Electoral Laws And The Survival Of Presidential Democracies:

Electoral Laws and the Survival of Presidential Democracies Mark P. Jones, 1996-02 n Electoral Laws and the Survival of Presidential Democracies political scientist Mark P Jones addresses the conditions necessary for the survival of democratic presidential systems arguing that the electoral laws employed by such systems are intricately linked to the longevity of democracy Throughout the book Jones s focus is on the most realistic and feasible mechanism for facilitating the proper functioning and survival of democratic presidential systems electoral law reform In order to demonstrate the importance of a strong presidential legislative contingent for the successful functioning of democratic presidential government Jones structures his argument into two parts He first employs a review of the relevant literature plus a multitiered set of empirical analyses of Latin American presidential systems Maintaining that certain electoral laws are more compatible with the successful functioning of democratic presidential systems than others Jones then offers an examination of electoral data and examples from two separate populations 16 Latin American presidential democracies and 23 Argentine provincial gubernatorial systems Jones uses these data as evidence to support his argument that presidential systems that consistently fail to provide their president with adequate legislative support are inherently unstable and ineffective

Electoral Laws and the Survival of Presidential Democracies Mark P. Jones, 1995 Jones addresses the conditions necessary for the survival of democratic presidential systems arguing that the electoral laws employed by such systems are intricately and inextricably linked to the longevity of democracy Throughout the book Jones s focus is on the most realistic and feasible mechanism for facilitating the proper functioning and survival of democratic presidential systems electoral law reform

Elections Today, 1996 News from the world of elections **Assessing the Potential for Survival of Presidential Democracies in Africa** Shaheen Mozaffar, 1999 *Democracies in Development* J. Mark Payne, 2002 The accompanying CD ROM features country by country election results for presidential and legislative elections **BOOK JACKET Pathways to Power** Peter M. Siavelis, 2012-03-31 A cross national analysis of political recruitment and candidate selection in six Latin American countries Argentina Brazil Chile Colombia Mexico and Uruguay Provides typology and theoretical insights for other countries in the region and around the world Provided by publisher Presidentialism and Democracy in Latin America Scott Mainwaring, Matthew Soberg Shugart, 1997-05-13 Addressing the current debate regarding the liabilities and merits of presidential government this work asks does presidentialism make it less likely that democratic governments will be able to manage political conflict as many prominent scholars have argued With the unprecedented wave of transitions to democracy since the 1970s this question has been hotly contested in political and intellectual circles all over the globe The contributors to this volume examine variations among different presidential systems and sceptically view claims that presidentialism has added significantly to the problems of democratic governance and stability The contributors argue that presidential systems vary in important ways mostly according to the constitutional powers accorded to the president to affect legislation and the

degree to which presidents parties control legislative majorities Presidentialism, Violence, and the Prospect of Democracy Yao-Yuan Yeh, Charles K.S. Wu, 2021-02-15 Presidentialism Violence and the Prospect of Democracy tackles the perennial debate about whether presidentialism is associated with democratic breakdown Yao Yuan Yeh and Charles K S Wu integrate both institutional and behavioral arguments to discuss how institutional rigidity in changing executive power would stimulate citizens to adopt relatively violent means to address their grievances leading to democratic crises This book finds presidential democracies are more likely to encounter crises than either parliamentary or semi presidential systems However once a crisis occurs presidentialism does not trigger a higher likelihood of a breakdown The conventional wisdom is thus only half correct **The Democracy Sourcebook** Robert A. Dahl, Ian Shapiro, Jose Antonio Cheibub, 2003-08-15 The Democracy Sourcebook offers a collection of classic writings and contemporary scholarship on democracy creating a book that can be used by undergraduate and graduate students in a wide variety of courses including American politics international relations comparative politics and political philosophy The editors have chosen substantial excerpts from the essential theorists of the past including Jean Jacques Rousseau John Stuart Mill Alexis de Tocqueville and the authors of The Federalist Papers they place them side by side with the work of such influential modern scholars as Joseph Schumpeter Adam Przeworski Seymour Martin Lipset Samuel P Huntington Ronald Dworkin and Amartya Sen The book is divided into nine self contained chapters Defining Democracy which discusses procedural deliberative and substantive democracy Sources of Democracy on why democracy exists in some countries and not in others Democracy Culture and Society about cultural and sociological preconditions for democracy Democracy and Constitutionalism which focuses on the importance of independent courts and a bill of rights Presidentialism versus Parliamentarianism Representation discussing which is the fairest system of democratic accountability Interest Groups Democracy s Effects an examination of the effect of democracy on economic growth and social inequality and finally Democracy and the Global Order discusses the effects of democracy on international relations including the propensity for war and the erosion of national sovereignty by transnational forces *Routledge Handbook of Latin American Politics* Peter Kingstone, Deborah J. Yashar, 2013-03-05 The Routledge Handbook of Latin American Politics brings together the leading figures in the study of Latin America to present extensive empirical coverage and a cutting edge examination of the central areas of inquiry in the region **The French Voter** M. Lewis-Beck, 2003-12-18 Why do French voters vote the way they do In this book leading international scholars examine this question from many different angles Special attention is given to the 2002 national elections when right wing extremist Le Pen made such a spectacular showing in the presidential contest Was the first ballot success of Le Pen based on issues of law and order ethnicity nationalism or on the economy What about the role of the traditional factors of social class region religion and left right ideology Do the peculiar electoral institutions of the Fifth Republic foster political extremism or act as a break on it The French Voter considers these issues both in relation to the 2002 contest and past elections Thinking about Democracy Arend

