Elected Friends:

Elected Friends Matthew Spencer, 2012-05-22 Robert Frost and Edward Thomas met in a bookshop in London in 1913 During the next four years the two writers Frost an unknown poet who had sold his farm in New Hampshire in order to take his family to England for one last gamble on poetry and Thomas a sad literary journalist formed the most important friendship between poets since that of Wordsworth and Coleridge Their friendship only ended with Thomas death in Arras France a casualty of the First World War The story of Edward Thomas turn to poetry in fact has been dominated by the account of Robert Frost s injunction to break his existing prose into lines bringing his musical cadence and his direct speaking voice into conversation with formal prosody Thomas himself had already championed Frost s own early work These poems are revolutionary because they lack the exaggeration of rhetoric Their language is free from the poetical words and forms that are the chief material of the secondary poets The metre avoids not only old fashioned pomp and sweetness but the later fashion also of discord and fuss In fact the medium is common speech Mr Frost has in fact gone back as Whitman and as Wordsworth went back through the paraphernalia of poetry into poetry once again This book presents for the first time the full record arranged chronologically of what the poets wrote to for and about one another their letters poems and Thomas review of Frost s first two books They reveal a warmth and charm that give us the key to the relationship between Frost and Thomas

Love and Need Adam Plunkett, 2025-02-18 Braiding together biography and criticism Adam Plunkett challenges our understanding of Robert Frost s life and poetic legacy in a pathbreaking new work By the middle of the twentieth century Robert Frost was the best loved poet in America He was our nation s bard simple and sincere accompanying us on wooded roads and articulating our hopes and fears After Frost s death these cliches gave way to equally broad though opposed portraits sketched by his biographers chief among them Lawrance Thompson When the critic Helen Vendler reviewed Thompson s biography she asked whether anyone could avoid the conclusion that Frost was a monster In *Love and Need The Life of Robert Frost s Poetry* Adam Plunkett blends biography and criticism to find the truth of Frost s life one that lies between the two poles of perception Plunkett reveals a new Frost through a careful look at the poems and people he knew best showing how the stories of his most important relationships heretofore partly told mirror dominant themes of Frost s enduring poetry withholding and disclosure privacy and intimacy Not least of these relationships is the fraught intense friendship between Frost and Thompson the major biographer whose record of Frost Plunkett seeks to set straight Moving through Frost s most important work and closest relationships with the attention to detail necessary to see familiar things anew Plunkett offers an original interpretation of Frost s poetry tracing Frost s distinctive achievement to an engagement with poetic tradition far deeper and more extensive than he ever let on Frost invited his readers into a conversation like the one he sustained with his literary forebears intimate and profound yet Frost kept his private self at a remove Here Plunkett brings the two together the poet and the poetry and draws us back into conversation with America s poet *The fifth*

Essays on His Own Times Samuel Taylor Coleridge,1850 **Where Have You Been?** Michael Hofmann,2025-09-23 An adventure with a roving genius of literary criticism Michael Hofmann poet translator and intellectual vagabond has established himself as one of the keenest critics of contemporary literature Safely nestled between the covers of *Where Have You Been* he offers a hand to guide us and an encouraging whisper in our ear leading us on a trip through what to read how to think and why to like And while these essays bear sharp insights that will help us revisit writers with a fresh eye they are also a story of love between a reader and his treasured books In the thirty essays collected here Hofmann brings his signature wit and sustained critical mastery to a poetic penetrating and candid discussion of the writers and artists of the last hundred years Here are the indispensable poets without which contemporary poetry would be unimaginable Elizabeth Bishop the poets poets poet the ghostly skill of Robert Lowell and the man he calls the greatest English poet since Shakespeare Ted Hughes But he also illumines the despair of John Berryman and the antics of poetry's bogeyman Frederick Seidel In essays on art that are themselves works of art Hofmann's agile and brilliant mind explores a panoply of subjects from the mastery of translation to the best day job for a poet What these diverse gems share are the critic's insatiable curiosity and great charm *Where Have You Been* is an unmissable journey with literature's most irresistible flaneur

