Electoral Systems And Democratization In Southern Africa:

Electoral Systems and Democratization in Southern Africa Andrew Reynolds, 1999-01-28 The design of electoral systems and executive types is increasingly being recognized the key lever of constitutional engineering to be applied in the interests of political accommodation and stability in ethnically divided societies In this groundbreaking comparative study of democratic design in Southern Africa Andrew Reynolds finds that the decisions about how to constitute representative parliaments have wide ranging effects on the type of parties and party system that develops the nature of executive legislative relations and the inclusiveness of both majority and minority interests in the process of governance While electoral system design is the primary focus of the book the related constitutional issues of whether to choose a presidential or parliamentary system and whether to entrench consensual consociational or majoritarian government are also discussed Analysing the experiences of Malawi Namibia South Africa Zambia and Zimbabwe the author presents a host of revealing conclusions that help shed light on the success or failure of democratic design in other fledgling democracies in both Africa and beyond

Electoral Systems and Democratization in Southern Africa Andrew Reynolds, 1999 A comparative study of democratic design in Southern Africa this text finds that the decisions about how to constitute representative parliaments have wide ranging effects on the type of parties and party systems that develop

Military, Politics and Democratization in Southern Africa Tendai Chari, Patrick Dzimiri, 2023-08-10 This book explores multiple challenges faced by democratization in Southern Africa Applying a wider lens to the concept of political transition and employing a variety of theoretical and methodological approaches the contributions gathered here explore residual political cultural practices that hinder democratic consolidation in Southern Africa Presenting various case studies the book tackles themes such as the military political nexus leadership renewal constitutionalism electoral politics election violence marginalization of women civil society and political transition media framing and transitional justice Written from a multidisciplinary perspective and drawing on empirical data from multiple sources this edited volume challenges orthodox conceptualizations of political transition The book will be of interest to students and scholars of political science African studies and related fields as well as policy makers and professionals interested in the latest political developments in Southern Africa

Opposition and Democracy in South Africa Roger Southall, 2014-01-14 This collection examines the nature scope and prospects for political opposition under African National Congress political dominance

The Politics of Electoral Systems Michael Gallagher, Paul Mitchell, 2005-09-15 Electoral systems matter They are a crucial link in the chain connecting the preferences of citizens to the policy choices made by governments They are chosen by political actors and once in existence have political consequences for those actors They are an important object of study for anyone interested in the political process and in this book we subject them to systematic analysis In addition to some comparative chapters the book contains full accounts of the operation of electoral systems in 22 countries France the UK Germany Italy Israel Spain Austria Belgium Denmark Finland

The Netherlands Ireland Hungary Russia Australia Canada India the USA Japan New Zealand Chile and South Africa The book provides detailed analyses of the operation of a diverse set of electoral systems in their national context Each chapter explains how the electoral system really works in the given country examining the strategic incentives the system provides to voters candidates and parties All country chapters have a common format and structure Successive sections analyse the institutional context how each electoral system was chosen historically how the current electoral system operates the rules mechanics and ballot structure and the political consequences of the current system the impact on the party system the internal life of parties and the impact on parliament and government formation Each country chapter then contains a final section which focuses on the politicization of electoral institutions In recent years many countries have changed their electoral systems either entirely or in part so there is a strong focus on the processes of electoral reform both historically and prospectively The book concentrates on the real world politics as well as the political science of electoral systems The book will be of interest to those concerned with the practical political business of electoral reform The book contains a wealth of evidence about the performance of various kinds of proportional representation and of non PR systems This will be invaluable for anyone interested in the question What would be the best electoral system for my country

The ^AOxford Handbook of Electoral Systems Erik S. Herron, Robert J. Pekkanen, Matthew S. Shugart, 2018-03-15 No subject is more central to the study of politics than elections Electoral systems the rules about how voters preferences are translated into election results profoundly shape important political outcomes including party systems candidate selection and policy choices This volume provides an in depth exploration of the origins and effects of electoral systems

The Architecture of Democracy Andrew Reynolds, 2002-03-14 Democratic design is increasingly seen as the key to crafting stability in the fragile states of the developing world Getting the democratic institutions right may not guarantee success but getting them wrong has led to violent collapse in many socially divided states The Architecture of Democracy brings together both theory and case study evidence to provide the reader with an excellent overview of the cutting edge of academic debate and its practical implications for democratic design in the 21st century The discipline of constitutional engineering reached maturity in the 1990s with theories of ethnic polarization and democratic conflict management being applied in trouble spots across the globe Andrew Reynolds brings together the leading lights of the discipline to discuss the successes and failures of constitutional design The two icons of modern constitutional design Arend Lijphart and Donald Horowitz lead off by debating their own contributions to the field Then Olga Shvetsova Timothy Frye and Jos Ant nio Cheibub present important new evidence from Europe the Central and Eastern Europe Asia and Latin America Steven Solnick Yash Ghai Pippa Norris and Rein Taagepera analyze the effects of presidential and parliamentary systems issues of federalism and autonomy and the varying impact of electoral systems The book concludes with Brij Lal s case study of Fiji Brendan O Leary on Northern Ireland Bereket Habte Selassie on Eritrea William Liddle on Indonesia Rotimi Suburu and Larry Diamond on Nigeria and

David Stuligross and Ashutosh Varshney on India The Architecture of Democracy is the culmination of the study of constitutional engineering in the third wave of democracy and sets parameters for this crucial research as democracy diffuses across the world

