**Jason Ross Arnold**

## **Family Circle The Boudins And The Aristocracy Of The Left:**

**Family Circle** Susan Braudy, 2004-11-09 When Kathy Boudin was arrested in 1981 after a botched armed robbery and shootout that left a Brinks guard and two policemen dead she ended a decade living underground as part of the radical Weathermen underground she would spend the next 22 years in Bedford Hills prison In Family Circle Boudin's former classmate Susan Braudy vividly re-creates the radicalization of this intelligent privileged young woman who came from one of the most prominent liberal intellectual families in America She illuminates Boudin's relationship with her parents and particularly with her father Leonard a famous leftist lawyer and shows how Kathy swept up in the ferment of the late 1960s moved further and further from the Old Left ideals they embodied Based on extensive interviews court documents and Boudin family papers Family Circle is both a rich biography of a family and a intimate window into a turbulent and fascinating time

**Family Circle** Susan Braudy, 2014-10-29 When Kathy Boudin was arrested in 1981 after a botched armed robbery and shootout that left a Brinks guard and two policemen dead she ended a decade living underground as part of the radical Weathermen underground she would spend the next 22 years in Bedford Hills prison In Family Circle Boudin's former classmate Susan Braudy vividly re-creates the radicalization of this intelligent privileged young woman who came from one of the most prominent liberal intellectual families in America She illuminates Boudin's relationship with her parents and particularly with her father Leonard a famous leftist lawyer and shows how Kathy swept up in the ferment of the late 1960s moved further and further from the Old Left ideals they embodied Based on extensive interviews court documents and Boudin family papers Family Circle is both a rich biography of a family and a intimate window into a turbulent and fascinating time

American Biography Carl Rollyson, 2006-02-22 This collection of reviews selected from Rollyson's New York Sun column is as much about the romance of biography as it is about the American lives Certain concerns resonate throughout the book the American left's failure to reckon with Communist subversion McCarthyism and Stalinism the problematic nature of authorized biography the history of American biography definitive biographies literary biography the differences between autobiography and biography the importance of interviews in biographies of contemporary figures the differences between history and biography comparative biographies the virtues of short biographies and of biographies for children the tendency of biographers to fictionalize and of novelists to biographize psychology and biography Rollyson's own experience as a biographer and the way biographers treat one another's work Too many biographers he believes evince no interest in the biographical tradition Concerned only with possession of their subjects their proprietorial attitude deforms not only their biographies but also the genre itself If biography is reviewed badly receiving hardly more than a summary of the subject's life with a perfunctory nod to the biographer it is because the biographical tradition has been disregarded or discounted This book in other words has been written on the behalf of biography a genre that still awaits a full vindication

*Radicals* David Horowitz, 2012-09-24 Radical liberals want to make America a better place but their utopian social

engineering leads ironically to greater human suffering So argues David Horowitz bestselling author in his newest book *Radicals Portraits of a Destructive Passion From Karl Marx to Barack Obama* Horowitz shows how the idealistic impulse to make the world a better place gives birth to the twin cultural pathologies of cynicism and nihilism and is the chief source of human suffering A former liberal himself Horowitz recounts his own brushes with radicalism and offers unparalleled insight into the disjointed ideology of liberal elites through case studies of well known radical leftists including Christopher Hitchens feminist Bettina Aptheker leftist academic Cornel West and more Exploring the origin and evolution of radical liberals and their progressive ideology *Radicals* illustrates how liberalism is not only intellectually crippling for its adherents but devastating to society

Dupes Paul Kengor, 2023-06-27 In this startling intensively researched book bestselling historian Paul Kengor shines light on a deeply troubling aspect of American history the prominent role of the dupe From the Bolshevik Revolution through the Cold War and right up to the present many progressives have unwittingly aided some of America's most dangerous opponents Based on never before published FBI files Soviet archives and other primary sources *Dupes* exposes the legions of liberals who have furthered the objectives of America's adversaries Kengor shows not only how such dupes contributed to history's most destructive ideology Communism which claimed at least 100 million lives but also why they are so relevant to today's politics

