On Edge C. Carr, 2012-04-09 Through her engaged and articulate essays in the Village Voice C Carr has emerged as the cultural historian of the New York underground and the foremost critic of performance art On Edge brings together her writings to offer a detailed and insightful history of this vibrant brand of theatre from the late 70s to today It represents both Carr s analysis as a critic and her testament as a witness to performances which by their very nature can never be repeated Carr has organized this collection both chronologically and thematically ranging from the emphasis on bodily manipulation endurance in the 70s to the underground club scene in New York to an insider s analysis of the Tompkins Square Riot as a manifestation of the cultural and social conflicts that underlie much of performance art She examines the transgressive and taboo shattering work of Ethyl Eichelberger Karen Finley and Holly Hughes documents specific performances by Annie Sprinkle and Lydia Lunch and maps the development of such artists as Robbie McCauley Blue Man Group and John Jesurun She also describes the cross over phenomenon of the mid 80s and considers the far right backlash against this mainstreaming as cultural reactionaries sought to curb the influence of these new artists
