to find assistance      **A Family Perspective in Church and Society** ,1998 This central document in family ministry includes techniques for implementing a family perspective into all policies programs and services of the Church      Sex, Preference, and Family David M. Estlund,Martha C. Nussbaum,1998-06-18 The public furor over issues of same sex marriages gay rights pornography and single parent families has erupted with a passion not seen since the 1960s This book gathers seventeen eminent philosophers and legal scholars who offer commentary on sexuality including sexual behavior sexual orientation and the role of pornography in shaping sexuality on the family including both same sex and single parent families and on the proper role of law in these areas The essayists are all fiercely independent thinkers and offer the reader a range of bold and thought provoking proposals Susan Moller Okin argues for instance that gender ought to be done away with that differences in biological sex ought to have no more social relevance than one s eye color or the length of one s toes and she urges that we look to same sex couples as a model for households and families in a gender free society And Cass Sunstein suggests that the Supreme Court case Loving vs Virginia which overthrew the ban on interracial marriages in Virginia might be a precedent for overturning laws that bar same sex marriage just as Loving overturned miscegenation laws because they were at the service of white supremacy Sunstein shows the laws against same sex marriages and homosexuality are at the service of male supremacy and might also be overturned Of vital importance to anyone interested in sexuality homosexuality gender feminism and the family Sex Preference and the Family both clarifies the current debate and points the way toward a less divisive future      The Changing American Family and Public Policy Andrew J. Cherlin,1988 This book brings social science perspective to bear on family change and family policy identifies the determinants of change and analyzes the role that government has played and can play in affecting the course of family life      **Gospel Love, Marriage and Divorce** Randall Lamb,2020-03-05 The centrality of God in all things is not a novel concept to Christianity at least not in theory For centuries it would appear that the Church has somehow allowed herself to remove the God centered gospel definition from marriage and has subsequently fashioned a culturally subjective definition of love marriage and divorce that has left God in many respects far from the center This book however will pay less attention to our own domestic legacies of love marriage and divorce It is more so about the church covenants conditions true fidelity perseverance God centered joy authenticity fraud legalism and apostasy It is a journey into the kingdom of God wherein the visible and invisible church along with love marriage and divorce all seem to collide with the gospel of glory and grace      *LGBTQ Divorce and Relationship Dissolution* Abbie E. Goldberg,Adam P. Romero,2019 LGBTQ Divorce and Relationship Dissolution Psychological and Legal Perspectives and Implications for Practice brings together social science and legal perspectives to examine the timely topic of relationship dissolution and divorce among sexual and gender minorities      **Family Mediation Practice** John Allen Lemmon,2008-06-30 A helpful guide for all those now mediating family disputes as well as for those who hope to become family mediators      Children, Social Science, and the Law Bette L.