A Conservative History of the American Left Daniel J. Flynn, 2008-04-29 From Communes to the Clintons Why does Hillary Clinton crusade for government provided health care for every American for the redistribution of wealth and for child rearing to become a collective obligation Why does Al Gore say that it's okay to over represent the dangers of global warming in order to sell Americans on his draconian solutions Why does Michael Moore call religion a device to manipulate gullible Americans Where did these radical ideas come from And how did they enter the mainstream discourse In this groundbreaking and compelling new book Daniel J Flynn uncovers the surprising origins of today's Left The first work of its kind *A Conservative History of the American Left* tells the story of this remarkably resilient extreme movement one that came to America's shores with the earliest settlers Flynn reveals a history that leftists themselves ignore whitewash or obscure Partly the Left's amnesia is convenient Who wouldn't want to forget an ugly history that includes eugenics racism violence and sheer quackery Partly it is self aggrandizing Bold schemes sound much more innovative when you refuse to acknowledge that they have been tried and have failed many times before And partly it is unavoidable The Left is so preoccupied with its triumphal future that it doesn't pause to learn from its past mistakes So it goes that would be revolutionaries have repeatedly failed to recognize the one troubling obstacle to their grandiose visions reality In unfolding this history Flynn presents a page turning narrative filled with colorful fascinating characters progressives and populists radicals and reformers socialists and SDSers and leftists of every other stripe There is the rags to riches Welsh industrialist who brought his utopian vision to America one in which private property religion and marriage represented the most monstrous evils and gained audiences with the likes of Thomas Jefferson John Adams and James

Madison There is the wife swapping Bible thumper who nominated Jesus Christ for president There is the playboy adventurer whose worshipful accounts of Soviet Russia lured many American liberals to Communism There is the daughter of privilege turned violent antiwar activist who lost her life to a bomb she had intended to use against American soldiers There are fanatics and free spirits perverts and puritans entrepreneurs and altruists and many more beyond A Conservative History of the American Left is a gripping chronicle of the radical visionaries who have relentlessly pursued their lofty ambitions to remake society Ultimately Flynn shows the destructiveness that comes from this undying pursuit of dreams that are utterly unattainable

Uncertain Threats Jason Ross Arnold, 2025-09-30 What if the FBI's surveillance of the New Left wasn't only about repression and cynical self interest This book revisits one of the most controversial episodes of the Cold War the FBI's counterintelligence investigations into the activist leaders of SDS and other radical groups While scholars have rightly emphasized political overreach constitutional violations and the Bureau's institutional self interest newly declassified documents reveal that it also possessed a stream of intelligence often fragmentary sometimes credible that pointed to international ties many scholars have overlooked or discounted Through close historical analysis of this evolving intelligence picture the book complicates the dominant narrative of Hoover era surveillance It shows how the FBI and other agencies perceived the New Left's developing connections to Cuba North Vietnam and other Communist powers and why they came to see those ties as potential counterintelligence threats Rather than defending the Bureau's conduct the book seeks to understand it on its own terms emphasizing how counterintelligence agencies operate amid deep uncertainty and limited oversight In doing so it offers a new perspective on the internationalization of the New Left the nature of foreign influence and the machinery of Cold War security A work of historical and analytical recovery it challenges prevailing narratives in U.S. political history intelligence studies and the historiography of the 1960s

**James Merrill** Langdon Hammer, 2015-04-14 Langdon Hammer has given us the first biography of the poet James Merrill 1926-95 whose life is surely one of the most fascinating in American literature Merrill was born to high privilege and high expectations as the son of Charles Merrill the charismatic cofounder of the brokerage firm Merrill Lynch and Hellen Ingram a muse ally and antagonist throughout her son's life Wounded by his parents' bitter divorce he was the child of a broken home looking for repair in poetry and love This is the story of a young man escaping yet also reenacting the energies and obsessions of those powerful parents It is the story of a gay man inventing his identity against the grain of American society during the eras of the closet gay liberation and AIDS Above all it is the story of a brilliantly gifted fiercely dedicated poet working every day to turn his life into art After college at Amherst and a period of adventure in Europe Merrill returned to the New York art world of the 1950s he was friendly with W. H. Auden Maya Deren Truman Capote Larry Rivers Elizabeth Bishop and other midcentury luminaries and began publishing poems plays and novels In 1953 he fell in love with an aspiring writer David Jackson They explored boys and bars as they made their life together in Connecticut and later in Greece and Key West At the same time improbably they carried on a forty

