The History of Educational Administration Viewed Through Its Textbooks Thomas E. Glass, 2004 The History of Educational Administration Viewed Through Its Texts provides the reader a history of the development of the professional field of educational administration From the Common School Era of the 1840s through the Era of Accountability in 2000 leaders of the profession wrote textbooks to both inform and instruct those desiring to follow in their footsteps Historical leaders such as Elwood Cubberley George Strayer George Counts and Jesse Sears are identified and the ways in which their

work influenced the profession and the public schools is examined The various management themes running through the practice of educational administration over a 150 year period are also discussed Among these themes is the administrator as a philosopher and manager of virtue scientific manager executive transformational leader instructional leader in a time of high stakes accountability The schools of thought affecting the preparation of education administrators is also discussed in the framework of general educational administration textbooks The early textbooks written by the grandfathers were compendiums of best practice later eclipsed in the 1960s by a theory movement to make practice more scientific This new movement was based on research in the social and behavioral sciences The theory movement presently seems to be giving way to a return of textbooks being compendiums of best practice based on professional standards Lastly an exploration of the development and impact the specialization of the field has had on both textbooks and practice is included The splintering of the educational administration professorate into finance law policy personnel and other specialties has had a profound impact on textbooks and practice The development of standards dictating certification and licensing has also been influenced by specialization as opposed to general preparation This book is a must for university libraries and every doctoral student writing a dissertation in education of general educational administration textbooks The early textbooks written by the grandfathers were compendiums of best practice later eclipsed in the 1960s by a theory movement to make practice more scientific This new movement was based on research in the social and behavioral sciences The theory movement presently seems to be giving way to a return of textbooks being compendiums of best practice based on professional standards Lastly an exploration of the development and impact the specialization of the field has had on both textbooks and practice is included The splintering of the educational administration professorate into finance law policy personnel and other specialties has had a profound impact on textbooks and practice The development of standards dictating certification and licensing has also been influenced by specialization as opposed to general preparation This book is a must for university libraries and every doctoral student writing a dissertation in education of general educational administration textbooks The early textbooks written by the grandfathers were compendiums of best practice later eclipsed in the 1960s by

a theory movement to make practice more scientific This new movement was based on research in the social and behavioral sciences The theory movement presently seems to be giving way to a return of textbooks being compendiums of best practice based on professional standards Lastly an exploration of the development and impact the specialization of the field has had on both textbooks and practice is included The splintering of the educational administration professorate into finance law policy personnel and other specialties has had a profound impact on textbooks and practice The development of standards dictating certification and licensing has also been influenced by specialization as opposed to general preparation This book is a must for university libraries and every doctoral student writing a dissertation in education

Educational Leadership for Organisational Learning and Improved Student Outcomes William Mulford, Halia Silins, Kenneth A. Leithwood, 2006-04-11 The change in paradigm in our field is away from the great man or woman theory of leadership and the teacher in his or her own classroom to the development of learning communities which value differences and support critical reflection and encourage members to question challenge and debate teaching and learning issues How to achieve such learning communities is far from clear but we believe the areas of problem based learning PBL and organizational learning OL offer valuable clues The indications are that the successful educational restructuring agenda depends on teams of leaders whole staffs and school personnel working together i e OL linking evidence and practice in genuine collaboration i e PBL The book is unique in that it is both about and uses these two concepts

Making Sense of Problems in Primary Headship Gerald Dunning, Tony Elliott, 2019-08-15 By using evidence from interviews with primary headteachers this book highlights the most serious problems experienced by primary heads The management of school finance and premises and relationships with a range of other people involved in the life and work of the school are shown to be recurring historical issues in primary headship