Lijphart,2007-10-10 This book draws on Professor Arend Lijphart's lifetime experience of research and publication in democracy and comparative politics and collects together for the first time his most significant and influential work

President and Congress in Postauthoritarian Chile Peter M. Siavelis,2010-11-01 As many formerly authoritarian regimes have been replaced by democratic governments in Latin America Eastern Europe and elsewhere questions have arisen about the stability and durability of these new governments One concern has to do with the institutional arrangements for governing bequeathed to the new democratic regimes by their authoritarian predecessors and with the related issue of whether presidential or parliamentary systems work better for the consolidation of democracy In this book Peter Siavelis takes a close look at the important case of Chile which had a long tradition of successful legislative resolution of conflict but was left by the Pinochet regime with a changed institutional framework that greatly strengthened the presidency at the expense of the legislature Weakening of the legislature combined with an exclusionary electoral system Siavelis argues undermines the ability of Chile's National Congress to play its former role as an arena of accommodation creating serious obstacles to interbranch cooperation and ultimately democratic governability Unlike other studies that contrast presidential and parliamentary systems in the large Siavelis examines a variety of factors including socioeconomic conditions and characteristics of political parties that affect whether or not one of these systems will operate more or less successfully at any given time He also offers proposals for institutional reform that could mitigate the harm he expects the current political structure to produce

The Architecture of Democracy Andrew Reynolds,2002-03-14 Democratic design is increasingly seen as the key to crafting stability in the fragile states of the developing world Getting the democratic institutions right may not guarantee success but getting them wrong has led to violent collapse in many socially divided states The Architecture of Democracy brings together both theory and case study evidence to provide the reader with an excellent overview of the cutting edge of academic debate and its practical implications for democratic design in the 21st century The discipline of constitutional engineering reached maturity in the 1990s with theories of ethnic polarization and democratic conflict management being applied in trouble spots across the globe Andrew Reynolds brings together the leading lights of the discipline to discuss the successes and failures of constitutional design The two icons of modern constitutional design Arend Lijphart and Donald Horowitz lead off by debating their own contributions to the field Then Olga Shvetsova Timothy Frye and Jos Antonio Cheibub present important new evidence from Europe the Central and Eastern Europe Asia and Latin America Steven Solnick Yash Ghai Pippa Norris and Rein Taagepera analyze the effects of presidential and parliamentary systems issues of federalism and autonomy and the varying impact of electoral systems The book concludes with Brij Lal's case study of Fiji Brendan O'Leary on Northern Ireland Bereket Habte Selassie on Eritrea William Liddle on Indonesia Rotimi Suburu and Larry Diamond on Nigeria and David Stuligross and Ashutosh Varshney on India The Architecture of Democracy is the culmination of the study of constitutional engineering in the third wave of democracy and sets parameters for this crucial

