children we can help them to develop a sense of belonging and purpose While the challenges of raising children are real and undeniable The Precious Jewel of Childhood reminds us that the rewards are immeasurable By cherishing the precious jewel of childhood we are investing in the future of our children and the future of our world This book is an essential resource for anyone who cares about the well being of children Whether you are a parent grandparent teacher childcare provider or community member The Precious Jewel of Childhood will inspire you to make a positive difference in the lives of the children around you If you like this book write a review on google books

Personal Relationships and Personal Networks

Malcolm R. Parks,2017-09-25 The effort to understand personal relationships has traditionally focused on the individual characteristics of participants Personal Relationships and Personal Networks takes this analysis a step further focusing on research linking participants feelings and actions within a given personal relationship to the larger social context surrounding it Author Malcolm R Parks expands on the idea that the initiation development maintenance and dissolution of relationships are inextricably connected to each participant s social network a perspective that allows for a better appreciation of our connection to the world and a greater understanding our significant power as social actors This book offers a new way to consider basic notions about how relationships form such as how particular people meet and how relationships are started Among many findings the volume demonstrates that individuals in relationships feel closer and generally more connected when they also have a greater amount of contact with the members of each other s personal networks and when they believe that network members support their relationship Additional topics discussed include how this social context model is applicable to different types of relationships how participants interact with network members how social networks are involved in the deterioration of personal relationships and what drives change in relationships Students researchers and professionals in a wide variety of disciplines such as communication psychology sociology anthropology family studies clinical psychology public health nursing education and social work will find this book useful as will anyone seeking to better understand their own personal relationships
