**Sean MacBlain, Author**

## **Educating The Under Fives:**

Educating Young Children Helen McAuley, Peter Jackson, 2022-11-21 In its discussion of the three levels of teaching and learning whole school philosophy classroom policy and specific teaching frameworks *Educating Young Children* originally published in 1992 addresses the twin themes of teacher ethics and pedagogic theory In developing their argument the writers draw on both empirical classroom research and philosophical analysis as well as the work developed within the Roehampton Institute MA programme in which they were both tutors at the time

**Educating Young Children: A Lifetime Journey into a Froebelian Approach** Tina Bruce, 2019-06-13 In the World Library of Educationalists international experts compile career long collections of what they judge to be their most significant pieces excerpts from books key articles salient research findings major theoretical and practical contributions so the world can read them in a single manageable volume Readers will be able to follow the themes and strands and see how their work contributes to the development of the field *Educating Young Children A Lifetime Journey into a Froebelian Approach* draws together Professor Tina Bruce CBE s most prominent writings from her accomplished 40 year international career in education centred on the Froebelian tradition Chosen to illustrate the changes that have occurred in Professor Bruce s thinking and practices over the last four decades carefully selected readings address key Froebelian themes such as literacy play inclusion and creativity Short introductions are provided for each chapter and excerpt helping readers to understand the significance of what is presented and explaining how this relates to other chapters in the book Including chapters from Tina Bruce s best selling books and articles as well as leading journals this collection offers a unique commentary on some of the most important issues in Early Childhood Education over the last four decades it will be engaging and inspiring reading for anyone interested in the development and state of early years education in the UK and internationally

*Young Children Learning* Tricia David, 1999-07-27 I particularly enjoyed Judith Roden s chapter *Young Children Are Natural Scientists* especially her thoughts on children s drawings which puncture some popular assumptions *Times Educational Supplement Friday Magazine* Tricia David an internationally recognised expert in early years education has brought together 11 tutors from Christ Church College Canterbury to encourage debate and disagreement It has some absorbing and helpful contributions which both bring forward the debate in early years education and also may cause readers to reappraise their own practice possibly as a result of disagreeing with one or other contributors *International Journal of Early Years Education*

*Early Literacy For Under-Fives* Karen Boardman, 2024-01-05 Embracing a multi modal approach to early literacy this textbook supports students as aspiring early years professionals with their understanding of early reading for under fives and the critical links to language literacy and learning This book looks at early literacy in all its forms including mark making sharing stories making music and covers the breadth of literacy learning opportunities that take place outdoors and in museums art galleries and more With chapters on phonics the deficit model digital literacies and storytelling this book is packed with everything you need to support you on

your degree and help you to develop into a literacy advocate for under fives This key text features individual chapter overviews that enable you to review and rethink activities that bring theory into practice and engaging case studies to provoke deeper thought With reflection points and review and rethinking pedagogy sections this interactive book emphasises the importance of engaging young children with early literacy activities

**Policies for Diversity in Education** Tony Booth, Mary Masterson, Patricia Potts, Will Swann, 2013-09-27 The emphasis in this book shifts to the coordination of practice into schools regional and national policies and the power and interest groups concerned with educational difficulties and disability In the opening section the authors review the location of power in the systems the impact of Local Management of Schools case studies of Union policy the National Curriculum Council and voluntary societies They then look at one threatened element of the power structure the local education authorities They examine the features of local authority policy and attempt to systematise local policy The experience of families is examined in their relationships with professionals particularly during the preparation of Statements of Special Educational Need This is followed by sections on services for under fives integrating education and the authors provide examples of changing school policies and the practices that have arisen from them supporting the learning of all pupils in primary and secondary schools changing the role of special schools ensuring that girls and boys are provided with equal opportunities writing a development plan and the experience of a teacher with a disability They then examine policies and practices in education after school and finish with theories of integration and disability

Teaching Young Children Tricia David, 1999-03-30 Tricia David starts the book off with a commitment to the importance of relationships The impact of emotional aspects of a school or nursery situation has long been neglected in the UK as is amply demonstrated by the list of criteria for judging the quality of teaching drawn from OfSTED criteria Amen to that Times Educational Supplement Friday Magazine Teaching Young Children is essential reading for early years teacher trainers and anyone working with young children from birth to eight years old It is an excellent companion volume to one of David s other books Young Children Learning David s many contributions to the literature in early years education has focused on the ways in which societies treat and educate young children Teaching Young Children is an evidence based book which raises important questions concerning the lives of young children and answers them in terms of the values underlying our society David and her colleagues at the Centre for International Studies in Early Childhood have written a compelling book Teaching Young Children is a valuable resource and a must read for those who care about the lives of our youngest citizens International Journal of Early Years Education Teaching Young Children will help students and experienced practitioners to reflect on their own practice observe what is happening in their own and others settings consider ways of developing their pedagogy in the light of evidence from research and their own systematic explorations thus promoting evidence based practice Several chapters consider thinking and practice concerning young children learning in a range of curriculum areas language the arts mathematics physical education IT design and technology

science and geography Other chapters deal with assessment the professional development of educators and teachers inspections play special educational needs and evaluating policy and practice Written by experienced practitioners from the centre for International Studies in early childhood Teaching Young Children shows that in the earliest years of childhood all children should experience the delight which can be part of effective pedagogy pedagogy which takes account of the child s individuality and development in the context of changing socio cultural constructions of childhood *The Really Practical Guide to Primary English* Diana Bentley,1999 This book contains clear chapter objectives suggestions for further reading on each topic and a glossary explaining key terms that the new or trainee teacher will need to understand The authors have all taught English in the primary setting are experienced teacher trainers and respected practitioners in their own specialist fields

