The Routledge Handbook of Spanish in the Global City Andrew Lynch, 2019-08-08

The Routledge Handbook of Spanish in the Global City brings together contributions from an international team of scholars of language in society to offer a conceptual and empirical perspective on Spanish within the context of 15 major cosmopolitan cities from around the world With a unique focus on Spanish as an international language each chapter questions the traditional and modern notions of language place and identity in the urban context of globalization This collection of new perspectives on the sociology of Spanish provides an insightful and invaluable resource for students and researchers seeking to explore lesser known areas of sociolinguistic research

La modernidad global Fernando A. Iglesias, 2011-08-01

Análisis del fenómeno de la globalización de los procesos sociales Estamos como muchos se han ocupado de señalar ante un cambio de paradigmas Asimilar la globalización a una revolución copernicana implica comprender que las naciones no han desaparecido ni van a desaparecer en lo inmediato como se anunciaba hace una década Lo que se está desapareciendo es la era en la que las categorías nacionales ocupaban el centro del escenario social y las instituciones de cada país gozaban del monopolio de las acciones todo lo cual obliga a un reemplazo de los viejos conceptos Con este ambicioso libro Fernando Iglesias se propone analizando su lado análisis en la experiencia argentina por un lado describir las complejas dinámicas de la globalización y por el otro contribuir a la reconexión entre la emergente modernidad global y las tradiciones del universalismo ilustrado cuya relación fue interrumpida por un siglo XX marcado por el apogeo de particularismos nacionalistas clasistas racistas y religiosos

The Global Spanish Empire Christine Beaule,John G. Douglass,2020-05-05 The Spanish Empire was a complex web of places and peoples Through an expansive range of essays that look at Africa the Americas Asia the Caribbean and the Pacific this volume brings a broad range of regions into conversation The contributors focus on nuanced comparative exploration of the processes and practices of creating maintaining and transforming cultural place making within pluralistic Spanish colonial communities The Global Spanish Empire argues that patterned variability is necessary in reconstructing Indigenous cultural persistence in colonial settings The volume s eleven case studies include regions often neglected in the archaeology of Spanish colonialism The time span under investigation is extensive as well transcending the entirety of the Spanish Empire from early impacts in West Africa to Texas during the 1800s The contributors examine the making of a social place within a social or physical landscape They discuss the appearance of hybrid material culture the incorporation of foreign goods into local material traditions the continuation of local traditions and archaeological evidence of opportunistic social climbing In some cases these changes in material culture are ways to maintain aspects of traditional culture rather than signifiers of new cultural practices The Global Spanish Empire tackles broad questions about Indigenous cultural persistence pluralism and place making using a global comparative perspective grounded in the shared experience of Spanish colonialism Contributors Stephen Acabado Grace Barretto Tesoro James M Bayman Christine D Beaule Christopher

Transnational Spaces and Regional Localization. Social Networks, Border Regions and Local-Global Relations Angela Pilch Ortega, Barbara Schr öttner, 2012 Globalization has encouraged worldwide mobility intensified migration and supported growing interconnectedness through new technologies it has therefore substantially contributed to the development of so called transnational spaces This volume focuses on transnational spaces which should not be understood as locations on a map or as sealed containers but instead as relational social areas which are composed of various relationships Transnationalization increases liberation and or emancipation from place because social relations overcome physical space and local regional and national boundaries As a consequence a reconfiguration of social cultural political and economic scopes of action occurs This volume reveals that for people in general and for migration movements in particular new borders have been established in many places all over the world The biographies of global actors and migrants reference this alteration of space Additionally this volume calls special attention to border regions and their social configurations Borders appear as narratives which can have an enormous impact on social structures This book further deals with different aspects and various tensions having to do with local and global change interplay and interdependence Globalization leads to development that often ignores regional needs supports the continuation of post colonial power and maintains hegemonic dominance

Panorama del cine iberoamericano en un contexto global. Historias comunes, propuestas, futuro

Ana Sede o, 2015 Panorama del cine iberoamericano en un contexto global Historias comunes propuestas futuro trata de realizar una revisi n del estado actual de los cines nacionales de la zona desde una perspectiva de complejidad generalizada caracterizada por condiciones industriales globalizadas Las pol ticas p blicas han dibujado unas cinematograf as con diversos estados de madurez aunque todas marcadas por la hegemon a norteamericana en distribuci n y la diferente capacidad para conectar con el p blico interno Esto supone un contexto voluble que hace pensar que el paisaje cinematogr fico iberoamericano se ver continuamente transformado en el futuro Por otro lado los autores proponen una reflexi n sobre los

imaginarios fílmicos iberoamericanos marcados por la realidad social desigual y heterogénea de cada uno de los países analizados la violencia la situación de la mujer la memoria son sólo algunas de las problemáticas que marcan la representación propia en el audiovisual iberoamericano contemporáneo
