## **El Regreso De Guythe Return Of Guy:**

The Cinema of Raúl Ruiz Michael Goddard, 2013-09-22 Raúl Ruiz while considered one of the world's most significant filmmakers by several film critics is yet to be the subject of any thorough engagement with his work in English. This volume sets out on this task by mapping as fully as possible Ruiz's cinematic trajectory across more than five decades of prolific work up to his death in 2011 ranging from his earliest work in Chile to high budget European costume dramas culminating in *Mysteries of Lisbon* 2010. It does so by treating Ruiz's work with its surrealist, magic realist, popular cultural and neo Baroque sources as a type of impossible cinematic cartography mapping real, imaginary and virtual spaces and crossing between different cultural contexts, aesthetic strategies and technical media. It argues that across the different phases of Ruiz's work identified there are key continuities such as the invention of singular cinematic images and the interrogation of their possible and impossible combinations. *Historia mundial del cine I. II* Gian Piero Brunetta, 2012-11-02 En su conjunto el cine estadounidense parece un territorio idílico en el que aplicar con ptimos resultados las lecciones de los historiadores de los Annales donde la historia breve y la de larga duración la superficial y la profunda la de los hechos y la de la mentalidad la del imaginario y la económica pueden coexistir sostenerse iluminarse e incorporarse unas a otras. Los conjuntos a los que he procurado dar más valor y en torno a los que he hecho trabajar a mis colaboradores han sido los siguientes: los géneros fundamento y estructura portante del cine estadounidense los ritos y divos y el papel de Hollywood como fábrica de sueños la leyenda como patrimonio y fuente de inspiración constante la contribución fundacional de las minorías étnicas y de las múltiples raíces culturales a la construcción de una identidad sujeta a diversas transformaciones el papel del paisaje la interferencia de la política y las formas de presión y de control ideológico y cultural y por último el desarrollo de la economía el mercado y las transformaciones de los modos de consumo desde los nickelodeones hasta la llegada de la era televisiva y los grandes éxitos de las últimas décadas. Con estas palabras sintetiza Gian Piero Brunetta el contenido y la orientación de estos dos magníficos volúmenes. Un empeño difícil dada la envergadura y complejidad de la empresa pero con un resultado incuestionable: el lector tiene entre sus manos una de las visiones de conjunto más completas y ambiciosas publicadas hasta la fecha sobre la cinematografía de los Estados Unidos cuya consulta será ineludible para cualquiera que quiera penetrar o profundizar en la realidad de una industria que para muchos es sinónimo de cine. El segundo volumen cuenta con un capítulo de Javier H. Estrada en el que se analizan las principales tendencias del cine norteamericano en la primera década del siglo XXI.

**Latin American Novels of the Conquest** Kimberle S. López, 2002. The fictionalized explorers and conquistadors represented in this corpus all identify with certain aspects of Amerindian culture, significantly those elements that are most distinct from European culture, such as cannibalism and human sacrifice, but also feel the need to distance themselves from these others in order to protect their own European cultural identity. In most cases, the conquistadors themselves are represented as outsiders within the enterprise of imperialism due to ethnic, religious, or sexual differences from the norm. This representation turns the gaze inward toward the other within European culture, underscoring the complex origins of Latin American cultures in the violent encounter between the Amerindians and the conquistadors. By examining these issues, López's *Latin American Novels of the Conquest* illuminates the ways in which Latin American novelists used their literary imaginations to embody their ambivalence regarding their own transcultural heritage as children of both the colonized and the colonizer.

**Pilates Babel** Lewis Dowell Jr., 2012-11. The novel *Pilates Babel* is a fictional account of a very real event that took place in an historical period in mankind's distant past. Although the original Babel separated mankind in speech, thought, and cultural relations, the Babel referred to in *Pilates Babel* poses the unique question: what if man had not been judged to love evil more than God, and that man could only ruminate on evil continuously? How would one universal language, as a result of this non-judgment, affect the historical outcome of man's destiny? *Pilates Babel* attempts to tackle this question in our modern times.
