El Teatro Musical En Buenos Aires Volume 2:

The Opera Fanatic Claudio E. Benzecry, 2011-06-15 Though some dismiss opera as old fashioned it shows no sign of disappearing from the world's stage. So why do audiences continue to flock to it? Given its association with wealth one might imagine that opera tickets function as a status symbol. But while a desire to hobnob with the upper crust might motivate the occasional operagoer for hardcore fans the real answer according to *The Opera Fanatic* is passion they do it for love. Opera lovers are an intense lot. Claudio E. Benzecry discovers in his look at the fanatics who haunt the legendary Colón Opera House in Buenos Aires a key site for opera's globalization. Listening to the fans and their stories Benzecry hears of two hundred mile trips for performances and nightlong camp outs for tickets while others testify to a particular opera's power to move them whether to song or to tears no matter how many times they have seen it before. Drawing on his insightful analysis of these acts of love Benzecry proposes new ways of thinking about people's relationship to art and shows how far from merely enhancing aspects of everyday life art allows us to transcend it.

Teatrofonia Vol. 2 - normas, estilos y rupturas Mirko Mescia, 2023-02-01 Si te gusta la música pero no entiendes de sonido si pides silencio pero algo siempre sigue sonando y si aún no sabes por qué la pregunta. Quiero ponerte un ejemplo: estás muy mal formulada entonces este libro es para ti. No apto para vanguardistas o como quieras llamarlos. APTO Gente de teatro y artes escénicas. Muy rápidamente te cuento algunas cosas que aprenderás en este libro. En *Teatrofonia Vol. 1* lo sonoro como arte y diseño me ocupo del presente de la percepción sonora y en particular de aquella aplicada a las artes escénicas lo que llamamos música de teatro o algo por el estilo. En este segundo volumen *Teatrofonia Vol. 2* normas, estilos y rupturas me metí con el pasado. Haciéndolo me sentí como una especie de extrano y torpe arqueólogo que armado de preguntas y terquedad descubrió que una de las formas más convenientes para aprender a escuchar de verdad y en profundidad es aprender a mirar. Y fue así que descubrí que la historia de las artes visuales cobija en sí un gran secreto relacionado al arte de organizar los sonidos en escena. Mirko Mescia. Desde el prólogo de Ricardo Talento. En este tomo hay una intencionalidad en la escritura de Mirko Mescia que no es simplemente informarnos sobre el rol de la mu-

sica de teatro en el pasado El pasado sobre todo en occidente nos interpela en el presente de tal manera y perdonen la meta
fora que nos hace sangrar las neuronas desde las primeras li neas a todos los teatreros Leerlo es atrapante y a su vez
angustiante Por que Se estara n preguntando por lo que hemos perdido por lo que fuimos abandonando en el camino y por el
mar de incertidumbres en la que nos seguimos moviendo con respecto al rol de la mu sica en el teatro Que le ha pasado y le
sigue pasando a esta ceremonia humana que llamamos teatro que sentimos que necesitamos de la mu sica pero no sabemos
para que y en do nde ponerla Por que en el mejor de los casos es la frutilla de la torta y no una parte esencial de la

Cancionero rioplatense, 1880-1925 Carla Rey de Guido,Walter Guido,1989 *Puccini's La fanciulla del West and American Musical Identity* Kathryn Fenton,2019-08-30 On 10 December 1910 Giacomo Puccini's seventh opera *La fanciulla del West* had its premiere before a sold out audience at New York City's Metropolitan Opera House The performance was the Metropolitan Opera Company's first world premiere by any composer By all accounts the premiere was an unambiguous success and the event itself recognized as a major moment in New York cultural history The initial public opinion matched Puccini's own evaluation of his opera He called it the best he had ever written and expected it to become as popular as *La Bohème* Yet the music reviews tell a different story Marked by ambivalence the reviews expose the New York City critics' struggle to reconcile the opera they expected to see with the one they actually saw and the opera itself became embroiled in controversy over the essence of musical Americanness and the nativist perception that a uniquely American national opera tradition continued to elude both American and foreign born opera composers This book seeks to account for the differences between Puccini's own assessments of the opera and those of its first audience Offering transcriptions of the central reviews and of letters unavailable elsewhere the book provides a historically informed understanding of *La fanciulla del West* and the reception of this European work as it intersected with both opera production and consumption in the United States and with the process of American musical identity formation during the very period that Americans actively sought to eradicate European cultural influences As such it offers a window into the development of nativism and cosmopolitan nationalism in New York City's musical life during the first decade of the twentieth century **The Cambridge Companion to Tango** Kristin Wendland,Kacey Link,2024-03-28 An innovative resource which shatters tango stereotypes to account for the genre's impact on arts culture and society around the world Twenty chapters by North and South American European and Asian contributors some publishing in English for the first time collectively cover tango's history culture and performance practice
