned and the popular within religion as well as the existence of a strict polarity between individual and collective religious participation Demonic presence disclosed negotiations over authority and agency it shows how the personal affected the communal and vice versa and how they were eventually transformed into discourses and institutions of the Church that is definitions of the miraculous and the diabolical Geographically the volume covers Western Europe comparing Northern and Southern material and customs The structure follows the logic of the phenomenon beginning with the background reasons offered as a cause of demonic possession continuing with communities responses and emotions including construction of sacred caregiving methods Finally the ways in which demonic presence contributed to wider societal debates in the fields of politics and spirituality are discussed Alterity and inversion of identity gender and various forms of corporeality and the interplay between the sacred and diabolical are themes that run all through the volume

The Political Morality of the Late Scholastics Daniel Schwartz,2019-02-21 Examines the practical dilemmas both moral and political of peace time and war time as discussed by the Late Scholastics

Trustworthy Men Ian Forrest,2020-03-31 The medieval church was founded on and governed by concepts of faith and trust but not in the way that is popularly assumed Offering a radical new interpretation of the institutional church and its social consequences in England Ian Forrest argues

that between 1200 and 1500 the ability of bishops to govern depended on the cooperation of local people known as trustworthy men and shows how the combination of inequality and faith helped make the medieval church Trustworthy men in Latin *virī fidei digni* were jurors informants and witnesses who represented their parishes when bishops needed local knowledge or reliable collaborators Their importance in church courts at inquests and during visitations grew enormously between the thirteenth and fifteenth centuries The church had to trust these men and this trust rested on the complex and deep rooted cultures of faith that underpinned promises and obligations personal reputation and identity and belief in God But trust also had a dark side For the church to discriminate between the trustworthy and untrustworthy was not to identify the most honest Christians but to find people whose status ensured their word would not be contradicted This meant men rather than women and usually the wealthier tenants and property holders in each parish Trustworthy Men illustrates the ways in which the English church relied on and deepened inequalities within late medieval society and how trust and faith were manipulated for political ends

The Politics of Law in Late Medieval and Renaissance Italy Lawrin David Armstrong, Julius Kirshner, 2011-01-01 The Politics of Law in Late Medieval and Renaissance Italy features original contributions by international scholars on the fortieth anniversary of the publication of Lauro Martines Lawyers and Statecraft in Renaissance Florence which is recognized as a groundbreaking study challenging traditional approaches to both Florentine and legal history Essays by leading historians examine the professional social and political functions of Italian jurists from the thirteenth to the late fifteenth centuries The volume also examines the use of emergency powers the critical role played by jurists in mediating the rule of law and the adjudication of political crimes The Politics of Law in Late Medieval and Renaissance Italy provides both an assessment of Martines pioneering archival scholarship as well as fresh insights into the interplay of law and politics in late medieval and Renaissance Italy

A Companion to Medieval Canonization Processes, 2025-03-24 Canonizations which officially proclaimed a person's sanctity were complex embracing theological judicial social and cultural aspects of medieval Christianity The dossiers manifest the theological ponderings while also revealing the devotional practices daily life and troubles of those not learned in canon law or theology This volume offers tools for comprehending canonization processes by investigating their judicial background and structural elements as well as devotional aspects reflected in the depositions It approaches canonization processes in a three fold way as a phenomenon of the past as a source material with methodological challenges and as a specific field of historical studies Furthermore this volume engages in innovative methodological discussions and illuminates the state of the art and topical new themes Contributors include Christian Kr tzl Maria Teresa Fattori Didier Lett Saku Pihko Jenni Kuuliala Nicole Archambeau Adelheid Russenberger Jyrki Nissi Laura Ackerman Smoller Sari Katajala Peltomaa Marika R s nen and Jonathan Greenwood

The Making of Urban Customary Law in Medieval and Reformation England Esther Liberman Cuenca, 2025-02-27 Drawing on a quantitative analysis of hundreds of printed and archival sources from 77 towns The Making of Urban Customary Law in

Medieval England is the first cross regional investigation into the history of urban customs since Mary Bateson's seminal two volume work *Borough Customs* 1904 1906 In contrast to English common law and church law which both had long institutional and academic traditions devoted to training men in their legal philosophies customary law constituted local practices that acquired the force of law over time Urban customary law regulated political officeholding trade property holding and even moral behaviour in English towns The *Making of Urban Customary Law* argues that urban customs which governed the lives of people in English towns were crucial to the development of a distinct bourgeois identity in England an evolution that this new study tracks from the early twelfth to the late sixteenth centuries In the years following the Black Death and especially during the Reformation period this law became more concerned with defining political authority maintaining morality and articulating a consensus about the common good for townspeople This book makes two principal claims First customary law advanced the business interests of an urban oligarchy These were urban male elites who drafted laws and obtained privileges to enhance their wealth and assert their political independence from local lords and often made claims about the legitimacy of their privileges or laws by rooted them in history or some kind of ancestral past These lawmakers also made considerable efforts to establish their identities as morally upright and even handed patriarchs In so doing urban customary law played a central role in the development of a distinct bourgeois identity in medieval and Reformation England Second this law lent particular meanings to the common good in towns as it helped these lawmakers articulate policies that cohered to their vision of an ideal civic community

