El Salvador in Revival T. Wynn Drost, 1987-01-01 U.S. Policy in El Salvador United States. Congress. House. Committee on Foreign Affairs. Subcommittee on Human Rights and International Organizations, 1983 *Fields Afire* Richard Everett Jeffery, Elva Jeffery, 1956 The New World Guides to the Latin American Republics: Mexico, Central America and the West Indies Earl Parker Hanson, Raye Roberts Platt, 1945 *The Histories of the Latin American Church* Joel M. Cruz, 2014-11-15

Latin American Christianity is too often presented as a unified story appended to the end of larger western narratives And yet the stories of Christianity in Latin America are as varied and diverse as the lands and the peoples who live there The unique political ecclesial social and historical realities of each nation inevitably shaped a variety of Christian expressions in each Now for the first time a resource exists to help students and scholars understand the histories of Latin American Christianity An ideal resource this handbook is designed as an accompaniment to reading and research in the field After a generous overview to the history and theology of the region the text moves nation by nation providing timelines outlines and substantial introductions to the politics people movements and relevant facts of Christianity as experienced in that nation The result is an informative and eye opening introduction to a kaleidoscope of efforts to articulate the meanings and implications of Christianity in the context of Latin America **Fields Afire** Richard Jeffery, Elva Jeffery, 197?

New Ways of Being Pentecostal in Latin America Martin Lindhardt, 2016-03-23 The explosive growth of Pentecostalism has radically transformed Latin America s religious landscape within the last half century or so In a region where Catholicism reigned hegemonic for centuries the expansion of Pentecostalism has now resulted in a situation of religious pluralism and competition bearing much more resemblance to the United States than to the Iberian motherlands Furthermore the fierce competition from Pentecostal churches has inspired significant renewals of Latin American Catholicism most notably the growth of a Catholic Charismatic movement However another and more recent source of religious pluralism and diversity in Latin America is an increasing pluralization and diversification of Pentecostalism itself and of the ways in which individual Pentecostals exercise their faith By carefully exploring this diversification the book at hand breaks new ground in the literature on Latin American Christianity Particular attention is focused on new ways of being Pentecostal and on the consequences of recent transformations of Christianity for individuals faith communities and societies More specifically the chapters of the book look into certain transformations of Pentecostalism such as theological renewals and new kinds of religious competition between Pentecostal churches a growing political and civic engagement of Pentecostals an observed de institutionalization of Pentecostal religious life and the negotiation individual Pentecostal identities composed of multiple intra and extra ecclesial points of identification and the emergence of new generations of Pentecostals children of Pentecostal parents many of whom have higher levels of education and higher incomes than the previous generations within their churches In addition Catholic responses to Pentecostal competition are also addressed in

several chapters of the book *Agriculture in the Americas*, 1943 **El Salvador in the Aftermath of Peace** Ellen Moodie, 2011-09-01 El Salvador's civil war which left at least 75 000 people dead and displaced more than a million ended in 1992 The accord between the government and the Farabundo Mart National Liberation Front FMLN has been lauded as a model post Cold War peace agreement But after the conflict stopped crime rates shot up The number of murder victims surpassed wartime death tolls Those who once feared the police and the state became frustrated by their lack of action Peace was not what Salvadorans had hoped it would be Citizens began saying to each other It's worse than the war El Salvador in the Aftermath of Peace Crime Uncertainty and the Transition to Democracy challenges the pronouncements of policy analysts and politicians by examining Salvadoran daily life as told by ordinary people who have limited influence or affluence Anthropologist Ellen Moodie spent much of the decade after the war gathering crime stories from various neighborhoods in the capital city of San Salvador True accounts of theft assaults and murders were shared across kitchen tables on street corners and in the news media This postconflict storytelling reframed violent acts rendering them as driven by common criminality rather than political ideology Moodie shows how public dangers narrated in terms of private experience shaped a new interpretation of individual risk These narratives of postwar violence occurring at the intersection of self and other citizen and state the powerful and the powerless offered ways of coping with uncertainty during a stunted transition to democracy Religions of the World J.
