Futures Of Evangelicalism Issues And Prospects:

The Futures of Evangelicalism Craig G. Bartholomew, Robin Parry, Andrew West, 2004 An insightful assessment of the current state of evangelical affairs and the varied directions evangelicalism is poised to take Contributors include Alister McGrath Eugene Peterson I Howard Marshall Gregory J Laughery Stephen Lazarus Robin Parry and Andrew West **Karl Barth and the Future of Evangelical Theology** Christian T Collins Winn, John L Drury, 2017-09-28 The theology of Karl Barth has often been a productive dialogue partner for evangelical theology but for too long the dialogue has been dominated by questions of orthodoxy Karl Barth and the Future of Evangelical Theology contributes to the conversation through a creative reconfiguration of both partners in the conversation neither of whom can be rightly understood as preservers of Protestant orthodoxy Rather American evangelicalism is identified with the revivalist forms of Protestantism that arose in the post Reformation era while Barth is revisited as a theologian attuned both to divine and human agency In the ensuing conversation questions of orthodoxy are not eliminated but subordinated to a concern for the life of God and God's people By offering an alternative to the dominant constraints this book opens up new avenues for fruitful conversation on Barth and the future of evangelical theology *Evangelicals Around the World* Thomas Nelson, 2015-07-14 There are an estimated 600 million Evangelicals in the world today crossing cultures histories languages politics and nationalities Evangelicals Around the World A Global Handbook for the 21st Century introduces the fastest growing segment of the global Christian church to the world and to each other Bringing together a team of multi disciplined scholars writers activists and leaders from around the world this handbook provides a compelling look at the diverse group we call Evangelicals In this guide written by those who know the movement the best the issues that divide and the beliefs that unite this global Christian movement are presented in a journalistic fashion Evangelicals Around the World describes the past and the present the unique characters and the powerful ministries of Evangelicals With a large trim size and colorful page design this beautiful book is the perfect choice for laypeople and scholars alike Features include Essays written by senior leaders of the movement and newer voices with fresh perspectives Articles written by journalists convey diverse and creative perspectives on ministry Essays provide the demographic details of Evangelicals in regions around the world Maps graphs photographs quotes and mini profiles of evangelical heroes throughout time **Evangelical Identity and Contemporary Culture** Mathew Guest, 2007-12-01 Building on an ethnographic study of St Michael le Belfrey Church in York a recognized leader in charismatic renewal mission and evangelical innovation since the 1960s this book explores how a persistent tradition of cultural engagement may generate growth while at the same time bringing about significant changes in the structure and function of the evangelical congregation and in the social construction of Christian identity itself This is the first sociological study of St Michael le Belfrey and the first to take seriously the question of how blazing the trail in terms of mission worship and fellowship influences the way in which congregations exist as Christian communities within the contemporary British context

Beyond Evangelicalism Steven Knowles, 2016-12-05 A prolific author and thinker Stanley J Grenz was a respected and influential figure not only within evangelicalism but in the wider theological world Amongst the many issues tackled by him it is perhaps his revisioning of evangelical theology in the light of the postmodern challenge that has caused the biggest stir in the theological world Advocating a nonfoundationalist methodology Grenz attempts to re position evangelical theology in line with postmodern concerns This work examines the main traits of postmodern thought that would seem to directly challenge how evangelical theology is traditionally done An examination of the seminal influences on Grenz will be traced in order to understand more fully the position he takes A rigorous critique and assessment of his theological methodology will follow with the conclusion that his work goes beyond evangelicalism This will be the first book length treatment on Grenz s work on theological methodology and therefore will break new ground in this important area of study

The Future of Evangelicalism in America Candy Gunther Brown, Mark Silk, 2016-04-26 In *The Future of Evangelicalism in America* thematic chapters on culture spirituality theology politics and ethnicity reveal the sources of the movement s dynamism as well as significant challenges confronting the rising generations A collaboration among scholars of history religious studies theology political science and ethnic studies the volume offers unique insight into a vibrant and sometimes controversial movement the future of which is closely tied to the future of America

Everything You Know about Evangelicals Is Wrong (Well, Almost Everything) Steve Wilkens, Don Thorsen, 2010-08-01 While evangelicals make up a significant portion of American society they still constitute a mystery for many They exert considerable influence on virtually every aspect of American life and culture yet by those who don t appreciate them they re seen as rednecks crypto fundamentalists and people without education Wilkens and Thorsen contend that evangelicals are tired of being caricatured and provide an insider s look at myths and realities surrounding the movement They winsomely and sometimes humorously assess the breadth and depth of evangelical beliefs values and practices arguing that evangelicalism is identifiable by a family resemblance vitality and relevance that transcends particular theological and political stereotypes that arise inside as well as outside of it The book provides a synthetic presentation of contemporary evangelical Christianity as well as critiques of it

