Gist, Travis J. Bristol, 2022-10-15 Teachers of Color and Indigenous Teachers are underrepresented in public schools across the United States of America with Black Indigenous and People of Color making up roughly 37% of the adult population and 50% of children but just 19% of the teaching force Yet research over decades has indicated their positive impact on student learning and social and emotional development particularly for Students of Color and Indigenous Students A first of its kind the Handbook of Research on Teachers of Color and Indigenous Teachers addresses key issues and obstacles to ethnoracial diversity across the life course of teachers careers such as recruitment and retention professional development and the role of minority serving institutions Including chapters from leading researchers and policy makers the Handbook is designed to be an important resource to help bridge the gap between scholars practitioners and policy makers In doing so this research will serve as a launching pad for discussion and change at this critical moment in our country s history The volume s goal is to drive conversations around the issue of ethnoracial teacher diversity and to provide concrete practices for policy makers and practitioners to enable them to make evidence based decisions for supporting an ethnoracially diverse educator workforce now and in the future *Journal of Education* ,1882 **The Scientific Basis of Education Productivity** Rena F. Subotnik, Herbert J. Walberg, 2006-02-01 This volume is not primarily concerned with what students should learn nor even how they should learn Rather it concerns how we can discover the best means and conditions

for teaching them in school at home and in society Expressed more explicitly we seek to find out how students can learn efficiently or productively as much as possible within a given amount of time and resources As in agriculture medicine public health and modern industries we can turn to rigorous science as one of the best sources for informing ourselves The intended audiences are not only scholars in a variety of academic disciplines but also research consumers including educators policymakers parents and citizens who seek principles to critically separate valid from invalid claims for the efficacy and efficiency of education products personnel and policies Initial versions of the chapters were discussed at a national invitational conference sponsored by the Laboratory for Student Success LSS the mid Atlantic regional educational laboratory at Temple University Center for Research in Human Development and Education LSS operates under a contract with the U S Department of Education s Institute of Education Sciences

The Training and Development of School Principals Ward Sybouts, Frederick C. Wendel, 1994-12-08 The school principalship is one of the most demanding and misunderstood jobs in American education This professional reference offers practical advice on how to perform that job successfully The volume overviews the efficient management of resources the importance of strategic planning and the legal and business concerns that principals must face The book also emphasizes the role of the principal as a leader in the educational community
