Modern Investment Management and the Prudent Man Rule Bevis Longstreth,1987-01-08 In recent years the field of finance has exploded with innovation New products services and techniques abound The risks of inflation the volatility of interest rates the deregulation of financial intermediaries and the unbundling of financial services have combined to present investment managers with challenges and opportunities far greater than in the past For trustees and managers of pension trust endowment and similar funds the task of meeting the challenges and exploiting the opportunities is much more difficult These fiduciaries must measure their investment decisions against constrained interpretations of a legal standard the prudent man rule that have caused it to lag far behind changes in investment theory and the marketplace Drawing on financial history a major opinion survey of institutional investors and comprehensive reviews of the law and of the lessons of modern portfolio theory for prudence this book presents a powerful case that the prudent man rule as elaborated in legal treatises and much of the case law would virtually compel a fiduciary to act imprudently in terms of financial theory and marketplace reality In proposing a modern paradigm of investment prudence the book uses illustrations drawn from such traditionally suspect categories of investment fiduciaries as securities lending real estate venture capital options and futures and repurchaser agreements An unusual examination of the interaction of the worlds of law and finance this work will be of interest to fiduciaries who are subject to some from of prudent man rule and all others including judges lawyers and investment managers who are called upon to interpret and apply that legal standard Proceedings of the International Workshop on Navigating the Digital Business Frontier for Sustainable Financial Innovation (ICDEBA 2024) Junfeng Lu,2025-02-22 This is an open access book Against this background the International Conference on Digital Economy and Business Administration in 2024 will establish three sub venues aiming to further deepen academic research and practical

discussions in this field This sub venue will delve into the development of digital economy and finance highlight practical experiences in digital financial ecosystem construction and explore the comprehensive impact of digital economy on the financial industry Additionally the sub venue will invite local innovative financial enterprises to share their practical achievements showcasing advanced applications of digital technology in financial services This sub venue looks forward to deepening the profound understanding of the development of digital economy and finance in this conference promoting scholars researchers and industry professionals to achieve deeper cooperation and innovation in this field This will not only contribute to the sustainable development of Hangzhou s digital economy and finance but also provide valuable experience and references for research and practices in the global digital economy and finance field promoting the sustainable development of the industry