A Future for American Evangelicalism Harold Heie, 2015-04-15 This book proposes that participation in God s Project of Reconciliation is the Center that can hold evangelical Christians together in the midst of great diversity in belief and ecclesiastical practices The author envisions a vibrant future for the Evangelical movement if professing evangelicals can model that rare combination of deep commitment to their own beliefs openness to listening to the beliefs of others and willingness to engage in respectful conversation with those who disagree with them in place of the combativeness that has characterized too much of Evangelicalism in the recent past The book models this type of conversation on such controversial issues as the exclusivity of Christianity the inerrancy of the bible Evangelicalism and morality Evangelicalism and politics scientific models on humanity cosmic and human origins and the future of evangelical higher education

Karl Barth and

American Evangelicalism Bruce L. McCormack, Clifford B. Anderson, 2011-08-17 Papers presented at a conference held June 22-24 2007 in Princeton NJ

Reconstructing Evangelicalism Gerald Hiestand, Joel Lawrence, 2024-12-23 Over the past few years Evangelicalism has been marked by a deconstructionist movement in which many especially younger Evangelicals have been leaving the Evangelical tradition Some have left the Christian faith altogether due to what they perceive to be deep inconsistencies inadequacies and hypocrisies But is deconstruction the right response to these problems or is there a better way Rather than tearing down the structures and institutions they inhabit Evangelicals can trusting in the promise that Christ will build his church commit themselves to the project of reconstruction With every challenge comes an opportunity to press deep below the surface assess weak foundations and build stronger healthier Evangelicalisms than those inherited

Reconstructing Evangelicalism explores these very challenges and opportunities to aid the church in the rebuilding project necessary in the present age

The Oxford Handbook of Evangelical Theology Gerald R. McDermott, 2013-12 This volume surveys the state of the discipline on topics of greatest importance to evangelical theology The authors critically assess the state of the question from both classical and evangelical traditions and propose a future direction for evangelical thinking on the subject

Oliver O'Donovan's Moral Theology Samuel Tranter, 2020-10-01 This book offers the first sustained full length treatment of the wide ranging work of major Anglican theologian Oliver O'Donovan Analyzing such key texts as *Resurrection and Moral Order* *The Desire of the Nations* and *Ethics as Theology* Samuel Tranter shows that the relationship between eschatology and ethics is an area of significant tension in O'Donovan's evolving vision of moral theology Tranter traces this tension as it relates to O'Donovan's writing and contemporary discussion around natural law divine command and human flourishing as well as to particular topics such as poverty marriage and singleness and biotechnology He also connects it with the broader doctrinal features of O'Donovan's project such as his accounts of creation sin and redemption and his understanding of the relationships between the cross and the resurrection on one hand and Christology and

pneumatology on the other Throughout Tranter indicates the implications of these themes for our understanding of the Christian life This volume establishes and evaluates O Donovan s influence on contemporary Christian ethicists and political theologians such as Luke Bretherton Gilbert Meilaender Jean Porter and Brent Waters and engages with critical readings of O Donovan such as those by Stanley Hauerwas and Gerald McKenny In conversation with these and other voices from a range of perspectives Tranter shows how O Donovan s proposals may be appropriated and amended as a resource for theology and ethics going forward

Theology and the Mirror of Scripture Kevin J. Vanhoozer, Daniel J.

Treier, 2015-12-09 In this inaugural volume in the Studies in Christian Doctrine and Scripture Daniel J Treier and Kevin J Vanhoozer set forth a programmatic proposal for evangelical theology rooted in the claim that the church s vocation is to mirror the witness of Scripture in its doctrine and discipleship

The Bible Reading of Young Evangelicals Ruth H.

Perrin, 2016-10-04 Young evangelicals in Britain often find themselves at odds with an increasingly secular society and yet the tradition persists and in some places flourishes Sociological studies into the faith of this demographic group are rare yet there is much to be explored as to how their faith functions and how it compares to other groups globally Similarly given the privilege evangelicals afford the biblical text how young believers engage with the ancient Scriptures they understand to be the word of God is particularly significant This work addresses that core question How do young evangelicals make sense of the Bible today Based on qualitative data gathered from three diverse evangelical churches it compares the reading priorities ordinary hermeneutics and theological concerns of young adults Presenting age related focus groups with challenging biblical narratives the study compares strategies for negotiating the texts based on age gender and churchmanship It provides a unique insight into the realities of Bible reading and the faith of Generation Y and gives food for thought not only to those with scholarly interests but also those with a pastoral concern to shape and sustain the Christian faith of young adults in Britain and beyond

