**Faith and Power in Japanese Buddhist Art, 1600-2005** Patricia J. Graham, 2007-09-30 Faith and Power in Japanese Buddhist Art explores the transformation of Buddhism from the premodern to the contemporary era in Japan and the central role its visual culture has played in this transformation Although Buddhism is generally regarded as peripheral to modern Japanese society this book demonstrates otherwise Its chapters elucidate the thread of change over time in the practice of Buddhism as revealed in temple worship halls and other sites of devotion and in imagery representing the religion's most popular deities and religious practices It also introduces the work of modern and contemporary artists who are not generally associated with institutional Buddhism and its canonical visual requirements but whose faith inspires their art The author makes a persuasive argument that the neglect of these materials by scholars results from erroneous presumptions about the aesthetic superiority of early Japanese Buddhist artifacts and an asserted decline in the institutional power of the religion after the sixteenth century She demonstrates that recent works constitute a significant contribution to the history of Japanese art and architecture providing evidence of Buddhism's compelling presence at all levels of Japanese society and its evolution in response to the needs of new generations of supporters **Art and Palace Politics in Early Modern Japan,**

dynamic that evokes stereotypes about an alleged dearth of individual agency in Japanese society It does so through a montage of case studies For the early modern era case studies examine peripheral living spaces boyhood and self interrogation in the arts For the modern period they explore strategic deviance individuality in Meiji education modern leisure and body maintenance Analysis of these disparate private realms illuminates evolving conceptualizations of the private and its reciprocal yet often contested relationship to the state

**Suicidal Honor** Doris G. Borgen, 2006-09-30 On September 13 1912 the day of Emperor Meiji's funeral General Nogi Maresuke committed ritual suicide by seppuku disembowelment It was an act of delayed atonement that paid a debt of honor incurred thirty five years earlier The revered military hero's wife joined in his act of junshi following one's lord into death The violence of their double suicide shocked the nation What had impelled the

general and his wife on the threshold of a new era to resort so drastically so dramatically to this forbidden anachronistic practice. The nation was divided. There were those who saw the suicides as a heroic affirmation of the samurai code; others found them a cause for embarrassment, a sign that Japan had not yet crossed the cultural line separating tradition from modernity. While acknowledging the nation's sharply divided reaction to the Nogi's junshi as a useful indicator of the event's seismic impact on Japanese culture, Doris G. Bargen, in the first half of her book, demonstrates that the deeper significance of Nogi's action must be sought in his personal history, enmeshed as it was in the tumultuous politics of the Meiji period. *Suicidal Honor* traces Nogi's military career and personal travail through the armed struggles of the collapsing shogunate and through the two wars of imperial conquest during which Nogi played a significant role: the Sino-Japanese War (1894-1895) and the Russo-Japanese War (1904-1905). It also probes beneath the political to explore the religious origins of ritual self-sacrifice in cultures as different as ancient Rome and today's Nigeria. Seen in this context, Nogi's death was homage to the divine emperor. But what was the significance of Nogi's waiting thirty-five years before he offered himself as a human sacrifice to a dead rather than living deity? To answer this question, Bargen delves deeply and with great insight into the story of Nogi's conflicted career as a military hero who longed to be a peaceful man of letters. In the second half of *Suicidal Honor*, Bargen turns to the extraordinary influence of the Nogi's death on two of Japan's greatest writers, Mori Utrata and Natsume Soseki. Utrata's historical fiction, written in the immediate aftermath of his friend's junshi, is a profound meditation on the significance of ritual suicide in a time of historical transition. Stories such as *The Sakai Incident* (*Sakai jiken*) appear in a new light and with greatly enhanced resonance in Bargen's interpretation. In Soseki's masterpiece *Kokoro*, Sensei the protagonist refers to the emperor's death and his general's junshi before taking his own life. Scholars routinely mention these references, but Bargen demonstrates convincingly the uncanny ways in which Soseki's agonized response to Nogi's suicide structures the entire novel. By exploring the historical and literary legacies of Nogi Utrata and Soseki from an interdisciplinary perspective, *Suicidal Honor* illuminates Japan's prolonged and painful transition from the idealized heroic world of samurai culture to the mundane anxieties of modernity. It is a study that will fascinate specialists in the fields of Japanese literature, history, and religion and anyone seeking a deeper understanding of Japan's warrior culture.

rare picture of Japanese Zen in transition For modern readers whether practitioners of Zen or the martial arts Takuan's emphasis on freedom of mind as the crux of his teaching resonates as powerfully as it did with the samurai and swordsmen of Tokugawa Japan Scholars will welcome this new annotated translation of Takuan's sword related works as well as the host of detail it provides illuminating an obscure period in Zen's history in Japan
