Elder Voices:

Elder Voices Daniel F. Detzner, 2004-01-05 Forty life histories of Southeast Asian elders are gathered in this volume Collectively they reveal insider personal perspectives on new immigrant family adaptation to American life at the end of the 20th century , **Fundamentals of Verbal and Nonverbal Communication and the Biometric Issue** Anna Esposito, NATO Programme for Security through Science, 2007 The main theme of this publication is the fundamental features of verbal and nonverbal communication and their relationships with the identification of a person his her socio cultural background and personal traits The problem of understanding human behaviour in terms of personal traits and the possibility of an algorithmic implementation that exploits personal traits to identify a person unambiguously are among the great challenges of modern science and technology On the one hand there is the theoretical question of what makes each individual unique among all others that share similar traits and what makes a culture unique among various cultures On the other hand there is the technological need to be able to protect people from individual disturbance and dangerous behaviour that could damage an entire community interesting research areas is that related to human interaction and face to face communication It is in this context that knowledge is shared and personal traits acquire their significance **Lives of Lesbian Elders** J Dianne Garner, D. Merilee Clunis, Pat A. Freeman, Nancy M. Nystrom, Karen I. Fredriksen-Goldsen, 2014-07-16 The untold history of lesbian life from those who have lived it Lives of Lesbian Elders Looking Back Looking Forward illuminates the hopes fears issues and concerns of gay women as they grow older Based on interviews with 62 lesbians ranging in age from 55 to 95 this very special book provides a historical account of the shared experiences of the lesbian community that is so often invisible or ignored in contemporary society The book gives voice to their thoughts and feelings on a wide range of issues including coming out identity and the meaning of life the role of family and personal relationships work and retirement adversity and individual sources of strength and resilience Cast off and overlooked at best or victims of scorn and prejudice at worst lesbians in the twentieth century lived dual lives their full voices unheard until now Lives of Lesbian Elders chronicles the life choices they made and their reasons for making them set against the contexts of culture politics and the social mores of the eras in which they lived Their stories of courage resilience resourcefulness pride and independence help restore lesbian history that has been forgotten distorted or disregarded and provide the information necessary to meet the future needs of aging lesbians Lives of Lesbian Elders gives aging lesbians a chance to discuss their thoughts on a variety of topics including Coming out You didn't talk about it Until two years ago I never even referred to a lesbian or would I allow the word to pass my lips I used to sneak into libraries and read about homosexuality and back in that era it was not classy it was classified as a disorder of some type Identity The only difference between me and anybody else is that I just happen to be sleeping with a woman I think I grew up not really knowing who I was and I think probably fighting all my life trying to find out who I was Family I feel very connected with the lesbian community here I guess I would call that

family Many years ago my sister said I think when they re ready you need to explain to the nieces what a lesbian is because I want them to hear the correct story I want them to hear what it really is and not all these stupid rumors that go around Work I was going to become a youth minister at one point and it dawned on me in high school that there was no way the church was going to let me work with kids I didn t really finish my career I still have dreams about the military and about not finishing It was my choice but it wasn t really my choice Aging and the Future I think financing of course is a real big problem for lesbian women I have a concern that if anything should happen to my partner in growing older of being isolated from the gay community and much more Lives of Lesbian Elders Looking Back Looking Forward also includes appendices that present demographic data on the women who were interviewed for the book information on historical timelines and suggested readings on lesbian history The book is an invaluable addition to the growing collective history of lesbians in the United States

Freda. A Novel Freda,1878 **Age as Disease** David-Jack Fletcher,2021-03-21 Age as Disease explores the foundations of gerontology as a discipline to examine the ways contemporary society constructs old age as a disease state Framed throughout as gerontological hygiene this book examines contemporary regimes strategies and treatment protocols deployed throughout Australia the United States and the United Kingdom The book deploys critical cultural theories such as biopolitics somatechnics ethics and governmentality to examine how anti aging technologies operate to problematise the aging body as always already diseased and how these come to constitute a movement of abolition named here as gerontological hygiene

Part of the Plot: 1963 H. Dugan,2003-02-03 Is this the autobiography of a participant in the assassination plot of 1963 The life it describes is the strange rather isolated existence of a person who never fit in at any point of his life Although he readily and incisively comments on actions and the personalities he observed he really is not open about himself He moves from a privileged sheltered childhood through a raw adventurous adolescence always motivated by being able to exercise control over the people and events around him From the excitement of the oil boom and early Hollywood to the Spanish Civil War he apparently had a finger in many pies of the 20th century He sees everything from an oblique perspective of his very own He seems to be consistent when he expresses a huge range of unique opinions and ideas He makes observations on people s motivations on how they reconcile their actions with their ethics on proper areas for government to manage and on personal and national philosophies The life that brings him to and carries him beyond an arched window in Dallas is related with a wealth of detail Everything is here but those little details that would make it really possible to prove any of his statements with documents In mid November 1988 the transcriber was asked to visit a valued friend to discuss an urgent matter of deep concern The matter was satisfactorily settled and my friend s mind was put to rest In the period of relief that followed my friend said no amount of money could ever repay me for the peace of mind now felt To change the subject we talked of the approaching 25th anniversary of events in Dallas Texas Suddenly stopping in the middle of a sentence I followed my friend to the cellar workshop From among the tools and craft materials a

small slightly rounded suitcase covered in striped brown glazed paper was pulled from the very back of a shelf under the workbench and put in my hands It s yours now Maybe you can do something with it It might be valuable By the handful we took out torn sheets of arithmetic paper with neat small writing photographs of all sizes about 120 and old postcards and laid them on the bench Some of the torn pages had browned around the edges and were fairly brittle but the printing was clear and legible There were two tintypes Some of the photographs were yellowed some were trimmed only a few had writing or identification and none of the postcards had been mailed Everything was put into a grocery bag for me to take home except the battered little suitcase which I never saw again My friend tied my use of the material to the matter we had previously discussed and I gave my word on this added thing too The obligation has been completed Since then I have sorted and matched pages which at last came out even transcribed them and finally discarded them as I had promised The photos and post cards are still unsorted Making an exact transcription was not difficult The writing was small and legible although some spellings names and places were unfamiliar or puzzling The research I did on the Web for some unfamiliar words gave only limited information and wasn t very helpful Perhaps more knowledgeable people can determine whether this Memoir is true

Le Bailly,1893 [The Oxford Handbook of Asian American History](#) David Yoo,Eiichiro Azuma,2016 The Oxford Handbook of Asian American History brings together 27 essays that engage the state of the field with historiographically informed but creative approaches to this diverse and vibrant area The chapters trace Asian American history from the beginning of the migration flows toward the Pacific Islands and the American continent to Japanese American incarceration and Asian American participation in World War II from the experience of exclusion violence and racism to the social and political activism of the late twentieth century The authors explore many of the key aspects of the Asian American experience including politics economy intellectual life the arts