research as democracy diffuses across the world *Political Institutions* Josep M. Colomer, 2001-02-01 The role of institutions is to establish the domains of public activity and the rules to select leaders Democratic regimes organize in simple institutional frameworks to foster the concentration of power and alternative successive absolute winners and losers They favour political satisfaction of relatively small groups as well as policy instability In contrast pluralistic institutions produce multiple winners including multiparty co operation and agreements They favour stable moderate and consensual policies that can satisfy large groups interests on a great number of issues The more complex the political institutions the more stable and socially efficient the outcome will be This book develops an extensive analysis of this relationship It explores concepts questions and insights based on social choice theory while empirical focus is cast on more than 40 democratic countries and a few international organizations from late medieval times to the present The book argues that pluralistic democratic institutions are judged to be better than simple formula of their higher capacity of producing socially satisfactory results Ruling by Statute Sebastian M. Saiegh, 2011-04-25 What are the main factors that allow presidents and prime ministers to enact policy through acts of government that carry the force of law Or simply put when does a government actually govern The theory presented in this book provides a major advance in our understanding of statutory policy making Using a combination of an original analytical framework and statistical techniques as well as historical and contemporary case studies the book demonstrates that contrary to conventional wisdom variations in legislative passage rates are the consequences of differences in uncertainty not partisan support In particular it shows that a chief executive's legislative success depends on the predictability of legislators voting behavior and whether buying votes is a feasible option From a normative standpoint the book reveals that governability is best served when the opposition has realistic chances of occasionally defeating the executive in the legislative arena Between Tyranny and Anarchy Paul W. Drake, 2009-02-27 *Between Tyranny and Anarchy* provides a unique comprehensive history and interpretation of efforts to establish democracies over two centuries in the major Latin American countries Drake takes an unusual interdisciplinary approach combining history and political science with an emphasis on political institutions He argues that without a thorough examination of the historical roots and causes of Latin American democracy most general theories can not adequately explain its failures successes and forms Latin America offers an extraordinary laboratory for the study of democratic experiments Alongside a well deserved reputation for authoritarianism it boasts one of the world's deepest richest histories of democratic movements ideas and institutions Contrary to conventional wisdom the region's leading democracies did not lag very far behind the United States and Western Europe in making numerous advances In comparison with those countries though Latin America's democratic history has been distinctive because of its fundamental dilemma how to reconcile political systems theoretically committed to legal equality with societies divided by extreme socio economic inequalities *Cohesion and Discipline in Legislatures* Reuven Y. Hazan, 2006 This book previously published as a special issue of the Journal of

Legislative Studies asks why legislative unity is one of the distinguishing features of modern political parties

International Encyclopedia of Political Science Bertrand Badie, Dirk Berg-Schlosser, Leonardo Morlino, 2011-09-07

The Democratic Experience and Political Violence David C. Rapoport, Leonard Weinberg, 2013-04-03 An incisive analysis of the connections between democracy and violence by acknowledged experts in the field The connection between the two activities has often been largely ignored because of a widespread reluctance among democrats to consider the possibility that democratic forms perhaps encourage violence This challenging volume opens up the debate

Electoral Laws And The Survival Of Presidential Democracies Introduction

In the digital age, access to information has become easier than ever before. The ability to download Electoral Laws And The Survival Of Presidential Democracies has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Electoral Laws And The Survival Of Presidential Democracies has opened up a world of possibilities. Downloading Electoral Laws And The Survival Of Presidential Democracies provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Electoral Laws And The Survival Of Presidential Democracies has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Electoral Laws And The Survival Of Presidential Democracies. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Electoral Laws And The Survival Of Presidential Democracies. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Electoral Laws And The Survival Of Presidential Democracies, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Electoral Laws And The Survival Of Presidential Democracies has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it

is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Electoral Laws And The Survival Of Presidential Democracies Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Electoral Laws And The Survival Of Presidential Democracies is one of the best book in our library for free trial. We provide copy of Electoral Laws And The Survival Of Presidential Democracies in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Electoral Laws And The Survival Of Presidential Democracies. Where to download Electoral Laws And The Survival Of Presidential Democracies online for free? Are you looking for Electoral Laws And The Survival Of Presidential Democracies PDF? This is definitely going to save you time and cash in something you should think about.