**Education in Scotland** Margaret M Clark,Margaret Clark,Pamela Munn,2005-08-10 Education in Scotland is markedly different from what happens in the rest of the UK with a different National Curriculum school boards to oversee school management and a General Teaching Council which has been in existence since 1965 Whilst there are many examples of successful and innovative practice in Scotland the system is quite often not recognised as different by writers who talk about the UK education system as if it were one smooth whole This book describes recent developments in both legislation and practice in Scotland drawing comparisons with the English system Chapters cover administration and management the professional competence of teachers early years education provision the National Curriculum in Scotland Secondary Education Special Educational Needs

Effective Early Years Education Edwards, Anne,Knight, Peter,1994-12-01 In this concise and accessible guide the authors are sympathetic to the particular demands of teaching three to eight year olds and offer practical solutions to the complex issues that are currently faced by early years educators In recognizing the demands on practitioners they provide new and challenging frameworks for an understanding of the practice of teaching young children and draw upon international research to offer a sound model of early years subject structured teaching which has the quality of children s learning at its centre Their aim is to support teacher expertise through stimulating teachers thinking about children s development motivation ways of learning and the subjects they teach These topics are clearly set in the complex institutional settings in which practitioners work and ways of taking and evaluating action are offered

own understanding and knowledge of children's learning it then helps you develop the skills of translating theory into practice How does this book support you The structure of the book mirrors your student learning journey to compliment your course and seminar reading Parts 1 and 2 help you develop your reflective and analytical skills through critical questions photographs and discussion points Part 3 gives real life case studies to help you understand how the theories can be practically applied in settings to improve your own practice Pre-School Education in the Arab World Huda

Nashif,2020-09-23 The organized play of the pre school child with a group of peers in an educational atmosphere is now recognised as an important element in child development The Arab states of the Gulf as indeed most of the emerging countries place special emphasis on the education of the young generation and are therefore particularly interested in the creation of pre school education This book first published in 1985 highlights the interplay in Kuwait of the traditional Islamic Arab approach to education with the more Western influenced ideas on the education of the pre school child **Education**

**in Ethiopia** ,2005 This study provides a detailed snapshot of the education sector up to 2001/02 and for some aspects of the sector up to 2002/03 It takes advantage of administrative data and information from household surveys to document key dimensions of the sector particularly primary and secondary education focusing on costs finance and service delivery and their impact on learning achievement in an effort to discover potentially important areas for further policy development foreword **The Impact of the National Curriculum on the Teaching of Five-Year-Olds** Theo Cox,Susan

Sanders,2018-10-03 Originally published in 1994 One of the most neglected areas of research and thus writing is the world of the infant school child Those who know it best are teachers who tend not to write Those who write most are academics and even they venture rarely into this area This book is based on research funded by the University of Wales A number of teachers in a Welsh LEA were interviewed over time as the National Curriculum was being introduced up to Key Stage 1 The structured interviews covered a wide range of topics related to the anticipated and actual efforts of the National Curriculum at this key stage including curriculum planning assessment teaching methods and organization Teachers attitudes to the curriculum were explored through a short attitude test The resulting data provides in depth the first such examination and is a resource not only in itself but for all those researchers on change agents and restructuring Resources in Education

,1990 **The Education of Children and Young People in State Care** Sonia Jackson,Ingrid Hojer,2017-10-02 Young people who leave care with few or no educational qualifications are at very high risk of social exclusion in adulthood Yet in the past their education has attracted little attention from researchers or professionals Studies by the editors and contributors to this volume show that the educational standards attained by young people in care fall progressively behind those of their peers living with their own families This research based book looks at the educational experiences of children and youths in nine different European countries and Canada It identifies the obstacles that prevent them from realising their aspirations and discusses ways of improving their opportunities How can countries with different traditions welfare regimes

and administrative systems learn from each other What needs to be done at national local and individual levels to give children in care equal chances with those living with their families At present a child in public care is five times less likely to go to university than others How can teachers social workers and carers better support their educational attainment and enable more of them to succeed and progress to tertiary education This book was originally published as a special issue of the European Journal of Social Work      **The Routledge Compendium of Primary Education** R.J. Campbell,2018-02-06 First published in 1988 Routledge is an imprint of Taylor and Francis an informa company      **Public Or Private Education?** Richard Aldrich,2004 The essays that make up this collection examine past present and future relationships between the private and public dimensions of education The book offers an analysis of the situation from an international perspective      **Investing in Young Children** Sally Holtermann,1995-09-01 Against the background of continuing calls for an expansion in day care and early education services for young children this report examines these key issues What are the barriers to further growth of quality services How far do services need to expand to satisfy parental wishes How much will this cost How can this expansion be funded
