Dell Orto, Paul Power, 1994 Conceived and written by two of the country's leading authorities on the relationship of head injury and family matters this book opens the frequently locked doors to accessible information Art Dell Orto Ph D and Paul Power Sc D have joined forces to produce the most organized easy to digest and insightful book to make an appearance in recent years The format of Head Injury and the Family is a combination of original material personal statements by survivors and their families and structured experiences The book is directed toward a family oriented treatment and rehabilitation perspective

*Rehabilitation Education*, 1997

**Understanding Disability** Peggy Quinn, 1998 Understanding Disability details expected developmental stages for those without disabilities as well as the impact of disability at each of these periods This is a much needed reference for working with a person with a disability or with a family member or other interested party Beginning with infancy and the diagnosis of congenital or early onset disabilities the book identifies traditional developmental life stages and then provides specific information for four different disabilities Down syndrome visual impairment cerebral palsy and spina bifida In addition spinal cord injury is added at the young adult stage of development The reader can thus determine expected age appropriate activities and accomplishments as well as some adapted expectations In keeping with a social work emphasis on strengths the book is based on a social rather than medical model of disability

**Strengthening Aging Families** Gregory C. Smith, 1995-02-14 This book examines how to strengthen the family system while improving the psychosocial well being of each family member It describes diverse issues faced by ageing families the effects these issues have on individual family members and the entire family unit and methods of strengthening family functioning The contributors emphasize the diversity that exists in families looking at divergence within the classic family form as well as examining newly emerging family structures such as gay and lesbian families Extending beyond counselling and therapy for ageing families the book proposes preventative techniques

aimed at building competencies and explores how policy intersects with family practice

### **Handbook of Pediatric**

**Psychology in School Settings** Ronald T. Brown, 2003-09-12 In recent years the escalating costs of health care have caused managed care programs to shift the delivery of pediatric psychological services away from specialized medical centers and into primary care and school settings One result has been a radical expansion of school psychology into issues of clinical intervention health promotion and the assessment of psychotropic medications School psychologists are now expected to either deliver or more likely to provide consultation regarding a wide variety of pediatric psychological services Because this is a recent phenomenon very few school based psychologists or allied health practitioners school counselors and social workers have received training in pediatric psychology The mission of this book is to provide them with a comprehensive and authoritative guide to their newly acquired responsibilities in such areas as psychotherapy psychopharmacology health promotion and prevention of disease This book is appropriate for anyone concerned with issues of pediatric psychology in school settings school psychologists pediatric psychologists clinical child psychologists as well as pediatricians and child psychiatrists
