*Preachers Gone Wild!* BRENT La PRINCE EDWARDS,2011-10-19 PREACHERS GONE WILD Where Do Preachers Go When They Hurt An Encyclopedia of Help for Anyone in the Heat of the Spotlight By Rev Brent La Prince Edwards Too often we hear reports of preachers getting caught up in stuff and things that make ministry and the pulpit look suspect and questionable Yet there s a flip side of the story While many point fingers of blame and shame against preachers around the world many clergy are in deep personal pain with no place to vent while still having to carry on the duties of ministry Join Reverend Edwards as he exposes deep issues clergy face rarely discussed This book will inform comfort heal and revolutionize your life While in many Christian circles there are conferences and ministries on varied subjects where are the conferences for the wounded leader So have preachers really gone wild or is there something much deeper going on Also excellent reading for non clergy vocations and anyone in the heat of the spotlight or public eye Rev Edwards addresses the following issues Preachers and Health Preachers and Sexuality Preachers and Money Preachers Marriage and Relationships Why Some Preacher s Kids Are Indifferent to Ministry Understanding the Controlling Minister How Should Congregations Respond to Wounded Leaders Preachers and the Mega Church Syndrome And Much Much More A Concise History of Afghanistan-Central Asia and India in 25 Volumes HAMID ALIKUZAI,2015-01-19 Thirteen years after the U S invasion of Afghanistan Thirteen years after the U S invasion of Afghanistan the gains that the international coalition has made with its local partners are real but reversible Afghanistan is no longer a global hub of terrorist activity but Taliban resurgence would threaten to make it one again Reconstruction assistance has produced demonstrable progress in health education and

economic well being but corruption and governance problems have undermined popular support for the government in Kabul and constrained the overall level of progress Internationally a coalition still backs the International Security Assistance Force ISAF military mission However NATO s will is waning China Russia and India are largely free riders and Punjab and Iran publicly say the right things while destabilizing Afghanistan by privately meddling to their own ends Political and economic realities in the United States make the current level of American engagement in Afghanistan unsustainable But as the commitment of coalition partners fades what Washington decides will shape the future of South Asia Looking ahead there are three different scenarios for American engagement in Afghanistan It remains to be seen exactly which route Washington will take But it is clear that U S interests require a long term commitment not only in Afghanistan but across the region Lest it be forgotten the consequences of ignoring the region in the 1990s were visited upon the United States on 9 11 So the most vital goals present day are defeating the remnants of al Qaeda in Punjab preventing the reemergence of terrorist sanctuaries in Afghanistan ensuring the security of Punjab s nuclear weapons and discouraging Punjab s use of extremism and terror as a policy instrument There are three ways forward Each entails a different degree of involvement and carries varying risks and rewards The first option is the riskiest Future 1 Immediate Departure and the Reallocation of Resources because discontent among the U S public over the war is already at an all time high
