[Perspectives on Family Ministry](#) Timothy Paul Jones, 2009-10-01 In Perspectives on Family Ministry Timothy Paul Jones makes the case that every church is called to some form of family ministry but what he means by family ministry isn't simply one more program to add to an already packed schedule According to Jones the most effective family ministries involve refocusing every church process to engage parents in the process of discipling their children and to draw family members together instead of pulling them apart Jones sets the stage with introductory chapters on the historical

Family Ministry That Counts Preston Cave, 2018-09-29 As ministry leaders continue to look at the research one thing is clear What happens at home is more impactful than what happens at church Not that the church doesn't matter it just means we need to look at what we do at church differently Spiritual convictions for better or worse will most always pass from parent to child and not pastor to child Yet many churches are still following a model of ministry that places the spiritual growth of kids and teens primarily on the shoulders of the ministry leaders and not on the parents This book is an attempt to develop a fresh simple model of ministry that shifts our thinking from believing church is the primary source of spiritual growth to knowing that the home is the place lasting discipleship occurs In other words parents aren't hindering OUR ministry rather we just might be hindering THEIR ministry Join the journey as we discover a new way of developing disciples for Jesus
