Refreshingly succinct and engaging, „Family Matters,“ is a comprehensive introduction to family sociology in Canada. The book has a strong focus on contemporary Canadian theory and research on a wide variety of substantive issues relevant to the lives of students from diverse family backgrounds.

This second edition is broadly organized into three interrelated areas: conceptualizing and studying continuity, diversity, inequality, and social change in families; the life course dynamics of families across the generations; and social policy responses to critical issues facing families today.

„Family Matters,“ has been thoroughly updated with the most current statistical information available on family trends, expanded coverage of numerous topical areas, such as families dealing with disability and the consequences of the recent global economic meltdown on families, and more examples from today's news headlines and contemporary family-related events. Features:

- every chapter contains a summary, critical reflection questions, a glossary, lists of suggested multimedia resources, and recommended exercises and activities
- a vast array of course supplements available, including innovative lists of sources for building case studies, suggested assignments and in-class activities, a sample syllabus, links to online teaching resources, PowerPoint slides, and high-resolution images from the text that can be used in the classroom
- draws on current statistical information on family trends and examples from today's news headlines

Reviews

„Family Matters,“ provides a refreshing alternative to other family texts currently on the market. The critical and feminist approaches and the inclusion of well-grounded, new research, along with the in-depth coverage of a broad range of issues that many mainstream texts shy away from and Mitchell's engaging, approachable writing style, offer a Canadian Sociology of Families text that is unparalleled. Anyone interested in studying contemporary family issues in Canada should read this book.“— Vicki L. Nygaard, Department of Sociology, Thompson Rivers University

Family Change and Family Policies in Great Britain, Canada, New Zealand, and the United States Sheila B. Kamerman, Alfred J. Kahn, 1997 This is the first volume in a series reporting on the evolution of family policies in twenty Western welfare states and comparing current provisions. The developments are presented in the context of a report on family change for each of the countries and with a view of the economic, political, and institutional contexts in which they occurred. Each of the country reports in the present volume has been prepared as a team collaboration by internationally recognized experts. The co-editors have prepared an analytic introduction which discussed the methodology for the series as well as the hypotheses that emerge from these first case studies. The topics include family formation and current structural patterns, families and the division of labour, the income of families, earnings, taxation, transfer programmes, as well as the political and institutional context for family policy. An extensive bibliography is provided. About the series: A series of country studies and comparative analyses examining major changes in the family and the broad spectrum of family policies in Western industrial society in the second half of the twentieth century. Vol 2: The Consociational Democracies: Belgium, Switzerland, and the Netherlands. Vol 3: France and Southern Europe. Vol 4: Capitalist and Socialist Central Europe: Austria, the Germanies, Hungary, and Poland. Vol 5: The Scandinavian Welfare States. Vol 6: Family, Industrial Society, and the Welfare State in the West: Early Variations and Long-Term Developments in Comparative Perspective. Vol 7: Family Policies in the West Since World War II: A Cross-National Analysis.

Canadian Family Policies Maureen Baker, 1995-01-01 With poverty, unemployment, and one-parent families on the rise in most Western democracies, government assistance presents an

increasingly urgent and complex problem This is the first study to explore Canada's family policies in an international context Maureen Baker looks at the successes and failures of social programs in other countries in search of solutions that might work in Canada Baker has chosen seven industrialized countries for her comparative study Australia France Germany The Netherlands Sweden the United Kingdom and the United States These countries experience social and economic strains similar to those felt in Canada and though they share certain policy solutions major differences in policy remain Baker considers which of the policies in these countries are most effective in reducing poverty enhancing family life and improving the status of women then applies her findings to the Canadian situation Bringing together research and statistics from the fields of demography political science economics sociology women's studies and social policy this rich multidisciplinary study provides a unique resource for anyone interested in Canadian family policy

Family Violence: A Canadian Introduction

Julianne Momirov, Ann Duffy, 2011-10-11 Family violence is hard for most people to understand The fact that we are more likely to be killed or assaulted by family members than anyone else seems incredible Yet for many Canadians the family is a dangerous place far from the haven of love and security that we would like to believe In this book sociologists Julianne Momirov and Ann Duffy explore the many forms that violence can take from physical abuse to emotional deprivation The victims the theories and the factors increasing risk are all clearly presented Policies and programs which would address this issue from personal intervention to institutional reforms are also outlined This new edition incorporates up to date statistical information on the prevalence of family violence It reports on recent initiatives to find more successful ways to respond to the needs of victims and to rehabilitate the perpetrators This is the definitive Canadian book for anyone wanting to learn more about this disturbing phenomenon