year conversation with spirits of the Other World by means of a Ouija board The board became a source of poetic inspiration for Merrill culminating in his prizewinning uncanny one of a kind work *The Changing Light at Sandover* In his virtuosic poetry and in the candid letters and diaries that enrich every page of this deliciously readable life Merrill created a prismatic art of multiple perspectives and comic self knowledge expressing hope for a world threatened by nuclear war and environmental catastrophe Holding this life and art together in a complex evolving whole Hammer illuminates Merrill's chronicles of love loss and the poignant personal journey they record

**The SAGE Encyclopedia of Terrorism, Second Edition** Gus Martin, 2011-06-15 Six years after publication of the first edition of the best selling Encyclopedia of Terrorism much has changed on the national security scene Despite the dark promises of Osama bin Laden following the 9 11 attacks the United States has not experienced any major domestic terror incidents Al Qaeda itself is believed to be a severely crippled organization But while U S wars in Afghanistan and Iraq not to mention the arrival of the Obama administration a new balance of power within Congress and an increasingly fragile economic picture have significantly affected the national security picture the threat of economic chaos and massive loss of life due to terror attacks has not abated Indeed in July 2008 analysts pointed out that even a relatively small terrorist organization could present a dire threat with some experts arguing that a biological chemical or even nuclear attack on a major U S city is all but inevitable In this highly charged rapidly shifting environment we are pleased to present the *The SAGE Encyclopedia of Terrorism Second Edition* a thoroughly updated and expanded edition of the original highly regarded reference work Nearly 100 000 words of new material will be added along with fully updated original entries and expanded coverage New introductory essays will explore the impact of terrorism on economics public health religion and even pop culture Ethical issues such as the role of torture in interrogations competing notions of security versus liberty and the debates over FISA legislation and Guantanamo Bay will also be covered Two dozen entries on significant recent events such as the London bombings Chechen attacks on Russian interests and the rescue of Ingrid Bettancourt and some 60 additional new entries will restore the work as an up to the minute natural first stop for researchers

[Learning One's Native Tongue](#) Tracy B. Strong, 2019-11-26 Citizenship is much more than the right to vote It is a collection of political capacities constantly up for debate From Socrates to contemporary American politics the question of what it means to be an authentic citizen is an inherently political one With *Learning One's Native Tongue* Tracy B Strong explores the development of the concept of American citizenship and what it means to belong to this country starting with the Puritans in the seventeenth century and continuing to the present day He examines the conflicts over the meaning of citizenship in the writings and speeches of prominent thinkers and leaders ranging from John Winthrop and Roger Williams to Thomas Jefferson Nathaniel Hawthorne Abraham Lincoln Frederick Douglass and Franklin Roosevelt among many others who have participated in these important cultural and political debates The criteria that define what being a citizen entails change over time and in response to historical developments and they are thus also often the source of controversy and

conflict as with voting rights for women and African Americans Strong looks closely at these conflicts and the ensuing changes in the conception of citizenship paying attention to what difference each change makes and what each particular conception entails socially and politically

