<b>magnetic</b>	A material that a magnet is attracted to.
<b>north-seeking pole</b>	This end of a magnet points north.
<b>south-seeking pole</b>	This end of a magnet points south.
<b>permanent magnet</b>	Magnetism cannot be turned on and off, always has a north and south pole, and so the magnet always has its own magnetic field.
<b>induced magnet</b>	When put into a magnetic field, this object will become a magnet, and loses magnetism when removed again.

*A Glossary of Anesthesia and Related Terminology* Sanford L. Klein, 2012-12-06 The second edition of this text catches the specialty of anesthesia at what will probably prove to be the apex of its influence and recognition amongst the specialties of medicine The scientific basis of the specialty is becoming increasingly well delineated Anesthesiologists have established themselves in local regional and national forums as spokespersons not only for the specialty but also for medicine in general And the specialty at last may be emerging from the stereotype of a faceless inarticulate shy and retiring figure whose outstanding characteristic was the cloying odor of diethyl ether Technology has moved into the specialty on seven league boots Just as an example the basic design of the anesthesia machine was stable between the early 1950s and certainly the late 1970s Suddenly in the blink of an eye our anesthesia machines are becoming intelligent are utilizing heads up displays and are becoming more and more capable of writing the anesthesia record Monitoring standards for anesthesia have

burgeoned to the point that almost every aspect of the specialty is impinged upon by some rule and some thou will or thou will not The importation and creation of terminology is exploding In fact one of the problems in updating this book was deciding when to stop The author hopes that the goal of creating a snapshot in time through definitions of commonly used words and phrases has been achieved Electromagnetism and Electrical Properties of Matter Mr. Rohit Manglik,2024-03-12 EduGorilla Publication is a trusted name in the education sector committed to empowering learners with high quality study materials and resources Specializing in competitive exams and academic support EduGorilla provides comprehensive and well structured content tailored to meet the needs of students across various streams and levels
