Edmund Blunden A Biography:

Edmund Blunden Barry Webb, 1990 Edmund Blunden 1896-1974 ranks among the most prodigious literary talents of Britain in the twentieth century. As a poet he was best known for *Undertones of War*, a moving account of the First World War by one of its youngest soldier-poets. But he was also a biographer, an editor, a scholar, teacher and professor in Hong Kong, Japan and Oxford. This book, the first biography of Blunden and written with the cooperation of his family, captures the man, his full career and the literary environment in which he lived. Drawing from many thousands of Blunden's letters, diaries and other personal papers, round the world as well as from interviews with friends and colleagues, Barry Webb traces the writer's boyhood in Kent, his two years in the trenches of the Somme and Passchendaele, and the career that extended from journalism in postwar London to the chair of poetry at Oxford in 1966. Blunden was the author of over a thousand poems, more than three thousand articles and reviews, and biographies of Shelley and Leigh Hunt, and he was the first major editor of John Clare and Wilfred Owen. Webb describes this active literary life and provides an account of Blunden's many influential friendships, with Siegfried Sassoon, for example, of his three marriages and seven children, and of the intriguing relationship with his Japanese secretary. He reveals Blunden to be a man of many contradictions: usually pictured as most at home on an English village green, he spent half his working life in the Far East; essentially a pacifist, he was the proud owner of the Military Cross, known for his generous mildness, he was accused of Nazi sympathies in 1939. At heart a private man, he was constantly in demand as a leader. Webb sees these tensions as providing the stimulus for the work and writing of a highly respected figure in twentieth-century literature, a man who had a profound effect on contemporaries in both the East and the West.

Edmund Blunden: A Biography Martin Webb, 1999-12-31 [Undertones of War](#) Edmund Blunden, 2015-07-09

This military memoir from the six-time Nobel Prize-nominated poet and British WWI soldier is one of the permanent works engendered by the memories of war. Paul Fussell, National Book Award-winning author of *The Great War and Modern Memory*, "I took my road with no little pride of fear; one morning I feared very sharply as I saw what looked like a rising shroud over a wooden cross in the clustering mist. Horror! But on a closer study I realized that the apparition was only a flannel-gas helmet. What an age since 1914!" In *Undertones of War*, one of the finest autobiographies to come out of World War I, the acclaimed poet Edmund Blunden records his devastating experiences in combat. After enlisting at the age of twenty, he took part in the disastrous battles at the Somme, Ypres, and Passchendaele, describing them as murder, not only to the troops but to their singing faiths and hopes. All the horrors of trench warfare, all the absurdity and feeble attempts to make sense of the fighting, all the strangeness of observing war as a writer, of being simultaneously soldier and poet, pervade Blunden's memoir. In steely-eyed prose as richly allusive as any poetry, he tells of the endurance and despair found among the men of his battalion, including the harrowing acts of bravery that won him the Military Cross. Now back in print for American readers, the volume includes a selection of Blunden's war poems that unflinchingly juxtapose death in the trenches with the beauty of

Flanders's fields *Undertones of War* deserves a place on the bookshelves of military buffs and poetry lovers Modern Classics *Undertones of War* Edmund Blunden, 2010-12-21 In what is one of the finest autobiographies to come out of the First World War the distinguished poet Edmund Blunden records his experiences as an infantry subaltern in France and Flanders Blunden took part in the disastrous battles of the Somme Ypres and Passchendaele describing the latter as murder not only to the troops but to their singing faiths and hopes In his compassionate yet unsentimental prose he tells of the heroism and despair found among the officers Blunden's poems show how he found hope in the natural landscape the only thing that survives the terrible betrayal enacted in the Flanders fields *The Poetry of Edmund Blunden* Michael Thorpe, 1971 **Fall**

