Culture and Civilization, Volume 7 Israel Bartal, Kenneth B. Moss, 2024-01-05 Volume 7 of the Posen Library captures unprecedented transformations of Jewish culture amid mass migration global capitalism nationalism revolution and the birth of the secular self Between 1880 and 1918 traditions and regimes collapsed around the world migration and imperialism remade the lives of millions nationalism and secularization transformed selves and collectives utopias beckoned and new kinds of social conflict threatened as never before Few communities experienced the pressures and possibilities of the era more profoundly than the world's Jews This volume seventh in The Posen Library of Jewish Culture and Civilization recaptures the vibrant Jewish cultural creativity political striving social experimentation and fractious religious and secular thought that burst forth in the face of these challenges Editors Israel Bartal and Kenneth B Moss capture the full range of Jewish expression in a centrifugal age from mystical visions to unabashedly antitraditional Jewish political thought from cookbooks to literary criticism from modernist poetry to vaudeville They also highlight the most remarkable dimension of the 1880-1918 era an audacious effort by newly secular Jews to replace Judaism itself with a new kind of Jewish culture centering on this worldly aesthetic creativity by a posited Jewish nation and the secular modern and free individuals who composed it This volume is an essential starting point for anyone who wishes to understand the divided Jewish present

Leaving the Jewish Fold Todd Endelman, 2015-02-22 Between the French Revolution and World War II hundreds of thousands of Jews left the Jewish fold by becoming Christians or in liberal states by intermarrying Telling the stories of both famous and obscure individuals *Leaving the Jewish Fold* explores the nature of this drift and defection from Judaism in Europe and America from the eighteenth century to today Arguing that religious conviction was rarely a motive for Jews who become Christians Todd Endelman shows that those who severed their Jewish ties were driven above all by pragmatic concerns especially the desire to escape the stigma of Jewishness and its social occupational and emotional burdens Through a detailed and colorful narrative Endelman considers the social setting national contexts and historical circumstances that encouraged Jews to abandon Judaism and factors that worked to the opposite effect Demonstrating that anti Jewish prejudice weighed more heavily on the Jews of

Germany and Austria than those living in France and other liberal states as early as the first half of the nineteenth century he reexamines how Germany's political and social development deviated from other European states Endelman also reveals that liberal societies such as Great Britain and the United States which tolerated Jewish integration promoted radical assimilation and the dissolution of Jewish ties as often as hostile illiberal societies such as Germany and Poland from dust jacket The Shengold Jewish Encyclopedia Mordecai Schreiber, 2011-12-01 First published in 1957 this one volume source for everything Jewish has delighted and instructed several generations in the English speaking Jewish world Fully updated through 2007 it provides snapshots and in depth entries on every important Jewish personality place concept event and value in Israel the United States and all other parts of the world