**Demonic** Ann Coulter, 2012-08-07 The demon is a mob and the mob is demonic The Democratic Party activates mobs depends on mobs coddles mobs publicizes and celebrates mobs it is the mob Sweeping in its scope and relentless in its argument Demonic explains the peculiarities of liberals as standard groupthink behavior To understand mobs is to understand liberals In her most provocative book to date Ann Coulter argues that liberals exhibit all the psychological characteristics of a mob for instance Liberal Groupthink The same mob mentality that leads otherwise law abiding people to hurl rocks at cops also leads otherwise intelligent people to refuse to believe anything they haven't heard on NPR Liberal Schemes No matter how mad the plan is Fraternit the New Soviet Man the Master Race the Great Leap Forward the Cultural Revolution Building a New Society ObamaCare a mob will believe it Liberal Enemies Instead of counterrevolutionaries liberals opponents are called haters those who seek to divide us tea baggers and right wing hate groups Meanwhile conservatives call liberals liberals and that makes them testy Liberal Justice In the world of the liberal as in the world of Robespierre there are no crimes only criminals Liberal Violence If Charles Manson's followers hadn't killed Roman Polanski's wife Sharon Tate Clinton would have pardoned him too and he'd probably be teaching at Northwestern University Citing the father of mob psychology Gustave Le Bon Coulter catalogs the Left's mob behaviors the creation of messiahs the fear of scientific innovation the mythmaking the preference for images over words the lack of morals and the casual embrace of contradictory ideas Coulter traces the history of the liberal mob to the French Revolution and Robespierre's revolutionaries delineating a clear distinction from America's founding fathers who simply proclaimed that they were exercising the general will before slaughtering their fellow citizens for the good of mankind Similarly as Coulter demonstrates liberal mobs from student radicals to white trash racists to anti war and pro ObamaCare fanatics today have consistently used violence to implement their idea of the general will This is not the American tradition it is the tradition of Stalin of Hitler of the guillotine and the tradition of the American Left As the heirs of the French Revolution Democrats have a history that consists of pandering to mobs time and again while Republicans heirs to the American Revolution have regularly stood for peaceable order Hoping to muddy this horrifying truth liberals slanderously accuse conservatives of their own crimes assassination plots conspiracy theorizing political violence embrace of the Ku Klux Klan Coulter shows that the truth is the opposite Political violence mob violence is always a Democratic affair Surveying two centuries of mob movements Coulter demonstrates that the mob is always destructive And yet she argues beginning with the civil rights movement in the sixties Americans have lost their natural inherited aversion to mobs Indeed most Americans have no idea what they are even dealing with Only by recognizing the mobs and their demonic nature can America begin to defend itself

Toward a Linguistic and Literary Revision of Cultural Paradigms Ettore Finazzi-Agrò, 2018-11-02 This book draws an updated Euro

American conceptual map starting from a limited number of strategic terms whose meanings today are judged univocal and permanent while in fact daily use has turned them into common sense depriving them of their ambiguity an original feature of language particularly relevant when it comes to literary use By re examining the proper noun for each of the selected notions the contributors common intent is to shed light on their polysemous nature and linguistic fluidity in spite of the common tendency towards simplification and homogeneity imposed by hegemonic cultural paradigms Along this line the book explores the great divides between identity and otherness or common or alien in order to recover a sense of cultural identity which is at once polymorphous and polyphonic

Shadow World Robert Chandler,2008-08-26 America is at war and the stakes are huge The fight isn't just in Iraq and Afghanistan it's a global contest between the United States radical Islam a resurgent Russia and a virulent New Left coming to power in Latin America and stalking the corridors of power around the world These three enemies of America are separate but still cooperate and in his stunning new book Shadow World Robert Chandler shows how

Encyclopedia of United States National Security Richard J. Samuels,2006 Covers the origin development and results of all major national security policies over the last seven decades A thoroughly interdisciplinary work the encyclopedia views national security from a historical economic political and technological perspective

Literary Sisterhoods Deborah Heller,2005-02-11 Building on scholarship such as feminist criticism that has contributed to an awareness of the distinctive perspectives on female experience revealed in women's writing Heller reveals how women authors construct their female protagonists' quests for creative self expression By situating these narrative journeys in their own times and cultures Literary Sisterhoods shows how they contribute to a common tradition that speaks to readers today

**Mayday 1971** Lawrence Roberts (Journalist),2020 1971 Fiery radicals flower children and militant vets gathered for the most audacious act in a years long movement to end America's war in Vietnam a blockade of the nation's capital The White House headed by an increasingly paranoid Richard Nixon was determined to stop it Roberts drawing on interviews archives and newfound White House transcripts recreates these largely forgotten events It began with a bombing inside the U S Capitol a still unsolved case To prevent the Mayday Tribe's guerrilla style traffic blockade the government mustered the military Riot squads swept through the city arresting more than 12 000 people An inspiring story of how our democracy faced grave danger and survived adapted from jacket

