Beale,2020 Studies in the Contract Laws of Asia provides an authoritative and current introduction to the contract laws of major Asian jurisdictions and includes a bibliography of literature in the English language The series will identify and discuss the current controversies and debates amongst the stakeholders of the subject jurisdictions the likely direction of travel on these issues as well as the values and policies which shape the development of the law in these areas Furthermore it will examine how European sourced laws have acquired unique characteristics in the transplanted jurisdictions and compare these with the emerging shape of European contract law and other international instruments Each volume in the series will offer an insider s perspective into specific areas of contract law remedies formation parties contents vitiating factors change of circumstances illegality and public policy It will explore how these diverse jurisdictions address common problems encountered in contractual disputes and will offer a comparative assessment horizontally as between the Asian jurisdictions and vertically with source jurisdictions and international codes Book jacket The Lawyer's Guide to Working Smarter with Knowledge Tools Marc Lauritsen,2010 This ground breaking guide introduces lawyers and other professionals to a powerful class of software that supports core aspects of legal work The author discusses how technologies like practice systems work product retrieval document assembly and interactive checklists help people work smarter If you are looking to work more effectively this book provides a clear roadmap with many concrete examples and thought provoking ideas **Law and Development**

and the Global Discourses of Legal Transfers John Gillespie,Pip Nicholson,2012-06-28 This volume of essays contributes to the understanding of global law reform by questioning the assumption in law and development theory that laws fail to transfer because of shortcomings in project design and implementation It brings together leading scholars who demonstrate that a synthesis of law and development comparative law and regulatory perspectives disciplines which to date have remained intellectually isolated from each other can produce a more nuanced understanding about development failures Arguing for a refocusing of the analysis onto the social demand for legal transfers and drawing on empirically rich case studies contributors explore what recipients in developing countries think about global legal reforms This analytical focus generates insights into how key actors in developing countries understand global law reforms and how to better predict how legal reforms are likely to play out in recipient countries Law Democratized Renee Knake Jefferson,2024-01-09 A practical plan for providing legal help to all regardless of resources Millions of people in the United States face legal problems without lawyers to help them Why How do we educate and inform the public about the law so they can understand

when the services of a lawyer are necessary or desirable When can individuals solve legal problems on their own or with the assistance of a specialist without a traditional law degree In short how do we democratize the law Law Democratized offers a blueprint to increase legal help for everyone regardless of their ability to pay Building on more than a decade of research into innovation in legal services the book advances a series of recommendations inspired by success stories from around the globe Renee Knake Jefferson outlines different paths pursued by bar associations courts entrepreneurs law schools nonprofits and others evaluating the promise and pitfalls of each She analyzes regulatory reforms employed in other nations along with emerging efforts in a handful of US states If the rule of law is the bedrock that American democracy rests upon then the justice transformed system must be open and user friendly to all Law Democratized makes a compelling argument for transforming the American legal landscape through engaged citizenship ethical innovation expanded education and regulatory reform in order to democratize law and make legal help more accessible **ABA Journal** ,1991-03 The ABA Journal serves the legal profession Qualified recipients are lawyers and judges law students law librarians and associate members of the American Bar Association **Australian Master Financial Planning Guide 2010/11** ,2009 Covers all the fundamental areas of financial planning with practical examples and case studies *Custom as a Source of Law* David J. Bederman,2010-08-16 A central puzzle in jurisprudence has been the role of custom in law Custom is simply the practices and usages of distinctive communities But are such customs legally binding Can custom be law even before it is recognized by authoritative legislation or precedent And assuming that custom is a source of law what are its constituent elements Is proof of a consistent and long standing practice sufficient or must there be an extra ingredient that the usage is pursued out of a sense of legal obligation or at least that the custom is reasonable and efficacious And most tantalizing of all is custom a source of law that we should embrace in modern sophisticated legal systems or is the notion of law from below outdated or even dangerous today This volume answers these questions through a rigorous multidisciplinary historical and comparative approach offering a fresh perspective on custom s enduring place in both domestic and international law