In, Ghosts Edmund Blunden, 2014-07-01 Edmund Blunden 1896 1974 moved among the ghosts of the Great War every day of his long life having survived the battles of Ypres and the Somme His classic prose memoir *Undertones of War* and his early edition of Wilfred Owen's poems were just two examples of the ways in which he sought to convey his war experience and to keep faith with his comrades in arms His poetry is suffused by this experience and he was haunted by it throughout his writing life as the men with whom he had served gradually joined the ranks of the departed This selection of Blunden's prose about the First World War includes the complete text of *De Bello Germanico* his first lively sketch of the war as he lived it in 1916 alongside other essays and reflections Deeply informed by his reading of eighteenth and nineteenth century literature and equally by his knowledge of the countryside Blunden's vivid prose summons up for us what was human and natural in that most unnatural of environments the battlefields of the Western Front **Edmund Blunden** Thomas Mallon, 1983 **A**

contemplates the multiple Japanese translations of Brontë as contrasted to the single or non-existent English translations of major Japanese writers. Carrying out a close reading of a distant country's *Wuthering Heights*, Pascoe begins to see American literary culture as a small island on which readers are isolated from foreign literature. In this and in her previous book *The Sarah Siddons Audio Files*, Pascoe's engaging narrative innovates a new scholarly form involving immersive research practice to attempt a cross-cultural version of reader response criticism. *On the Bullet Train with Emily Brontë* will appeal to scholars in the fields of 19th-century British literature, adaptation studies, and Japanese literary history. *Siegfried Sassoon - The First Complete Biography of One of Our Greatest War Poets* John Stuart Roberts, 2015-02-28 Siegfried Sassoon is mostly remembered for the devastating poetry he wrote during World War One as a result of leading his troops over the top to certain death. This episode in his life when he was sent to military hospital suffering from shell shock and his heroic return to the front is covered extensively in his own writing and has overshadowed his later literary output. But his more mature poetry is resuscitated in this sensitive, exhaustively researched biography. As well as recounting the friendships Siegfried famously had with fellow poets Robert Graves and Wilfred Owen, Roberts delves into the more private arena of Sassoon's covert homosexuality and his ill-fated marriage. We learn about Sassoon the passionate golfer and bloodthirsty fox hunter, all of which adds greater depth to this complex man. Roberts also digs deep into his subject's psyche to reveal a fixation with father figures which started during the War when he was under analysis and arose from the early death of his father and uncovers new sources of information concerning Sassoon's conversion to Catholicism. This fresh material means that the earlier life is somewhat neglected but then, as Sassoon himself said, "My real biography is my poetry." **Handbook of British Literature and Culture of the First World War** Ralf Schneider, Jane Potter, 2021-09-20 The First World War has given rise to a multifaceted cultural production like no other historical event. This handbook surveys British literature and film about the war from 1914 until today. The continuing interest in World War I highlights the interdependence of war experience, the imaginative re-creation of that experience in writing, and individual as well as collective memory. In the first part of the handbook, the major genres of war writing and film are addressed, including of course poetry and the novel but also the short story. Furthermore, it is shown how our conception of the Great War is broadened when looked at from the perspective of gender studies and post-colonial criticism. The chapters in the second part present close readings of important contributions to the literary and filmic representation of World War I in Great Britain. All in all, the contributions demonstrate how the opposing forces of focusing and canon formation on the one hand and broadening and revision of the canon on the other have characterised British literature and culture of the First World War. *Poetry of the First World War* Tim Kendall, 2013-10-10 The First World War produced an extraordinary flowering of poetic talent: poets whose words commemorate the conflict more personally and as enduringly as monuments in stone. Lines such as "What passing bells for these who die as cattle / They shall not grow old as they that are left grow old" have come to express the feelings of a nation about the horrors and

aftermath of war This new anthology provides a definitive record of the achievements of the Great War poets As well as offering generous selections from the celebrated soldier poets including Wilfred Owen Siegfried Sassoon Rupert Brooke and Ivor Gurney it also incorporates less well known writing by civilian and women poets Music hall and trench songs provide a further lyrical perspective on the War A general introduction charts the history of the war poets reception and challenges prevailing myths about the war poets progress from idealism to bitterness The work of each poet is prefaced with a biographical account that sets the poems in their historical context Although the War has now passed out of living memory its haunting of our language and culture has not been exorcised Its poetry survives because it continues to speak to and about us