Popular Opinion in the Middle Ages Charles W. Connell, 2016-10-24 This book provides a needed overview of the scholarship on medieval public culture and popular movements such as the Peace of God heresy and the crusades and illustrates how a changing sense of the *populus* the importance of public and public opinion and public spheres was influential in the evolution of medieval cultures Public opinion did play an important role even in the Middle Ages it did not wait until the era of modern history to do so Using modern research on such aspects of culture as textual communities large and small public cults crowds rumor malediction gossip dispute resolution and the European popular revolution the author focuses on the Peace of God movement the era of Church reform in the tenth and eleventh centuries the rise and combat of heresy the crusades and the works of fourteenth century political thinkers such as Marsiglio of Padua regarding the role of the *populus* as the basis for the analysis The pattern of changes reflected in this study argues that just as in the modern world the simplistic idea of the public was a phantom Instead there were publics large and small that were influential in shaping the cultures of the era under review

Rhetoric and the Writing of History, 400-1500 Matthew Kempshall, 2011-08-31 This book provides an analytical overview of the vast range of historiography which was produced in western Europe over a thousand year period between c 400 and c 1500 Concentrating on the general principles of classical rhetoric central to the language of this writing alongside the more familiar traditions of ancient history biblical exegesis and patristic theology this survey introduces the conceptual

sophistication and semantic rigour with which medieval authors could approach their narratives of past and present events and the diversity of ends to which this history could then be put By providing a close reading of some of the historians who put these linguistic principles and strategies into practice from Augustine and Orosius through Otto of Freising and William of Malmesbury to Machiavelli and Guicciardini it traces and questions some of the key methodological changes that characterise the function and purpose of the western historiographical tradition in this formative period of its development

Galileo's Fame Anna-Luna Post,2025-10-14 From the beginning of Galileo's career well before the publication of the Sidereus Nuncius his contemporaries took pains to shape his reputation and fame They were fully aware that their efforts would shape the course of his career they also knew that they would profit from helping him With this book Anna Luna Post offers a welcome new perspective on the volatile dynamic between early modern fame and science in Italy shifting the focus from the recipient of fame to its brokers Galileo's contemporaries knew his rise to fame was not a matter of course Not only were his discoveries highly contested he also was not the first to observe Jupiter's four largest moons Yet of the three men who did so between the summer of 1609 and the winter of 1610 Galileo is the only one who achieved both widespread fame and posthumous glory Post convincingly argues that fame is rather than the direct result of merit or extraordinary achievements shaped through human intervention

The Beauty of Ugliness and the Ugliness of Beauty Anna M. Migdal,Marcell Sebok,2024-06-01 Beauty and ugliness two extremes that intersect through human experience remain an inexhaustible source of creative inspiration and popular belief In *The Beauty of Ugliness and the Ugliness of Beauty* Materializing Monstrosity in the Middle Ages the editors aim to redefine the concept of the medieval monster by revisiting issues that have received little attention This collection of five essays examines various topics including the stigmatization of disability in clerical circles through canon law decretals the duality of good and evil in the Latin world the image of women in marriage contract negotiations the interpretation of monsters as signs or things and the evolving interpretations of medieval monsters in post medieval contexts

Language and Statecraft in Early Modern Venice Elizabeth Horodowich,2008-04-21 This book demonstrates that a crucial component of statebuilding in Venice was the management of public speech Using a variety of historical sources Horodowich shows that the Venetian state constructed a normative language a language based on standards of politeness civility and piety to protect and reinforce its civic identity

Mobs Nancy van Deusen,Leonard Michael Koff,2011-11-25 Mobs are complex often an enigma The topic of Mobs presented here serves as a means to address not only an important historical as well as present consideration but to provide multiple disciplinary methods and viewpoints bringing the past into the present

Violence, Trauma, and Memory Nicholas Ealy,Alexandra Onuf,2022-10-03 *Violence Trauma and Memory Responses to War in the Late Medieval and Early Modern World* brings together eight essays that examine medieval and early modern violence and warfare in France the Hispanic World and the Dutch Republic through the lens of trauma studies and memory studies By focusing on warfare these essays by historians literary specialists and

historians of visual culture demonstrate how individuals and groups living with the ungraspable outcomes of wartime violence grappled with processing and remembering both culturally and politically the trauma of war *Space in Medieval Romance* Fanny Moghaddassi, 2025-02-18 This book explores the connections between space and narrative through an in depth analysis of the fourteenth century Middle English Breton lays The work employs a range of critical approaches pertaining to the spatial turn and geocriticism and presents a nuanced account of the construction of narrative space in fourteenth century English romance In her study Fanny Moghaddassi offers a theoretical reflection on the literary specificities of romance space provides an examination of the social political and ideological tensions at work in its representation and considers medieval practices of space both from a collective and a more individual point of view