Haerpfer, Patrick Bernhagen, Christian Welzel, Ronald Inglehart, 2019 Democratization is the first textbook to focus on the global wave of democratization that has been occurring since around 1970 Bringing together leading authors from diverse international backgrounds it introduces students to the theoretical and practical dimensions of the subject in an authoritative accessible and systematic way The book takes into account the international factors that affect politics at the level of the nation state showing students the direction in which the discipline is moving It is accompanied by an innovative

companion website that provides numerous resources for students and instructors Democratization covers several key themes including 1 Theories of democratization and their relation to democratic theory 2 Critical prerequisites and driving social forces of democratic transition 3 Pivotal actors and institutions involved in democratization 4 Conditions for democratic survival the consolidation of newly democratized countries and the analysis of failed democratization 5 Demonstrations of how these factors have played a role in the different regions in which the global wave of democratization has transplanted authoritarian and communist systems 6 Possible futures of democratization worldwide Electoral Systems and Conflict in Divided Societies National Research Council, Division of Behavioral and Social Sciences and Education, Commission on Behavioral and Social Sciences and Education, Committee on International Conflict Resolution, Andrew Reynolds, Ben Reilly, 1999-05-20 This paper is one of a series being prepared for the National Research Council's Committee on International Conflict Resolution The committee was organized in late 1995 to respond to a growing need for prevention management and resolution of violent conflict in the international arena a concern about the changing nature and context of such conflict in the post Cold War era and a recent expansion of knowledge in the field The committee's main goal is to advance the practice of conflict resolution by using the methods and critical attitude of science to examine the effectiveness of various techniques and concepts that have been advanced for preventing managing and resolving international conflicts The committee's research agenda has been designed to supplement the work of other groups particularly the Carnegie Corporation of New York's Commission on Preventing Deadly Conflict which issued its final report in December 1997 The committee has identified a number of specific techniques and concepts of current interest to policy practitioners and has asked leading specialists on each one to carefully review and analyze available knowledge and to summarize what is known about the conditions under which each is or is not effective These papers present the results of their work **From Power Sharing to Democracy** Sidney John Roderick Noel, 2005 This book examines the problems of prospects of achieving sustainable democracy through power sharing political institutions in societies that have been torn by ethnic conflict It combines theoretical and comparative essays with a wide range of case studies **Comparative Politics** John T. Ishiyama, 2011-03-01 By revealing the contextual conditions which promote or hinder democratic development Comparative Politics shows how democracy may not be the best institutional arrangement given a country's unique set of historical economic social cultural and international circumstances Addresses the contextual conditions which promote or hinder democratic development Reveals that democracy may not be the best institutional arrangement given a country's unique set of historical economic social cultural and international circumstances Applies theories and principles relating to the promotion of the development of democracy to the contemporary case studies Developing Democracy Larry Diamond, 1999-05-07 The book concludes with a hopeful view of the prospects for a fourth wave of global democratization **Elections in Asia and the Pacific** Dieter Nohlen, Florian Grotz, Christof Hartmann, 2001 This work continues the series

of election data handbooks published by OUP It presents a compendium of electoral data for all the 62 states in Asia Australia and Oceania from their independence to the beginning of the 21st century **Democracy under Construction** Ursula J. van Beek, 2005-09-12 The book compares five newly emerged democracies in Europe South East Asia Latin America and Africa Cutting across vastly different historical and cultural backgrounds it tells the story of how societies come to terms with a painful past and how politics culture and the economy intertwine in the process of creating new democratic nations **Recovering from Civil Conflict** Edward Newman, Albrecht Schnabel, 2014-04-04 A number of international contributors emphasize the conceptual and practical challenges facing post conflict societies and the international community in the management of the transition from civil conflict to peaceful coexistence *Routledge Handbook of Ethnic Conflict* Karl Cordell, Stefan Wolff, 2010-10-18 A definitive global survey of the interaction of race ethnicity nationalism and politics this handbook blends theoretically grounded rigorous analysis with empirical illustrations to provide a state of the art overview of the contemporary debates on one of the most pervasive international security challenges today The contributors to this volume offer a 360 degree perspective on ethnic conflict from the theoretical foundations of nationalism and ethnicity to the causes and consequences of ethnic conflict and to the various strategies adopted in response to it Without privileging any specific explanation of why ethnic conflict happens at a specific place and time or why attempts at preventing or settling it might fail or succeed the Routledge Handbook of Ethnic Conflict enables readers to gain better insights into such defining moments in post Cold War international history as the disintegrations of the Soviet Union and Yugoslavia and their respective consequences and the genocide in Rwanda as well as the relative success of conflict settlement efforts in Northern Ireland Macedonia and Aceh By contributing to understanding the varied and multiple causes of ethnic conflicts and to learning from the successes and failures of its prevention and settlement the Handbook makes a powerful case that ethnic conflicts are neither unavoidable nor unresolvable but rather that they require careful analysis and thoughtful and measured responses

Comparing Democracies Lawrence LeDuc, Richard G Niemi, Pippa Norris, 2009-12-15 The benchmark first and second editions of Comparing Democracies represented essential guides to the global study of elections Reflecting recent developments in the field this timely third edition gives an indispensable state of the art review of the whole field from the world's leading international scholars With a completely new thematic introduction which explores how democracy is built and sustained thoroughly updated chapters many of which are also new the third edition provides a theoretical and comparative understanding of the major topics related to elections and introduces important work on key new areas Comparing Democracies third edition will remain a must read for students and lecturers of elections and voting behaviour comparative politics parties and democracy Contents Introduction Building and Sustaining Democracy Lawrence LeDuc Richard G Niemi and Pippa Norris PART I ELECTORAL INSTITUTIONS AND PROCESSES Electoral Systems and Election Management Elisabeth Carter and David M Farrell Political Parties and Party Systems Susan E Scarrow Party and Campaign
