Electa A Historical Novel:

Electa Dennis W. Fabel, 2002-03-11 This is a work of historical fiction I have endeavored to balance the historical accuracy of places dates and characters with a reasonable portrayal of how the actual people might have lived their lives in what we now recognize as Montana s history Using fictional liberty I have depicted the character s personalities through their words and actions just like in real life That I believe is the key to reconciling and understanding what really happened in southwest Montana in the early 1860s The Vail family Electa Bryan Francis Thompson Joseph Swift and Henry Plummer among others in this story were actual people We should understand that due to the complex natures of people and history people made decisions based on equally complex motives and acted accordingly just as they do now We can regret that Electa never kept a diary or to our knowledge never communicated to anyone why she left what was then Idaho Territory The fact is that no one knows Only God understands what motivated those who have lived before us To judge them based on obviously biased writings especially of their own time seems unfair at best if not criminal The same Constitution that guarantees our rights should have protected those hung by so called Vigilante Justice Today few can appreciate the hardships of that wilderness life But we can and should honor the endeavors of those who lived then by realizing and remembering that they were probably not as they have been represented in any book of history or fiction Of course there are no living witnesses to testify of what they were truly like Only the land itself and a few buildings remain as mute observers of those who lived a very real dangerous yet exciting adventure in America s early West The Sheriff's Wife Pat Pfeiffer, 2001 In 1862 historical figure Electa Bryan comes to a remote Indian Agency in what is now Western Montana to teach native children Instead she finds deprivation and loneliness until she meets suave handsome Henry Plummer and falls hopelessly in love Rejecting her sister s warning she marries this stranger and moves to Bannack City There they pursue their vision of turning a primitive territory filled with greed murder and mayhem into a civilized state with Henry as governor As sheriff he is away from home most of the time enforcing the law searching for a mysterious silver lode or in the saloons Electa is neglected and regimented but blindly ignores the signs he is not all he seems devotedly believing all he says Until she meets Pearl At Electa s death in 1912 her son Vernon Maxwell inherits an eagle feather and a fortune He sets out to learn why she left her husband so precipitously and why Henry was hanged for supposedly heading a gang of road agents who were killing innocent people and robbing gold shipment What is the password he must know to secure his inheritance Henry s stolen gold More importantly can he discover his mother s hidden past *Encyclopedia of Historians and Historical Writing* Kelly Boyd, 2019-10-09 The Encyclopedia of Historians and Historical Writing contains over 800 entries ranging from Lord Acton and Anna Comnena to Howard Zinn and from Herodotus to Simon Schama Over 300 contributors from around the world have composed critical assessments of historians from the beginning of historical writing to the present day including individuals from related disciplines like J rgen Habermas and Clifford Geertz whose theoretical contributions have informed historical

debate Additionally the Encyclopedia includes some 200 essays treating the development of national regional and topical historiographies from the Ancient Near East to the history of sexuality In addition to the Western tradition it includes substantial assessments of African Asian and Latin American historians and debates on gender and subaltern studies
