Subcommittee on Courts, Civil Liberties, and the Administration of Justice,1975 **Geriatric Medicine** C.K. Cassel,J.R. Walsh,2012-12-06 With the appearance of a textbook as comprehensive as this one it is clear that the field of geriatrics is coming of age The broad scope of these volumes shapes a substantial answer to the question What is geriatrics and why should we be interested in it As I see it there are at least five reasons First the scientific or intellectual reason gerontology is the study of aging from the biologic psychological and social perspectives There is increasing interest in the fascinating insights into the biologic mechanisms of aging errors in protein synthesis DNA repair mechanisms alterations of the neuroendocrine system changes in the immune system genetic controls and somatic mutations Second the demographic reason this is the century of old age There has been a 26 year gain in the average life expectancy This gain compares with that acquired from 3 000 years B C the Bronze Age to the year 1900 which was about 29 years Therefore in one century there has been a gain in the average life expectancy almost equal to 5 000 previous years of human history In 1830 one of three newborn infants survived beyond 60 years of age **Aging and Older Adulthood** Joan T. Erber,2011-08-24 Updated and substantially revised the second edition of *Aging and Older Adulthood* reflects the most current scientific research and theoretical foundations that contribute to our understanding of aging and older adulthood Updated content and references include recent neurological findings on brain structure and functioning as well as factors that influence cognitive functioning health care decision making and social relationships Chapter opening vignettes engage students with real world illustrations of older adults which relate to the concepts to come Applying Research boxes offer examples of current research findings that can be applied to the everyday lives of older adults Understanding Aging boxes highlight phenomena such as sundown syndrome and end of life desires which provide a deeper insight into the aging process Integrated themes of diversity environmental influences on aging and applications to everyday life relate the story of aging more directly to key concepts New Chapter 13 explores what older adulthood may look like in the future and ties together the author's theoretical framework with views on positive aging Instructor's Manual with Test Bank and PowerPoint slides available online at www.wiley.com/go/erber **Reichel's Care of the Elderly** Jan Busby-Whitehead,Samuel C. Durso,Christine Arenson,Mary H. Palmer,Rebecca Elon,William Reichel,2022-07-21 A clinical guide for all health specialists offering practical relevant and comprehensive information on managing the elderly patient **Older Persons and the Law** John Williams,2025-05-15 This book explores the law and legal system's impact on older persons As well as describing the current law primarily in England and in Wales it highlights the pivotal role that elder law lawyers play in using law to challenge and combat ageism Important questions are raised about whether the law perpetuates ageism and whether the current working of the law effectively challenges discrimination abuse and social exclusion faced by older persons Elder law lawyers have an essential role in advocating for the rights of older persons The book focuses on the need to uphold and

respect the human rights of older persons emphasising their dignity autonomy and right to inclusion It examines key topics such as human rights in the context of ageing the provision of social care discrimination decision making capacities mental health and abuse and neglect It also offers insights into the notion of personal liberty concerning older persons and whether existing safeguards are sufficient The international dimensions of elder law are discussed highlighting the range of initiatives led by the United Nations and efforts by non governmental organisations and regional bodies These initiatives aim to confront and diminish ageism on both international and domestic fronts emphasising the need for a concerted effort to enforce the rights of older persons across different cultures and legal systems This book will interest researchers students and practitioners specialising in family and social welfare law elder law human rights law and discrimination law