**Days of Rage** Bryan Burrough,2016-04-05 The Weathermen The Symbionese Liberation Army The FALN The Black Liberation Army The names seem quaint now but there was a stretch of time in America when there was on average more than one significant terrorist act in the U S every week The FBI combated these groups and others as nodes in a single revolutionary underground dedicated to the violent overthrow of the American government Thus began a decade long battle between the FBI and these homegrown terrorists compellingly and thrillingly documented in Days of Rage

Little Red Dina Hampton,2013-03-12 In the early 1960s a remarkable crop of students graduated from a small New York City school renowned for progressive pedagogy and left wing politics Little Red School

House and Elisabeth Irwin High School These young people entered college at the peak of the transformative era we now call The Sixties and would go on to impact the course of United States history for the next half century Among them were Angela Davis the brilliant stunning African American Communist and academic who became the face of the Black Power movement Tom Hurwitz Students for a Democratic Society SDS activist and cinematographer who played a key role in the occupation of Columbia University and Elliott Abrams who rebelled against the leftist political orthodoxies of the school and of the times and ultimately played key roles in the Reagan administration the George W Bush administrations and the neoconservative movement In Little Red based on extensive original interviews and archival research Dina Hampton tells the compelling interwoven life stories of these three schoolmates Their tumultuous divergent public and private paths wind through the seminal events and political conflicts of recent American history from the civil rights movement to the Vietnam War the Summer of Love to the feminist uprising Iran Contra to Occupy Wall Street As they pursue political ends each of their lives will be shaped by events relationships and social changes they never imagined Their successes and setbacks will resonate with anyone who has struggled to reconcile the utopian goals of The Sixties or of youth itself with the realities of day to day life in the world as it is Today a new generation is taking to the streets galvanized by controversial wars and social and economic inequities as troubling as those we faced in the 1960s The stories of Angela Tom and Elliott serve as both road map and cautionary tale for anyone engaged in that most American of acts trying to perfect the world *American Radical* D. D. Guttenplan, 2024-05-01 Popular Front columnist and New Deal propagandist Fearless opponent of McCarthyism and feared scourge of official liars Enterprising independent reporter and avid amateur classicist As D D Guttenplan puts it in his compelling book I F Stone did what few in his profession could he always thought for himself America s most celebrated investigative journalist himself remains something of a mystery however Born Isidor Feinstein in Philadelphia raised in rural New Jersey by the age of 25 this college drop out was already an influential newsman and enjoying extraordinary access to key figures in New Deal Washington and the friendship of important artists in New York It is Guttenplan s wisdom to see that the key to Stone s achievements throughout his singular career and not just in his celebrated I F Stone s Weekly lay in the force and passion of his political commitments Stone s calm forensic yet devastating reports on American politics and institutions sprang from a radical faith in the long term prospects for American democracy His testimony on the legacy of American politics from the New Deal and World War II to the era of the civil rights struggles the Vietnam War and beyond amounts to as vivid a record of those times as we are likely to have Guttenplan s lively provocative book makes clear why so many of his pronouncements have acquired the force of prophecy *Waiting 'Til the Midnight Hour* Peniel E. Joseph, 2007-07-10 This vibrant and expressive history of the Black Power movement captures the voices and personalities at the forefront of change Philadelphia Inquirer With the rallying cry of Black Power in 1966 a group of black activists including Stokely Carmichael and Huey P Newton turned their backs on Martin Luther King s pacifism and building on Malcolm X s

legacy pioneered a radical new approach to the fight for equality Drawing on original archival research and more than sixty original oral histories Peniel E Joseph vividly invokes the way in which Black Power redefined black identity and culture and in the process redrew the landscape of American race relations In a series of character driven chapters we witness the rise of Black Power groups such as the Student Nonviolent Coordinating Committee and the Black Panthers and with them on both coasts of the country a fundamental change in the way Americans understood the unfinished business of racial equality and integration Waiting Til the Midnight Hour traces the history of the Black Power movement that storied group of men and women who would become American icons of the struggle for racial equality A Washington Post Book World Best Nonfiction Book of 2006

Eventually, you will certainly discover a additional experience and realization by spending more cash. yet when? pull off you give a positive response that you require to get those all needs when having significantly cash? Why dont you attempt to get something basic in the beginning? Thats something that will lead you to understand even more not far off from the globe, experience, some places, bearing in mind history, amusement, and a lot more?