Francis Beaumont,John Fletcher,1679 *Register of Debates in Congress* United States. Congress,1835 You Come Too Lesley Lee Francis,2015-12-03 Robert Frost observed in his wife Elinor a desire to live a life that goes rather poetically The same could be said of many members of the Frost family over several generations In *You Come Too* Frost's granddaughter Lesley Lee Francis combines priceless personal memories and rigorous research to create a portrait of Frost and the women including herself whose lives he touched Francis provides a vivid picture of Frost the family man revealing him to be intensely engaged rather than the aloof artist that is commonly portrayed She shares with us the devastation Frost and Elinor experienced when faced with tragic illnesses both physical and mental and the untimely death of family members Elinor's own death added to the poet's despair and unleashed complex feelings throughout the family Francis's mother would lament the toll taken on Elinor by what she perceived as Frost's selfishness in the life he had chosen This is also the story of Lesley Frost Francis's remarkable mother who struggled to emerge from her celebrated father's shadow while as one of the people closest to him sharing his intuitive impulse to write and to indulge their mutual love of books and poetry Francis would herself become yet another writer and like her grandfather and mother before her a teacher despite sharing Frost's sense of being imperfectly academic In addition Francis explores Frost's professional relationships with women outside the family such as the poets Harriet Monroe Amy Lowell and Susan Hayes Ward Francis's invaluable insights into Frost's poetry and

her inclusion of previously unpublished family writings and photographs make this book essential to Frost scholarship But You Come Too will appeal to anyone interested in this great poet's life and work It also reveals unforgettable stories of strong independent women and their passion to create and share poetry Where Liberty Dwells, There Is My Country Craig Roberts Stapleton, Louise French McCready, 2010-09-23 Franco American diplomatic relations were tested at pivotal moments in world history This collection of biographies of twentieth century U S ambassadors to France explores their personal and professional lives highlighting accomplishments and challenges in France Before serving as the U S president's personal representative these men were successful politicians businessmen and soldiers who then sacrificed their time money and sometimes their health These ambassadors demonstrated courage intelligence and character during the most challenging events of the twentieth century *The Northern Lasse, a comoedie, etc* Richard Brome, 1684 The Infernal Quixote Charles Lucas, 2004-08-31 The Infernal Quixote 1801 is an enjoyable comic romp in which Charles Lucas engages directly with the most pressing political issues of his day and establishes himself as one of the most forthright of all the anti Jacobin writers Dealing with many aspects of the debates that raged around the writings of Burke Paine Wollstonecraft Godwin and others the novel paints a vivid picture of the political and social anxieties prevalent in Britain during the 1790s Lucas's work is particularly remarkable for depicting meetings of the London Corresponding Society and the secret Illuminati society and for being the first novel to be set amidst the Irish Rebellion of 1798 This Broadview edition is accompanied by a critical introduction and a rich selection of primary source materials including a prospectus for the notorious Minerva Press a contemporary review publications of The United Irishmen and excerpts from Augustin Barruel's *Memoirs Illustrating the History of Jacobinism* and from the writings of William Godwin Anti-Jacobin Novels, Part II, Volume 10 W M Verhoeven, Claudia L Johnson, Philip Cox, Adriana Craciun, Richard Cronin, 2017-09-29 A selection of Anti Jacobin novels reprinted in full with annotations The set includes works by male and female writers holding a range of political positions within the Anti Jacobin camp and represents the French Revolution American Revolution Irish Rebellion and political unrest in Scotland **The New-England Magazine**, 1832 **Robert Frost in Context** Mark Richardson, 2014-04-14 This new critical volume offers a fresh multifaceted assessment of Robert Frost's life and works Nearly every aspect of the poet's career is treated his interest in poetics and style his role as a public figure his deep fascination with science psychology and education his peculiar and difficult relation to religion his investments as thinker and writer in politics and war the way he dealt with problems of mental illness that beset his sister and two of his children and finally the complex geo political contexts that inform some of his best poetry Contributors include a number of influential scholars of Frost but also such distinguished poets as Paul Muldoon Dana Gioia Mark Scott and Jay Parini Essays eschew jargon and employ highly readable prose offering scholars students and general readers of Frost a broadly accessible reference and guide Fulfilling God's Mission Willem Frijhoff, 2007 This biography recalls the fascinating life of the second Reformed minister of New Amsterdam

New York from his mystical experience as a 15 year old orphan in Holland until his tragic death as a spokesman of the opposition during Kieft's War The Georgian Poets Rennie Parker, 1999 This introductory study helps to set the Georgians in their original context and revises the critical balance in favour of three lesser known writers whose contribution to early twentieth century letters was viewed as significant before the 1930s *The Poetry of Clare, Hopkins, Thomas, and Gurney* Andrew Hodgson, 2019-12-31 This book attends to four poets John Clare Gerard Manley Hopkins Edward Thomas and Ivor Gurney whose poems are remarkable for their personal directness and distinctiveness It shows how their writing conveys a potentially individual quality of feeling perception and experience each poet responds with unusual commitment to the Romantic idea of art as personal expression The book looks closely at the vitality and intricacy of the poets language the personal candour of their subject matter and their sense obdurate but persuasive of their own strangeness As it traces the tact and imagination with which each of the four writers realises the possibilities of individualism in lyric it affirms the vibrancy of their contributions to nineteenth and twentieth century poetry