The Pastor Theologian Gerald Hiestand, Todd A. Wilson, 2015-06-23

Pastoral ministry today is often ruled by an emphasis on short sighted goals pragmatic results and shallow thinking Unfortunately those in the academy tend to have the opposite problem failing to connect theological study to the pressing issues facing the church today Contemporary evangelicalism has lost sight of the inherent connection between pastoral leadership and theology This results in theologically anemic churches and ecclesial anemic theologies Todd Wilson and Gerald Hiestand contend that among a younger generation of evangelical pastors and theologians there is a growing appreciation for the native connection between theology and pastoral ministry At the heart of this recovery of a theological vision for ministry is the re emergence of the role of the pastor theologian The Pastor Theologian presents a taxonomy of the pastor theologian and shows how individual pastors given their unique calling and gift set can best embody this age old vocation in the 21st century They present three models that combine theological study and practical ministry to the church The Local Theologian a pastor theologian who ably services the theological needs of a local congregation The Popular Theologian a pastor theologian who writes theology

to a wider lay audience *The Ecclesial Theologian* a pastor theologian who writes theology to other theologians and scholars Raising the banner for the pastor as theologian this book invites the emerging generation of theologians and pastors to reimagine the pastoral vocation along theological lines and to identify with one of the above models of the pastor theologian

The Priesthood of All Believers and the Missio Dei Henry Joseph Voss, 2016-10-25 The priesthood of all believers is a pillar undergirding Protestant ecclesiology Yet the doctrine has often been used to serve diverse agendas This book examines the doctrine's canonical catholic and contextual dimensions It first identifies the priesthood of all believers as a canonical doctrine based upon the royal priesthood of Christ and closely related to the believer's eschatological temple service and offering of spiritual sacrifices chapters 1-3 It secondly describes its catholic development by examining three paradigmatic shifts shifts especially associated with Christendom chapters 4-6 and a suppression of the doctrine's missional component Finally the book argues that a Christian doctrine of the priesthood of all believers should be developed with a Christocentric Trinitarian understanding of the missio Dei This suggests there are especially appropriate ways for the royal priesthood to relate to the Father to the Son and to the Holy Spirit A canonically and catholically informed priesthood of all believers leads contextually to particular ecclesial practices These seven practices are 1 Baptism as public ordination to the royal priesthood 2 Prayer 3 Lectio Divina 4 Ministry 5 Church Discipline 6 Proclamation and 7 the Lord's Supper as the renewal of the royal priesthood

The Present and Future of Evangelical Mission Narry F. Santos, Xenia Ling-Yee Chan, 2022-07-15 Crisis is an invitation to both prophetic evaluation and new imagination In this volume Canadian missiologists and practitioners consider the past and how the past might enable the church to move forward in Christian mission in the academy agency assembly and the agora How can the Canadian church welcome different voices from the periphery What must be done to empower the next generation How can we respond in light of the injustices done to our Indigenous brothers and sisters Where does reconciliation fit into the picture How might we navigate between secularization and fundamentalisms How ought we move together in mission and in unity across denominational difference How can we equip laypeople to live their callings faithfully in the agora How can work in the marketplace be ministry And lastly how is the Spirit at work in our contexts in this day and age These questions among others onboard us into the ongoing conversation about the state of evangelical mission in Canada and each of these essays adeptly lead us into the beginnings of answers to these questions These essays address how the past informs our future and how we might answer the prophetic call with both hope and renewed vigor to participate in the mission of God

Revisioning, Renewing, Rediscovering the Triune Center Derek J. Tidball, Brian S. Harris, Dr Jason S Sexton, 2014-11-10 An international cast of theologians come together in this volume to offer essays in tribute to the late Stanley J Grenz one of the leading theologians of his generation Accordingly the volume includes timely explorations in some of the most exciting areas in contemporary theology It is only fitting that these very explorations revolve around the key motifs of Grenz's theology Trinity community eschatology and the key sources from which he drew for theology's

construction Scripture tradition culture While engaging key features seen in Grenz s work some of the essays here interact with Grenz s own writings reflecting on his theological journey and his contributions to evangelical theology In these ways this volume highlights the kind of evangelical theology that so many have experienced in recent years and of which Stan Grenz was a leading proponent Revisioning Renewing Rediscovering the Triune Center then makes a significant contribution to discussions in contemporary theology while itself setting out to honor the life and work of an eminent theologian who did so much for evangelical theology Wisconsin Lutheran Quarterly ,2005
