The American South William J. Cooper Jr., Thomas E. Terrill, 2008-10-23 In *The American South: A History* Fourth Edition William J. Cooper Jr. and Thomas E. Terrill demonstrate their belief that it is impossible to divorce the history of the South from the history of the United States. The authors' analysis underscores the complex interaction between the South as a distinct region and the South as an inescapable part of America. Cooper and Terrill show how the resulting tension has often propelled section and nation toward collision. In supporting their thesis, the authors draw on the tremendous amount of profoundly new scholarship in Southern history. Each volume includes a substantial biographical essay completely updated for this edition which provides the reader with a guide to literature on the history of the South. Coverage now includes the devastation of Hurricane Katrina in 2005, up-to-date analysis of the persistent racial divisions in the region, and the South's unanticipated role in the 2008 presidential primaries.

The American Scandinavian, 1909 *Trance-Portation* Diana Paxson, 2025-09-12 The ability to move from the ordinary into an altered state of consciousness is one of the most valuable skills in both magic and religion. Wisconsin Slovak, 1980 *Chinese American Names* Emma Woo Louie, 2008-07-30 The naming practices of Chinese Americans are the focus of this work. Since Chinese immigration began in the mid-19th century, names of immigrants and their descendants have been influenced by both Chinese and American name customs. This detailed study first describes the naming traditions of China, providing a base for understanding how personal names may change in the interaction between cultures. One discovers that surnames are clues to Chinese dialect sounds that many have been Americanized; that new surnames were created; and that in more recent decades, as the Chinese American population has grown, new names, practices developed, and surnames have proliferated. Included are ideographs to surnames and an overview of their preservation by Americans of Chinese descent.
