, *El Santuario de Chimayo* Spanish Colonial Arts Society, 1956 ANGEL-LOGIA Abel Serrano, 2012-05 Tal vez algunos lectores se preguntarán porque se me ocurrió producir un libro de los ngeles para contestar su curiosidad le diré que en una noche de viernes cuando caminé en el campo desde la casa de mi abuela hasta la Iglesia donde me tocaba predicar como estaba lluvioso no asistí ni un solo miembro Iglesia Vertientes Baracoa Cuba Yo decidí quedarme en la Iglesia en vigilia y oración y en la madrugada tuve una visión de cuatro ngeles sobre la Iglesia Su piel era muy rosada y sus vestidos eran como de seda que la brisa lo movía suavemente Después de esa experiencia los hermanos por sí solo se hicieron la decisión de no faltar a los cultos parece que lo siguen cumpliendo porque después de 28 años de ausencia yo le volví a visitar y el mismo día sin anuncio ni aviso la Iglesia estaba llena gracias a DIOS todo sea para su honra y su gloria y era domingo en la tarde Lo segundo y último porque produje este material es que he examinado en varios países algunas producciones sobre los ngeles y la mayoría no se ajustan a la Palabra de Dios Puedo garantizar que este es el documento más extenso que se ha producido sobre este tema pues es el producto de 52 años Bíblicos y especialmente un año sacando todo lo que la Biblia dice de los ngeles y sus relacionados Yo le digo a los hermanos que los ngeles quisieran estar en el cielo pero como tienen que estar con nosotros por lo menos se sienten mejor cuando nos acompañan a los servicios religiosos donde se canta se ora se estudia la Palabra se adora se alaba y se honra al Dios verdadero nuestro Creador Amen *El Palacio*, 1915 **Running Toward the Light** William J. Buchanan, 2006 George Mendoza's blindness developed at age 15 while he was training for his school's basketball team After struggling in vain against his loss and his deep depression he visited a small rural sanctuary in New Mexico and was blessed with a miracle This is the story of his victory against darkness Subject of a PBS TV documentary Mendoza will be featured in an upcoming issue of People magazine **The Struggle for Power in Post-Independence Colombia and Venezuela** M. Brown, 2012-06-04 A collective biography of the veterans of the battle of El Santuario 1829 this book uses the untold stories of ordinary lives to examine the history of the imperial conflicts that shaped politics and society in Colombia and Venezuela after independence from colonial rule *La Parábola de la Higuera* Gamaliel Calderón Mata, 2012-10 De la higuera aprendí la parábola cuando ya sus ramas se enternecen sé que el verano está cerca Mt 24 32 33 Cuando escuchamos o leemos estas palabras de Jesucristo nuestra mente evoca las imágenes del establecimiento del estado judío en 1948 y la reconquista de Jerusalén en 1967 Sin embargo la parábola de la higuera que tanto ha inquietado a los exegetas de todos los tiempos quiere decirnos mucho más que aquellos dos importantes acontecimientos en la historia moderna de Israel Jesucristo se estaba refiriendo a una generación específica de israelitas que se levantarán en el estado judío ya restaurado entre las naciones en el fin de esta era y cuyo escenario sería la ciudad santa ya reconquistada Esa generación específica de israelitas es de la que se dijo no pasará y de la cual ya nos habían hablado los antiguos profetas de la Biblia Cuando comenzara la gran tribulación Quién es la mujer vestida del sol de Apocalipsis 12 Entendí de esta novedosa e interesante

Haussler, Gian Franco Chiai, 2020-07-31 From generation to generation people experience their landscapes differently

Humans depend on their natural environment it shapes their behavior while it is often felt that deities responsible for both natural benefits and natural calamities such as droughts famines floods and landslides need to be appeased We presume that in many societies lakes rivers rocks mountains caves and groves were considered sacred Individual sites and entire landscapes are often associated with divine actions mythical heroes and etiological myths Throughout human history people have also felt the need to monumentalize their sacred landscape But this is where the similarities end as different societies had very different understandings beliefs and practices The aim of this new thematic appraisal is to scrutinize carefully our evidence and rethink our methodologies in a multi disciplinary approach More than 30 papers investigate diverse sacred landscapes from the Iberian peninsula and Britain in the west to China in the east They discuss how to interpret the intricate web of ciphers and symbols in the landscape and how people might have experienced it We see the role of performance ritual orality textuality and memory in people s sacred landscapes A diachronic view allows us to study how landscapes were rewritten adapted and redefined in the course of time to suit new cultural political and religious understandings not to mention the impact of urbanism on people s understandings A key question is how was the landscape manipulated transformed and monumentalized especially the colossal investments in monumental architecture we see in certain socio historic contexts or the creation of an alternative humanmade seemingly non natural landscape with perfectly astronomically aligned buildings that define a cosmological order Sacred Landscapes therefore aims to analyze the complex links between landscape religiosity and society developing a dialectic framework that explores sacred landscapes across the ancient world in a dynamic holistic contextual and historical perspective

Albera, John Eade, 2016-11-18 Although there has been a massive increase in the volume of pilgrimage research and publications traditional Anglophone scholarship has been dominated by research in Western Europe and North America In their previous edited volume *International Perspectives on Pilgrimage Studies* Routledge 2015 Albera and Eade sought to expand the theoretical disciplinary and geographical perspectives of Anglophone pilgrimage studies This new collection of essays builds on this earlier work by moving away from Eurasia and focusing on areas of the world where non Christian pilgrimages abound Individual chapters examine the practice of ziyarat in the Maghreb and South Asia Hindu pilgrimage in India and different pilgrimage traditions across Malaysia and China before turning towards the Pacific islands Australia South Africa and Latin America where Christian pilgrimages co exist and sometimes interweave with indigenous traditions This book also demonstrates the impact of political and economic processes on religious pilgrimages and discusses the important development of secular pilgrimage and tourism where relevant Highly interdisciplinary international and innovative in its approach *New Pathways in Pilgrimage Studies Global Perspectives* will be of interest to those working in religious studies pilgrimage studies anthropology cultural geography and folklore studies **Magistrates of the Sacred**

William B. Taylor, 1996 This book is an extraordinarily rich account of the social political cultural and religious relationships between parish priests and their parishioners in colonial Mexico It thus explores a wide range of issues from competing interpretations of religious dogma and beliefs to questions of practical ethics and daily behavior to the texture of social and authority relations in rural communities to how all these things changed over time and over place and in relation to reforms instigated by the state **Poetic Language and Religion in Greece and Rome** J. Virgilio García, Angel Ruiz, 2014-01-08

This volume contains twenty five contributions adapted from papers presented at the International Conference on Poetic Language and Religion in Greece and Rome held at the University of Santiago de Compostela on 31st May 1st June 2012 The book fulfils two principal aims to highlight the impulse and continuity of a research field that combines Indo European and Classical Studies which has generally been recognised for several decades as a very fruitful collaboration and to provide the academic community with the current results of one of the most important topics of Classical Studies The first part of the book focuses on the Indo European tradition tracking its remnants particularly in the Classical languages The Indo European poetic tradition can be traced through linguistic reconstruction formulae onomastics and some scattered mentions in literary texts In the second part the focus is placed on the poetic language in Greece and Rome The rich and complex tradition of Classical literatures makes a clear cut description of the inherited or innovative aspects of the religious and literary development more problematical Ritual or cultic poetry onomastics phraseology paeans and hymns oracles as divine language and magic all receive deep and thorough treatment from a reliable ensemble of scholars
