Electoral Allegiance In Sri Lanka:

Electoral Allegiance in Sri Lanka Dilesh Jayanntha, 1992-06-04 A detailed comparative analysis of electorates in Sri Lanka It addresses issues that are relevant not only to South Asia but to the developing world in general and will therefore be of interest to specialists and students of South Asia comparative politics sociology and anthropology Catch-All Parties and Party-Voter Nexus in Sri Lanka Pradeep Peiris, 2021-11-20 This book systematically maps the evolution of the party voter nexus of the United National Party UNP and Sri Lanka Freedom Party SLFP In doing so it argues that these parties rely mostly on a complex Web of patronage based networks to mobilise electorates They employ informal and highly dynamic loosely knit networks as their organisational structures at the local level They mainly focus on mobilising voters through local political actors rather than maintaining clear party bases and membership schemes The study highlights the salience of personalities at the national as well as local levels in forming electoral support for the parties These individuals exploit their economic social and cultural capital to mobilise the most efficient network that would strengthen their party during elections The study also analyses the emergence of two new coalition centres from within these traditional parties the Sri Lanka Podujana Peramuna SLPP and Samagi Jana Balawegaya SJB and argues that these parties though portraying themselves as new have in fact retained the overall logic of the party voter nexus by appropriating the organisational schemes and structures of their predecessors The Political Economy of Ethnic Conflict in Sri Lanka Nikolaos Bizziouras, 2014-03-26 At the point of independence in 1948 Sri Lanka was projected to be a success story in the developing world However in July 1983 a violent ethnic conflict which pitted the Sinhalese against the Tamils began and did not come to an end until 2009 This conflict led to nearly 50 000 combatant deaths and approximately 40 000 civilian deaths as well as almost 1 million internally displaced refugees and to the permanent migration abroad of nearly 130 000 civilians With a focus on Sri Lanka this book explores the political economy of ethnic conflict and examines how rival political leaders are able to convince their ethnic group members to follow them into violent conflict Specifically it looks at how political leaders can influence and utilize changes in the level of economic liberalization in order to mobilize members of a certain ethnic group and in the case of Sri Lanka shows how ethnic mobilization drives can turn violent when minority ethnic groups are economically marginalized by the decisions that the majority ethnic group leaders make in order to stay in power Taking a political economy approach to the conflict in Sri Lanka this book is unique in its historical analysis and provides a longitudinal view of the evolution of both Tamil and Sinhalese ethnic drives As such this interdisciplinary study will be of interest to policy makers as well as academics in the field of South Asian studies political science sociology development studies political economy and security studies Nationalism, Development and Ethnic Conflict in Sri Lanka Rajesh Venugopal, 2018-10-18 This book examines the relationship between ethnic conflict and economic development in modern Sri Lanka Drawing on a historically informed political sociology it explores how the economic and the ethnic have encountered one another focusing in particular on the
